I had a good mother. I was associated with Ryerson, the greatest preacher in the Methodist churc in the early days. I used to attend their camp meetings. She Had Weak Lungs

Mrs. John McQueen Suffered Seve J--- Cured by Powley's Liquified Ozone.

I take much pleasure in giving my testimonial to the benefits I have received from the use of Ozone. I have been troubled with weak lungs for some time, Last March I took a bad cold, and in spite of all I could do it was getting worse. One day my husband went to the store for medicine, but failing to get the kind he wanted, the store-keeper recommended Ozone. I had taken a great deal of mediciae, but with very little benefit, but as I had nothing else I began to take it. When I had used one bottle and a half, I knew it was doing me good, so I took it as regularly as I could. It cured my cough and built me up in health and strength. I cannot speak too highly of Ozone.
