TERMS THEM FAKES

Unprincipled Doctors And Their ' Discoveries.'

A local physician, who is on intimte terms with the best surgeons of New York, states that all these ports about the cure of consumption by injecting serum from cattle affe ted with tuberculosis, etc., are simdy fakes and are originally paid adertisements. Within the past few days, a United States doctor is creited with caring a lady of consump tion by injecting serum from an "alleged" tuberculosis cow. The eminent lew York surgeons, he says, simply laugh at the reports in which there is about as much truth as the usual great "medical discoveries" by Yankee doctors, and which have never been heard of again, though the fake doctors become rich by them.
