THE 5 P.M. EDITION.

SECOND EDITION NEWS ALSO ON PAGE FIVE.

COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

Valuable iron discoveries have been made recently in Cumberland, England.

A leading Sheffield steel works will erect buildings at Washington, Pa., and run a plant.

The cash value of Manitoba's products to the farmers this season totalled $40,000,000.

An agitation has been commenced to impose a royalty on shipments of Newfoundland iron ore.

The Rutland railroad will purchase thirty new locomotives. One thousand box cars have been ordered.

The output of gold ore in the United Kingdom in 1900 was the largest on record, being 20,802 tons.

The Northern Pacific railway's capital stock is placed at $155,000,000, which is all common stock.

There are now seven companies in Canada making pig iron. The capital behind these undertakings is about £7,000,000.

The British Columbia electric railway company has raised £150,000 for the establishment of an electric power plant at Cowichan lake, near Victoria.

The Brookfield gold mine, in Queen's county, N.S., has been purchased by American capitalists. The price paid for the mine was $275,000. It is said to be very valuable.

The Pittsburg, Pa., coal company has purchased $1,000,000 worth of mining property in the Hocking valley, thus preventing competition in the great coal trade in the Northwest.

The traffic on the Sault Ste. Marie canals between April and October showed an increase on the Canadian canal of 46 per cent., and on the United States' canal, of only 34 per cent.

LETTERS TO THE EDITOR.

Honor Where Honor Is Due.

Kingston, Jan. 16.—(To the Editor): The gentleman most entitled to it has not been mentioned in connection with the chairmanship of the board of education. W. Kelly, having by contest, (not appointment) secured a seat at the board two years prior to those mentioned as being equal in service with him, should undoubtedly, be unanimously elected to the position. This is doubly so in view of the treatment accorded him by last year's striking committee, and the manly way in which he took his medicine, as well as his splendid services to the board. The concensus of opinion is, that the board would be doing a proper act in recognizing his merit and electing Mr. Kelly as its chairman for 1902.—FAIR PLAY.

A Professor At Sea.

College professors, who are supposed to be the leaders of thought, sometimes fail to pay any heed to the everyday doings of the world. An instance might be cited. One of Queen's professors enquired of a student yesterday why all the rigs were standing around a certain house. He was told that a polling booth was located there.

"What for?" asked the professor.

"For the election," was the reply.

"What election?" came the question.

The professor explained that he had forgotten all about the election. Then he hustled off to find the booth in which he should mark his ballot.

St. Andrew's Annual Meeting.

The annual meeting of St. Andrew's church was held last evening. Satisfactory reports were read from the various church organizations. The Kirk session report showed St. Andrew's to have 605 communicants; thirty-three to have been received during the year; and twenty-three removed by death. The total amount of money subscribed during the year for all purposes was close to $7,000. W. G. Craig, John McIntyre, K.C., and Clark Hamilton were re-elected managers. Addresses were given by Profs. McComb, Marshall and Ferguson and Mr. McIntyre.

Made The Boys Happy.

Last evening as Hon. William Harty, M.P., came out of his residence to enter a cab waiting to convey him down street, seven boys lined up on the walk and gave three rousing cheers for the new member. Mr. Harty's hand sought his pocket and drew forth a crisp one dollar bill, which he handed to the oldest boy. Then there was a lively discussion as to how they would divide the money. Finally they decided to give each boy ten cents, and to spend the other thirty cents among them.

Will Have Two Rides.

Alex. Tyo won two election bets yesterday that afford him much gratification. By one William Dunigan must push him in a wheelbarrow from King street to the Grand opera house, Thursday evening next. By the other bet he receives a similar ride at the instance of Thomas Pelow. He declares his intention of having the terms of the bets fulfilled.

Militia Changes.

Militia changes announced to-day are:

5th "Kingston" field battery—To be 2nd lieutenant, provisionally, T. W. Rowland.

3rd (special service) battalion—Maj. and Lieut.-Col. J. S. Skinner, reverts to the command of the 14th regiment "Princess of Wales' Own rifles."

Hastening Back To The Fray.

Montreal, Jan. 16.—Word is received that mayor Prefontaine, at present in England, will sail at once for home, and make a vigorous fight for the mayoralty.

The second annual entertainment of Queen's university dramatic club will be given in the new theatre on the evening of January 31st, when "Hamlet" will be played.

A track has been bushed out across the ice, between the city and Wolfe Island.

A meeting of the Board of works was summoned for four o'clock this afternoon.

DIMMED BY BAD WEATHER

THE MEMBERS WERE BUSY DURING THE NIGHT.

The Royal Cavalcade on The Move From Marlborough House to Westminster—Many Commoners Were Ready.

London, Jan. 16.—The beauty of the pageant attendant at the opening of parliament to-day was dimmed by a raw, misty day and threatening rain. The members began to arrive at midnight, last night, for the purpose of securing advantageous places. By nine o'clock this morning the crowds began to gather along the route from Marlborough house to Westminster. Next to the presence of king Edward the interest everywhere centred in Col. Arthur Lynch, the newly elected member from Galway city, a warrant for whose arrest was issued in the Bow street police station yesterday on a charge of treason for bearing arms against the king.

The peers and peeresses in full court dress, arrived early at the house of lords. Among them were the prince and princess of Wales and members of royalty, who did not form a part of the royal procession which was reserved for the king and queen only.

It was at three o'clock when the royal cavalade, escorted by the yeomen of the Guards, left Marlborough house. A blare of trumpets announced the entrance of the royal party into the house of lords and everybody in the hall rose from their seats and bowed low. The king, assisting the queen, mounted the throne, the prince and the princess of Wales and the other members of the royalty taking chairs on the right and left of the throne. The Black Rod then walked to the house of commons, knocked on the door three times and summoned the members in the king's name. The speaker, followed by the chosen members, entered the house of lords without the usual scrimmage, as 400 members of the commons altogether, had been ruled out. The speaker of the commons and the king exchanged salutations, after which king Edward read his speech.

The king spoke as follows:

"Since the close of the last session of parliament I have had the happiness to welcome back the prince and princess of Wales on their return from a lengthened voyage to the various parts of my empire. They had everywhere been received by demonstrations of the liveliest affection, and I am convinced that their presence has served to rivet more closely the bonds of mutual regard and loyalty by which the vigor of the empire has been maintained.

"My relations with the other powers continue to be of a friendly character. I regret that the war in South Africa has not yet been concluded, though the course of operations has been favorable to our arms, the area of the war has been largely reduced and the industries are being resumed.

"In spite of the tedious character of the campaign, my soldiers have, throughout, displayed a cheerfulness in the endurance of the hardships incident to the guerila warfare, and a humanity, even to their own detriment in the treatment of the enemy which are deserving of the highest praise."

In conclusion the king said: "I pray that in the consideration of these important questions you may have the guidance and blessing of Almighty God."

The king's voice during the delivery of the address was strong, almost strident. It was easily heard throughout the chamber.

SMALLPOX SPREADING.

And a Toronto Loan Agent Is Doing It.

Toronto, Jan. 16.—In explanation of the outbreak of small-pox in Cambridge township and its spread, it is asserted, in a letter to the provincial board of health, that the agent of a Toronto loan company is carrying the disease around, having visited a house in which there were a number of cases. The disease is spreading from the original centres in Wellington and Wentworth counties. This morning seven cases were reported in Puslinch township and two in East Flamboro.

ANOTHER CHANGE.

The Liberal Declared Elected In Laval, Que.

St. Vincent de Paul, Jan. 16.—C. A. Wilson, government candidate, was elected over Mr. Leonard, conservative, by twenty-two majority. The vote was: Wilson, liberal, 1,653; Leonard, conservative, 1,631; majority for Wilson, 22.

Mr. Gohier, independent liberal, received only forty-seven votes.

And Yet Another.

Montreal, Jan. 16.—Laval is now conceded to Leonard, conservative, by sixteen majority.

IN SPITE OF SCANDAL.

Pan-German Leader, Forced To Resign, Re-Elected.

Vienna, Jan. 16.—Herr Wolf, the Pan-German leader, whose colleagues in the reichsrath recently insisted on his resignation on account of a social scandal, was re-elected to the reichsrath yesterday at a bye-election held at the Rantenau, Bohemia.

What The King Said.

London, Jan. 16.—In saying farewell to the guards, who are going to South Africa, king Edward said: "I trust your duties may not be so arduous as those which have been performed by the men who have gone before you, as I hope the war will soon be coming to a conclusion."

Yesterday's despatches made the king state that the war might be regarded as approaching a conclusion, which is a very different thing to what he actually said.

The Cataraqui bridge company has declared a further dividend of three per cent. upon capital stock, for 1901.

Mr. Carroll, M.P., for Kamouraska, is likely to succeed the late Mr. Dobell in the dominion cabinet.

Edward Willmot, son of Mrs. E. Willmot, University avenue, has left Buffalo for Hot Springs, Ark.

REV S. HOUSTON DEAD.

Passed Away at Belfast, Ireland, Jan. 3rd.

This afternoon Mrs. (Dr.) Campbell, received a cablegram announcing the death, at Belfast, Ireland, of her father, Rev. Samuel Houston, M.A., formerly of this city.

The deceased clergyman was born at Kilmorris, county of Antrim, Ire., sixty-eight years ago. His theological studies were pursued in McGee college, Londonderry. Shortly after graduation he came out to Canada, and accepted a call to a pulpit in St. John, N.B., where he remained three or four years. He afterwards labored in Raisin, Mich., Bathurst, N.B., Athelstone, P.

Q., and Kingston, Ont. He came here about sixteen years ago to take charge of the pastorate of Cooke's Presbyterian church. He remained the incumbent until May, 1899, when he returned to Ireland and took up the duties of Canadian emigration commissioner for the north of Ireland, with headquarters at Belfast. While in this city he was known as an active worker in temperance circles and also in the evangelical alliance.

Mrs. Campbell did not know of his serious illness. A letter received late in December stated that his health was fairly good. The deceased is survived by a widow, residing in Omaha, Neb., and seven children, viz.: Robert, in Toronto; Richard, David and James, and Miss Margaret, in Omaha, Neb.; William, in Indianapolis, Ind., and Mrs. (Dr.) Campbell, this city. The deceased was a splendid student of theological history, and the citizens will recall many of his writings in the daily press.

GALICIANS WANT SCHOOLS.

Manitoba Government to Uphold Liquor Act.

Winnipeg, Jan. 16.—The Galicians are making a move towards getting schools, and will apply to the government for aid.

A despatch published here this morning says that Duluth is to be connected by a direct railway line with Winnipeg next summer, by means of a road already under construction from Duluth, and the Canadian Northern.

Mr. Greenwood, of North Brandon, discussed the liquor act last night in the legislature. He made the announcement in behalf of the government that the present administration would live or die by the act as at present constituted, and that no compensation clause would be included. Mr. Greenwood justified the referendum and spoke of several ministers, who had been loud in their condemnation, as being unjust in their criticism of the government.

At a mass meeting of temperance workers, held last night, it was resolved that "This branch of the alliance hereby declares its purpose to give the government its full and hearty moral and political support in any appeal which they may make to the country when the liquor act becomes the issue, providing the act is brought into operation by June 1st, 1902, without any referendum, and vigorously enforced thereafter."

BRITAIN ABROAD.

Daily Telegraph Refers To The Country's Relations.

London, Jan. 16.—The Daily Telegraph, in an editorial dealing with the relations of Great Britain abroad and the re-opening of parliament, dwells upon the fact that Anglo-American friendship has been cemented by the sympathy evoked by the deaths of queen Victoria and president McKinley.

In the course of its remarks the Telegraph says genuine sympathy was entertained in this country for the United States in connection with the Cuban troubles, and that substantial marks of friendliness, which are yet official secrets, have helped to smooth the way for an honorable and satisfactory arrangement as to the management of the Isthmian canals.

BOER PEACE PROPOSALS.

Dutch Premier Has Interview With Salisbury.

London, Jan. 16.—A report, apparently reliable, has it that Dr. Kuyper, the Dutch premier, who arrived here on Saturday night, came for the purpose of discussing with lord Salisbury Boer peace arrangements.

The war office has been informed that the Boers are saving their strength with a view to striking several heavy blows just previous to king Edward's coronation, and thus spoil the festivities. They think that the resulting moral effect on English opinion would be helpful to their cause. Lord Kitchener has, therefore, been urged to redouble his efforts to terminate the war before the coronation.

Emperor May Visit America.

London, Jan. 16.—The Candid Friend (a weekly newspaper) claims to be in a position to make the announcement that should prince Henry's visit to the United States be as successful as expected, emperor William will visit America himself in the autumn with the Hohenzollern and a large escort of warships.

Because pope Leo will not agree to the plan designed by the emperor of Austria to visit the king of Italy, it is probable that the allied monarchs of Italy and Austria will not meet.

AN ENGINEER'S DELUSION.

JUMPED FROM FLYING TRAIN IN A PANIC,

And Was Fatally Hurt—Cried To Fireman, "Jump For Your Life! The Switch is Turned!"—There Was no Danger to The Train.

Peru, Ind., Jan. 16.—As the result of a strange hallucination J. E. Sible, an old and trusted engineer of the Wabash railroad, was fatally injured Tuesday night.

Sible was at the throttle of the locomotive of the limited, which was thundering along at a rate of forty miles an hour. When the lights of the town of Attica appeared the old engineer gave a start and shouted to Burt Frick, his fireman:

"Jump for your life, Burt. The switch is turned."

The sentence was not finished, for in an instant Sible had applied the safety brake, reversed the lever, and had jumped to escape the spectre his harrassed nerves had conjured up. The fireman followed, but was not injured. The train came to a stop, and Frick went back to find the engineer on the roadbed horribly injured.

There had been no danger to the train. The signal lights of the switch showed an unobstructed path.

According to the fireman, Sible had been more or less nervous since he was in a wreck at Lafayette some months ago.

VOTE TWO DAYS AHEAD.

So That Employers Cannot Interfere With Them.

Toronto, Jan. 16.—It was announced to-day that the crown lands revenue for last year was $1,634,000 or about $100,000 more than in 1900. The highest point was reached in 1892 when the total was $2,174,591, the bonus receipts in that year being about a million dollars.

Mr. Lee, the new member of the legislature from East Kent, will introduce a bill in this session providing that trainmen and mariners may vote at their places of residence two days before election day when necessary, the intention being to defeat the plan sometimes adopted by managers of railways and boats of sending their employees, who differ from them politically, to some distant point on election day.

VANISHED FROM HUMAN KEN

Paying Clerk And $15,000 In Cash.

St. Petersburg, Jan. 16.—A paying clerk of the Catherine railway was travelling the other day in a luggage van with £3,000 in cash, which had to be paid out as wages at the different stations on the line. At one of the level crossings the clerk went forward to the locomotive, and from that moment was never seen again. Ultimately part of a human heel was found in the furnace of the locomotive, and it is supposed that the engine-driver and stoker robbed the man and then burned his body.

FOR GENERAL PURPOSES.

Money Collected For The Alexander Mackenzie Memorial.

Montreal, Jan. 16.—Hon. Robert Mackay has handed over to the authorities of McGill university $9,000, collected some years ago, and was intended as part of a fund to be used in university work as a memorial for Hon. Alexander Mackenzie, one time premier of Canada. After holding the original amount for some years no further sums were forthcoming, so it was decided to hand over the amount collected to be applied to the general purposes of the university.

FOUGHT EACH OTHER.

Before Mistake Known Many Killed And Wounded.

New York, Jan. 16.—News of a serious mistake in which a force of government troops fought another body of government soldiers, thinking it was composed of Colombian revolutionists, has been brought to Colon, Colombia. The mistake happened in the vicinity of Dibullo, near Rio Hacha, and it resulted in eighteen men being killed and 63 wounded.

Vital Statistics.

During 1901 these vital statistics were registered at the office of the city clerk: Births, 321; marriages, 181; deaths, 378. The clerk is making out a list of delinquents who have failed to register births. They will be summoned before the police magistrate. The births, if all were registered, would greatly outnumber the deaths.

May Control Mills.

Belleville, Jan. 16.—A committee of the council has under consideration a proposal from senator George A. Cox for a transfer of the control of the rolling mills here. If the mills can be procured at a moderate rental a company in which the senator is interested will re-stock and operate the mills.

A Change For Vanderbilt.

New York, Jan. 16.—Milton Henry, who rode for J. R. and F. P. Keene, in England, last year, says that W. K. Vanderbilt has a good chance to win the English Derby this season with his American bred colt Eliesmere.

Organize In Canadian Cities.

San Francisco, Jan. 16.—The brotherhood of railway employees has decided that Chicago shall be its future headquarters. It was decided to place an organization in Montreal and Winnipeg.

Large size salt water herrings at Carnovsky's fish market.

R. J. Wilson will leave for Oshawa next week.

CHILBLAINS
