FOR THROAT AND LUNGS

A SUPERIOR REMEDY

In Angier's Petroleum Emulsion is combined two most valuable remedies, Petroleum and Hypophosphites. The Petroleum, as prepared by us, is a pure, bland hydro-carbon oil, almost tasteless, and agreeable to the most delicate stomach. This oil has a peculiar soothing, healing and cleansing effect upon the mucous membrane of the throat, lungs, stomach and bowels. Combined with Hypophosphites of Lime and Soda in a perfect Emulsion, it makes a preparation which physicians say is superior to any other for the treatment of throat and lung affections, nervous diseases, disorders of the digestive organs, and all forms of wasting diseases.

Is better than cod liver oil in every way, and has great medicinal value not possessed by animal oils. By its soothing, healing and cleansing action upon the stomach and bowels the digestive organs are kept in a healthy condition so as to perform their functions naturally. It cures the most stubborn coughs, and soothes and heals any inflamed or catarrhal condition of the throat, lungs or bronchial tubes, and at the same time tones up the nervous system and builds up the health and strength generally.

WEAR LUNGS AND CONGESTION :- I have been afflicted with weak lungs and congestion for many years, and have tried many remedies without receiving any benefit whatever. This winter, my health was in a more precarious condition than ever before. I was induced to try Angier's Petroleum Emulsion. It immediately relieved me and has since cured me. I cannot but think that your Emulsion is the greatest remedy in the world for all R. W. HEPPSON, Toronto, Ontario. diseases of the lungs and throat.

CAUTION:—The phenomenal success of ANGIER'S PETROLEUM EMULSION has been the means of producing many untried and worthless imitations. Always be sure you get the genuine ANGIER'S Petroleum Emulsion, as imitations made with the ordinary Petroleum do not have the same effect. Angier's Petroleum Emulsion is made from oil obtained from particular wells and refined by a peculiar process, which is known only to the manufacturers of Angier's Petroleum Emulsion. All druggists sell it. Two sizes, 50 cents and \$1.00 a bottle.
