THE ARRANGEMENTS MADE

With the National Telephone Company of England.

London, Jan. 28.—In the house, yesterday afternoon, in reply to lord mayor Dimsdale, conservative member of parliament for the city of London, who had moved an amendment to the address in reply to the king's speech, asking for an enquiry into the government's arrangement with the National Telephone Company, Austin Chamberlain, financial secretary to the treasury, made a vigorous reply. He said that the government had had for the taxpayers, and result in chaos and confusion. The agreement was a fair and reasonable one and the company's charges would be limited. There would be real competition as regards speed, efficiency, and suitability in different services, and London would have a service not surpassed by any city in the world in these respects.

World's Oldest Policeman.

Chicago, Jan. 28.—Other cities may boast of their tall policemen, short policemen and fat "hobbies," but Chicago has the oldest police officer in the world. His name is Alexander Beaubien, and to-day he celebrates his eightieth birthday. Mr. Beaubien has the further distinction of being the first white child born in Chicago. That was when the little Indian papoose ran wild in the neighborhood of State street, or came to help for hands full of salt at the houses of the few white settlers. Mr. Beaubien has been a member of the police department since 1863. Recently he created a sensation by confessing a secret he had kept for sixty-nine years, namely the killing of an Indian of Black Hawk's tribe, who had threatened his uncle's life.

BOERS ARE SURRENDERING.

CONVINCED OF USELESSNESS OF RESISTANCE.

Vionel Was the Best Shot in the Free State Prior to the War—He is Now Raising Burgher Corps to Assist the British.

Wolkehoek, Orange River Colony, Jan. 27.—The garrisons of the block houses, along the line of the Orange River Colony, are noticeably alert owing to the proximity of Gen. Dewet. The wire entanglements are now very strong. Field cornet Bodes with three men surrendered to Col. Lean near Kurensburg, yesterday, bringing the news that the majority of Bodes' men are convinced of the uselessness of their resistance and will surrender within a short time.

The Boers are hard pressed for food now, owing to the fact that the British are occupying the grain districts. Twenty-five Ladybrand burghers took the oath of allegiance on Thursday, and eighteen more yesterday. Heavy rains are delaying the operations of the British columns, the swollen drifts making transport difficult.

Commandant Vionel who has been on parole for nearly two years and who has considerable influence in the Wynburg district, is now raising burghers to assist the British. Vionel was acknowledged to be the best shot in the Free State prior to the war.

Boers Gathered In.

London, Jan. 28.—Lord Kitchener, in a despatch from Johannesburg, dated Sunday, January 16th, announces that Col. Plumer captured thirty-six Boers last Saturday in the neighborhood of Spitskop (Spitskop), Natal River Colony.

Rounding Them Up.

Johannesburg, Jan. 27.—Gen. Viljoen and one of his adjutants have been captured north of Lydenburg, and another adjutant and a Boer prisoner were killed at the district of Pilgrim's Rest, from a visit to acting president Schallburger, and other members of the so-called Boer government at Steenokop, west of Lydenburg.

Gen. Methuen, operating from Fryburg towards the north of Swierkrans, has captured a Boer laager, taking twenty-three prisoners. He also captured eighty-five wagons and a large herd of cattle.

Major Colquhoun has captured seven burghers near Rustenburg.

Sorry For Non-Acceptance.

Wellington, N.Z., Jan. 28.—At meetings of the Maoris, held here, yesterday, resolutions were adopted protesting against German landers of British troops, and expressing regret that the British authorities could not see their way clear to accept the services of 2,000 native scouts in South Africa. The Maoris cheered for King Edward and colonial secretary Chamberlain.

SENATOR SNOWBALL

To Be Lieutenant-Governor Of New Brunswick.

RAILWAY MAY YET BE SOLD

IN SPITE OF PRESIDENT BOOTE'S DENIAL.

A Schedule of Rates Prepared For The British Yukon Railway—Company is Now Considering It—General Capital Notes.

Ottawa, Jan. 28.—It is now thought altogether likely that the Canada Atlantic railway will be sold to the New York Central railway. The report was denied on Saturday, but Dr. Seaworth, in the city, admits that negotiations are in progress.

Senator Snowball has resigned to accept the appointment as lieutenant-governor of New Brunswick. The officers of the railway department have prepared and submitted an amended schedule of rates to the British Yukon railway company which the representatives of the company are now considering.

Trooper L. W. R. Malloy, blinded in South Africa, will leave in a few days for the institute for the blind, Halifax, and will afterwards begin on his course for the Methodist ministry.

The only thing to prevent the purchase of the Canada Atlantic would be the failure to pay the money, said Dr. W. Seward Webb, at government house this morning, after he had announced that the purchase had been completed. He had another conference with J. R. Booth to-day to settle the details. All that remains to be done is enable the capitalists, whom Dr. Webb represents, to have possession of the road is to pay over the cash and have all the books of the company brought up to date, a statement made of all its affairs and the money will be paid over.

What the price is Mr. Webb would not say, nor would he tell the value of the new bonds issued, which will be made when the Canada Atlantic changes hands. The general effects of the sale will be that the Canada Atlantic, the Rutland, New York Central, Canadian Pacific, Quebec, Southern and Scotch Shore railways will be brought into close business relations. The Canada Atlantic, Rutland and New York Central will be practically one railway. A fleet of eight steamships, which have been completed, business between Ogdensburg and Chicago, will be taken off and in future will run between Depot Harbor, Chicago and Duluth. The change in ownership will not injuriously affect Ottawa.

THE MEAT CONTRACT.

Misinformation As To Where Goods Would Come From.

London, Jan. 28.—Replying to a question in the house of commons, last evening, secretary of state Brodrick said there was no truth in the report that a contract for meat for the troops in South Africa, had been given to a firm that was interested in Argentina meat. The contract had been allotted to a firm which had large interests in Australia. These people had given a written undertaking that so far as possible they would obtain the meat from the colonies.

The St. James's Gazette says it has the highest authority for declaring that Mr. Seddon, premier of New Zealand, was misinformed when he complained of the British government going to Argentina instead of to Australia for meat supplies. Not a single contract had been placed in Argentina by the war office, although the cold storage company, which had hitherto supplied meat to the troops, did place a few orders in Argentina owing to the voyage from Australia to African being longer than from Argentina to the Cape. The war office had, however, instructed contractors that they must give preference to colonial cattle.

PERTH PRESBYTERIANS.

Celebrate Anniversary—Rev. Prof. McComb Preached.

Perth, Jan. 28.—St. Andrew's congregation, Perth, Rev. A. H. Scott, M.A., minister, are engaging in the celebration of their handsome church edifice. This is one of the oldest and best equipped churches of upper Canada. Mr. Scott is a graduate of Queen's in arts and divinity. The congregation invited a Queen's professor, Rev. Dr. McComb, to be with them on the first Sunday of the observances, which are to run over some two or three weeks, as at the time of dedication. Last Sunday's services were most hearty throughout, the money responses were generous, and the new ecclesiastical year has been entered upon by the people of this historic congregation with much encouragement. A certain expectation marked the coming of the new professor of Queen's, who was special preacher of the day.

The congregation was pleased with his ministrations for their own sake, and not only so, but perhaps mainly for the sake of those who have been repeating suspicious questionings since the presbytery in which Perth is situated summarily severed the tie between one of its congregations and a minister who flouted into another fold those committed to the line with confidence in an institution for which it has done very much, if it is privileged with the assurance that all who receive instruction there have sounded the notes of the Queen's professor, who appeared in St. Andrew's pulpit last Sunday. As the anniversary season extends the observances have been announced, coupled with the names of Rev. Robert Campbell, D.D., Rev. G. Colborne Hoine, of Montreal, and Rev. John Crombie, D.D., clerk of the presbytery of Lanark and Renfrew, who are to be associated with the minister of the celebrating church.

ENDED HIS LIFE.

A Well-Known Dawson Man Cuts His Throat.

Winnipeg, Man., Jan. 28.—A Dawson, Yukon, special despatch to the Free Press, says: Thomas McKeon, cashier in the gold mine, Quebec, committed suicide by cutting his throat with a razor, at 11:30 on Monday.

He belonged to Leeds, England, and was in a bank in Halifax, Nova Scotia, before coming here in 1899. Middleton has not been in his office for several days. His accounts are short over \$3,000.

His desecration and suicide have created a great sensation, everyone believing him to be above suspicion. He was so worried that it is thought he was temporarily insane, when he committed the rash act.

STARTED FOR CAPE TOWN.

The Canadian Mounted Rifles Sailed From Halifax.

Halifax, N.S., Jan. 28.—Growth of citizens assembled on the streets this morning to see the C.M.R. and field hospital corps embark on the troopship Victorian. The weather was clear and cold. Troops were layed to the dock by militia bands and, after doing farewells, went on board in troops. The R.C.R. band played on the pier and a guard of honor was furnished from the same regiment.

Col. Evans received a number of messages wishing him and the troops good luck. At noon the board of inspection went through the ship and pronounced everything in perfect order. Two royal artillerymen attempted to stow away on the troopship, but were detected and brought on shore.
