It is generally the kids who complain they cannot find time to do that which they fancy they wish.

It is always safe to learn how good you are from your enemies; you never get the truth from your friends.

Why is it a dangerous thing to sit in the free seats at church?—Because you learn to be good for nothing.

A man who to leave his children look like him, but a woman would a great sight rather have them handsome.

The average woman's husband seldom comes up to her ideal; the ideal is most cases, but to come down to the husband.

### J. S. R. McCANN, 332 KING STREET.

### A Mean Man.

"It would never pay to introduce a branch of that hugging society, of which I read in the Whig a night or two ago, into our church," remarked a kind member of an ancient church last evening. "Why so?" he was asked.

"Because," he replied, "it would take us too long to raise any sort of a fund from the income, according to the tariff of rates imposed, there would be too many three cent returns." It was found, upon looking up the tariff of rates, that old maids could be hugged at three cents each, without a time limit. Wasn't he mean?

### Joe. Hiscock Is All Right.

Oh, yes, you bet he is. This morning he sent down to the hard working staff of the Whig a huge bag of delicious sweet oranges, and his famous "lion" brand at that, enough to go all around, and the eating of them has invited the kindest reflections. Everybody else looks like "Joe" to us now alongside of Joseph Hiscock. May his shadow never grow less.

## CORNERED THE BRITISH

### The Yeomanry Put Up a Gallant Fight

### BUT FINALLY SURRENDERED

### THERE WERE LOSSES OF LIFE ON BOTH SIDES.

### Refused to Accept the Service of Papers or to Defend the Actions Likely to Follow—The Cabinet Did Not Want to Consider the Proposals.

London, Jan. 23.—The yeomanry corps of the British army, which were ordered to march to the front on Sunday night, in the direction of Belmont, twenty miles north of Ladysburg, at dawn Monday, the patrol captured a hundred horses and three armed and four unarmed Boers. Later a small detachment of some natives were sent to cut forage sown by the Boers on a farm at Lindoukurst. The waggon were taken along. The escort consisted of twenty-five yeomanry and their officers were compelled to surrender. These have since returned to the camp. The British casualties were one man killed and seven wounded.

### Refused to Defend.

London, Jan. 24.—Mr. Brodick, secretary of state for war has refused to accept service of papers, on behalf of Gen. Kitchener, lord Milner and their subordinates in an action brought by Miss Schepers, to obtain damages for her recent detention by officials at Cape Town, and her deportation from South Africa. Mr. Brodick also refused to accept responsibility and defend an action brought by Miss Schepers, to obtain damages for her recent detention by officials at Cape Town, and her deportation from South Africa.

It is rumored in the lobby of the house of commons that a Boer delegate, from acting president Schalk Burger, last June, saw lord Rosebery and was appalled to obtain him. Lord Rosebery acquainted the premier with this fact but, according to this rumor, the cabinet declined to consider the matter on the ground that the war was coming to an end with the unconditional surrender of the Boers.

Telegraphing from Paris, the correspondent of the Times says that "Vives Guion, in Le Seicis, declares that French Angolophobes in a clerical majority, are appalled to obtain a chamber only by the right. Leyds and Kruger delegates, he intimates, will not attempt to secure peace and he further says that the prolongation of the war is not to England, but to the Boers.

The Times correspondent, telegraphing from Vienna, states that a semi-official character, opinion from Chamberlain's speech, that the English government is ready in theory to list to peace overtures from the Boers, although it would be difficult to open negotiations. The Boer hope for independence, says the correspondent, is mere infatuation which will be succeeded by fanaticism and despair.

The war secretary, Mr. Brodick, was asked by William Redmond (Irish nationalist) in the house of commons, why commander Schepers, captured by Gen. French, in October last, was executed last Saturday at Graaf Reinet, Cape Colony. The secretary replied that Schepers was shot because he had been convicted of various offenses against the laws of war, including seven cold blooded murders of natives and the flogging of a white man. Mr. Brodick added that the fact that commander Schepers was a prisoner of war, carried no exemption from trial for murder or other violations of the rules of war.

Mr. Balfour, the government leader in the house, partially parried an interesting question put by Mr. Larne, liberal, as to whether any proposals in behalf of the leaders of the Boers, with the view of bringing about a settlement of the war, had been received by the government since the negotiations between Gen. Kitchener and Gen. Botha. "No proposal of that kind," said Mr. Balfour, "has reached us on the part of any one able to speak for the leaders of the Boer forces."

The evasive reply of the government leader was taken to be a confirmation of the reports that proposals had been received from the Boer delegates in Europe but had been rejected.

### Because She Didn't Marry Him.

Brantford, Ont., Jan. 24.—A writ has been issued against Mrs. Harry E. Cooke, of Brantford township, for breach of promise of marriage.

The plaintiff is Thomas Hunter, Jr., of Townsend township. The defendant is the wife of Freeman Cooke, to whom she was married shortly before Christmas. Formerly she was a Miss Dougherty, and lived in Onondaga.

Hunter claims that the defendant promised to marry him, and that she afterwards refused. Mrs. Cooke denies the claim.

### To Purify Boxing.

New York, Jan. 24.—The American boxing association has completed arrangements for a meeting to be held to-morrow at which ways and means will be discussed of purifying the sport. Promoters of and participants in false fights are to be boycotted. It is believed that if the sport is put upon a more respectable basis, there may be some chance for its revival in this vicinity.

## CURIOUS DUELS IN HUNGARY.

### Two Servant Girls Fight With Carving Knives.

Buda Pest, Jan. 24.—Two curious duels have taken place here which show how all classes of Hungarian society are permeated with the duelling idea. Two peasants, Enrich Janik and Alexander Urban quarrelled at cards and arranged to fight a duel, which was conducted according to original methods. Both combatants were tightly blindfolded and they fired thus in the dark. Both pistols were loaded with jagged pieces of lead. Janik was wounded and died within a few minutes. When Urban reached the four seconds were arrested they declared they were only doing what "all gentlemen" did.

Two servant girls of Buda Pest loved the same soldier, and to settle their differences fought a duel over him. Four other servant girls acted as seconds. Carving knives were used as weapons and the combatants fought ferociously. Within five minutes after the duel began both were so seriously wounded the ambulance was called and the duellists were taken to the hospital.

### OUTWITTED HER PARENTS.

### Margaret Schley Elopes With Cousin of Her Choice.

Frederick, Md., Jan. 24.—Miss Margaret Schley, the seventeen-year-old cousin of admiral Schley, outwitted her parents and the law yesterday and eloped to Gettysburg, where she became the wife of Samuel Ramsburg, who has been paying court to her for some time.

Miss Schley left her home for school but instead met Ramsburg and took a train for York, Pa. They were arrested at Gettysburg, on a telegraph message. Not wishing to incur a so pretty a bride-to-be, the policeman took them to a hotel. They made their exit by a rear door, hired a team, and were married in Gettysburg, nine miles distant, when the officer caught up with them.

### A TORONTO NURSE TO GO.

### Miss Amy W. Scott, For South African Service.

Ottawa, Jan. 24.—Miss Chalmers, Adolphusville, appointed to go to South Africa as one of the Canadian nurses, will not be able to go, and Miss Amy W. Scott, Toronto, will go in her place.

Miss Scott is the late judge Gwynne's daughter. She is a young woman of life interest in the entire estate of \$53,000 to the widow. After her death, the estate is to be equally divided among the four children.

The crockery and pottery manufacturers waited on the customs department to-day and asked for a change from an ad valorem to a specific duty.

### TORN OUT AN EYE.

### Too Literal Reading of Scripture Command Proved Fatal.

Nashville, Tenn., Jan. 24.—Mrs. Dula Abney, 81, a young negro woman, died at her home, for it is the result of pulling out one of her eyes in a fanatical and literal interpretation of the scripture injunction, "If thine eye offend thee, pluck it out and cast it from thee, for it is better to go into heaven having only one eye than to suffer the torments of hell fire."

She became much excited over religious matters last autumn and since that time, it is said, she has been here for strange vagaries in religious work.

### BIG LANDSLIDE AT JUNEAU.

### Thousands of Tons of Rock Crush Flume.

Vancouver, B.C., Jan. 24.—An enormous landslide occurred in the basin above Juneau at 8 a.m. on January 13th. It is stated the slide was 700 feet in width. Thousands of tons of rock and dirt tumbled from the mountain above the Last Chance mine, crushing houses and completely demolishing it for a long time. One man was injured. The news was brought here by the City of Seattle, which sailed from Skagway last Friday.

### German Warship at Baltimore.

Baltimore, Md., Jan. 24.—The German residents of Baltimore have made elaborate arrangements for the entertainment of the officers and crew of the German schoolship Moltke, which arrives here from the West Indies. The vessel will make a stay here of one week and will then proceed to Annapolis, where the cadets will pay a visit to the United States naval academy. The Moltke is the first German war vessel to visit Baltimore.

### Herr Holleben, the German ambassador to the United States, has arranged to banquet the officers of the Moltke at the national capital and a trip will probably be arranged to New York city about the time of the arrival of prince Henry of Prussia, who is coming to this country to attend the christening of the emperor's new yacht.

### Emperor Much Concerned.

Berlin, Jan. 24.—Emperor William has been so much impressed by the widespread distress, caused by the inability of workmen to obtain employment, that he has expressed a wish that the customary illumination of public buildings on his birthday, January 27th, be restricted as far as possible, and that the money thus saved be devoted to charity. It is understood that his majesty is much concerned about the labor situation and that he has determined for the purpose of providing employment to order public works, which otherwise would be indefinitely postponed, to be commenced immediately.

### Extension Of Ontario Bureau Of Labor Duties.

Toronto, Jan. 24.—The debate on the budget was resumed in the legislature yesterday afternoon. Speeches were made by Mr. Thompson and Mr. Preston, and Dr. Barr had but commenced his contribution to the discussion when the house adjourned at six o'clock. Mr. Thompson, who is a bright speaker, repeated many of the opposition arguments and made a charge that the labor bureau was not useful, in that it failed to protect labor in a lock-out at Orillia. Mr. Preston spoke in his usual vigorous and argumentative manner, which is fast bringing him to the front among the debaters of the house. Dr. Barr found ground for congratulation in the form in which the public accounts were printed, but declared the committee did not give the opposition a fair chance in investigating accounts.

The following bill was introduced by Mr. Preston: A conciliation and arbitration act. This provides that on the request of the mayor or other head of a municipality in which a lock-out of a strike is threatened, the secretary of the Ontario labor bureau shall proceed to such municipality and use his best endeavors with all parties concerned to divert such strike or lockout.
