DESPERADOES AT REST

The Recaptured Murderers Die In Jail.

MRS. SOFFEL MAY RECOVER

IN TOO SERIOUS A CONDITION TO BE MOVED.

Jack Biddle Makes a Confession—Says he and His Brother Could Have Escaped, But They Would Not Abandon the Woman—Love Letter Found.

Butler, Pa., Feb. 3.—John Biddle, one of the two condemned murderers shot after he and his brother Edward had escaped from the Allegheny county jail in Pittsburg, died at 7:45 o'clock Saturday night. His brother Edward died at eleven o'clock. John was shot in the arm, body and the abdomen. It was his abdomen wound that killed him. Mrs. Soffel, the wife of the jail warden who helped them escape, was shot in the breast. She is in a dangerous condition. It was intended to take her to Pittsburg but the physicians said she would die if moved.

A lost love letter from Edward Biddle to Mrs. Soffel, found in the snow near the scene of their capture, reveals the careful plot for the escape of the murderers from the Allegheny county jail. The letter clearly shows the hazardous undertakings of the infatuated woman to secure the escape of the Biddles. Since December 2nd, 1901, they had been making preparations to escape. The letter tells how Mrs. Soffel carried the saws to the cells of the Biddles. It shows the extreme infatuation of Mrs. Soffel for the murderer and burglar. It clearly shows as well the wonderful influence he had over her.

Mrs. Soffel fell in love with Edward Biddle in November. The murderer soon realized his power over her. It was not long until he started to write love letters to her. His affection was reciprocated. Mrs. Soffel fell madly in love with Biddle, and about the early part of December he proposed a plan of escape to her. She consented to lend her aid. Before December 14th they had completed all arrangements to escape from the jail. Then they learned of the governor's route. After this Edward Biddle almost persuaded Mrs. Soffel to fly with him and his brother. The contents of the letter show it was originally agreed that Mrs. Soffel was to leave the city for Canada. It shows the extreme infatuation of Mrs. Soffel for the murderer and burglar. It clearly shows as well the wonderful influence he had over her.

COLLEGE GIRLS SUSPENDED.

Eleven Sent Home From Depauw University. Indianapolis, Feb. 3.—Student circles at Depauw university, Green Castle, are much exercised over the suspension of eleven young women for violating the university rules against dancing. The suspension is to last two weeks and the young women are ordered to return to their homes. At the end of that time they may return provided they make personal application accompanied by a petition from their parents.

Broke Out Of Sarnia Jail.

Port Huron, Mich., Feb. 3.—Robert Thompson, the desperate young burglar who sawed his way out of the Sarnia jail about six months ago, and made good his escape, has been located through the efforts of chief of police Jarvis, of Sarnia. Through information received from the warden of the Nebraska penitentiary, it appears that the desperado is at present doing time in that institution. He is confined there under the alias of John Joy, but answers the description of the jail-breaker in every detail, even to the alias adopted. Thompson had been sentenced to ten years at Kingston, and within two hours of the time broke out. Efforts to secure Thompson's return will be made.

Warden Was Chloroformed.

Pittsburg, Feb. 3.—Former warden Soffel made the startling revelation Saturday that he had been under the influence of chloroform during the night when the Biddles broke jail. Mr. Soffel believes the drug was administered through the efforts of chief of police Jarvis, of Sarnia. Through information received from the warden of the Nebraska penitentiary, it appears that the desperado is at present doing time in that institution. He is confined there under the alias of John Joy, but answers the description of the jail-breaker in every detail, even to the alias adopted. Thompson had been sentenced to ten years at Kingston, and within two hours of the time broke out. Efforts to secure Thompson's return will be made.

UNBEARABLE SOCIETY TAX.

Cost and Number of Wedding Presents Produce Protest. London, Feb. 3.—The enormous cost and number of wedding presents now showered on society brides have brought out a vigorous protest against what is termed the "unbearable society tax." The Daily Mail declares that "the extent of American and South African millionaires' tendency towards reckless expense and ostentatious display in wedding presents has steadily grown, until now it is nothing less than a social evil."

Murdered For \$7.

Chicago, Feb. 3.—C. Harz, a prominent north side liveryman, was shot and killed on Saturday by Edward Loughlin, one of his drivers. Loughlin escaped, but later was captured and admitted shooting Harz. The shooting resulted from a dispute over \$7, which Loughlin claimed was due him. Harz is said to have been the largest cab owner in Chicago. His estate is reported to be worth \$300,000.

Lord Lytton Engaged.

London, Feb. 3.—The engagement is reported of Lord Lytton to Miss Pamela Snowden, a young lady who has been reported to be engaged at least half a dozen times. But this time it is believed to be correct. Lord Lytton is still a young man, although one of the London weekly papers came out the other day with a portrait of his father instead of himself as the second of the address in the house of lords.

GET SICK OF THE WAR

Hope That The British Will Grow Weary.

THIS IS WHY BOTH FIGHT.

READ THE SPEECHES DELIVERED IN ENGLAND.

To Purchase Beer Farms—No Free Lands, But Government Will Assist British Emigrants.
Standerford, Feb. 3.—Gen. Botha, with a strong force, is reported to be about twenty miles east of the Ermelo blockhouse line.
Gen. Dewet has been located seventeen miles south-east of Heilbr. He also has a large force with him.
Gen. Botha, in the course of conversation with one of the chief commandants recently, admitted that there was no further hope of intervention nor any hope of victory, but that he was persisting in the struggle in the hope that the British would get sick of the war.
Commandant Erasmus, now a prisoner here, stated that one of the reasons for the Boers still remaining in the field was the issue of a proclamation reproducing some conciliatory speeches delivered in England, and suggesting an offer of certain terms.
These speeches were quoted by the members of the government as affording encouragement.

TO PURCHASE BEER FARMS.

London, Feb. 3.—The Daily Mail has the following from Cape Town: With reference to Mr. Chamberlain's statement in the house that the land question could not be dealt with before Lord Milner's proposals arrived, I have good reasons for believing that some little time must elapse before this can happen.
It is, however, more or less of an open secret that the government will be asked to raise or guarantee a loan for the purchase of farms, some of which are already being surveyed.
These farms will be taken up by British or colonial, preferably by those who have fought in the war. A thorough knowledge of agriculture will be essential, and there is no doubt that emigration will be assisted in a number of cases from the mother country.
There will be no "free" land, and hence a certain amount of capital will be needed by all those intending to settle.

HORIBLY MANGLED.

Foot Caught in Cordage—Was Dragged Along.
Antwerp, Feb. 3.—Lieut. Von Seigfeld, a distinguished military aviator, made an ascent at Potsdam, Germany, yesterday, with the intention of reaching an altitude of 15,000 feet, and experimenting in artificial respiration. He expected to land in Hanover, but a strong gale carried him here in five hours. He crossed the river Scheidt, here, almost touching the tops of the chimneys when it was fifteen feet from the ground, and was slightly hurt. Lieut. Von Seigfeld's foot caught in the cordage and he was dragged 200 yards. Some passengers finally stopped the balloon, but Lieut. Von Seigfeld was then dead. His body was horribly mangled. The balloon covered three miles in the last minute.

POPE MAKES FUNERAL PLANS

Tomb is Ready—He Constantly Talks Of Death.
Rome, Feb. 3.—The recent revival of the publication of reports of the imminence of the pope's death has led to inquiries being made of the chevalier Caccia, valet-de-chambre to his holiness. The chevalier declared that the pope's health is excellent.
"But," he added, "my master for some time past has spoken almost solely of his mortal end as though it were very near. The pope concerns himself daily with the questions of his death and successor. He has settled all arrangements for his funeral down to the minutest details. He says that the members of his family and not the Italian government must ask the necessary permission for interment in the basilica of St. John Lateran. A monumental tomb is ready. It is the work of the famous sculptor, Giuseppe Lodi, and has cost 300,000 lire, which has all been paid."

KNIFE WAS POISONED.

Inoculated With Anthrax in Fricking a Pimple.
Waterloo, Ont., Feb. 3.—William Leim, Elmira, a veterinary surgeon, died suddenly as a result, it is believed, of anthrax poisoning. A week ago Saturday Mr. Leim before a post-mortem on the carcass of an animal on the farm of Mr. Cousland, near Weisenberg, diagnosing the case as one of arsenic poisoning, the same case which A. B. Campbell, V.S., of Berlin, on Saturday, pronounced an thrax, one of the most fatal diseases cattle are subject to. On Saturday last Mr. Leim picked a pimple on his forehead with a knife, supposed to have been used in connection about a week previous. Before many hours his forehead was one large burning sore, and boils and carbuncles characteristic of anthrax broke out in different parts of his body. All efforts of the local medical men to give him relief were in vain.

FARMER DROWNED.

St. John, N.B., Feb. 3.—Frank Rebe aged twenty-four, farmer, of Gagetown, was drowned Saturday evening when driving home on the ice from Fredericton. His two horses were also drowned. His brother was with him and was rescued by two men crossing the river at the same time.
The city will lose a lot of money in making Princess street passable. In some places on that thoroughfare the snow is six feet deep.

THE GREAT SNOW STORM.

Railways Are Much Delayed at Many Points.

Montreal, Feb. 3.—The snow and wind storm which commenced on Saturday, and has been raging ever since, gave some signs of moderating about noon, although the light snow continued to drift a great deal. The railways are in very bad shape and few trains are running. The Montreal street railway is making the fight of its life to keep cars running and so far succeeded fairly well.
Brantford, Feb. 3.—A snow storm, accompanied by a very high wind, set in here yesterday and continued all night. The snow drifting badly to day the roads are all blocked and railway travel is badly delayed.
Halifax, N.S., Feb. 3.—The worst storm of the season is in progress here. A heavy gale of wind from the south-east blew over this city Sunday and toward evening the wind increased. In force accompanied by snow. Travel is greatly impeded. The wind has reached a velocity of fifty miles an hour. The homeward bound mail steamer Parisian, from St. John, arrived early last evening and had to anchor in the stream on account of the storm. The new steel ferry steamer Scotia, being overhauled here, broke from her moorings and carried away a portion of the marine and fisheries wharf. The steamer was secured by a tug and taken to a safe anchorage. There is a tremendous sea in the harbor and the Dartmouth ferry steamer have stopped running.
Ottawa, Feb. 3.—The storm which struck Ottawa Saturday night, put the street cars out of business for the first time since they began running. Although many big storms have raged here, yesterday was the most troublesome. The snow was heavy and abundant, and a high wind blew most all the time. The electric trolleys kept part of the system open but last night the cars were not put out about, and this morning only on the main street are the trolleys able to run. The snow is being rapidly taken from the tracks and the cars will be running again this afternoon.
Montreal, Feb. 3.—The Grand Trunk was unfortunate in having a couple of accidents to assist the elements in delaying their trains. A suburban train was derailed at St. Henri, just outside of Montreal, and a snow plough between the two accidents and the storm trains were in consequence much delayed. The troubles were unattended with personal injuries to anyone.
The C.P.R. Vancouver express was stalled at Ste. Scholastique all last night until ten o'clock to-day. A number of western C.P.R. officials were on board. The drifting snow continues to make much trouble in keeping the rails clear.
