EACH 100 YEARS OLD.

Many analyses of cheap cough mixtures and rough and throat lozenges have a learly proven that a large proportion of them contain opiates. The temporary relief which these cheap medicines often give in coughs and colds, especially with the little children, is because "the opiate, by destroying the nerve sensation, the irritation in the throat, which causes the cough, is temporarily removed, but the real cause of the old is not in any way removed

by the opiate and will promptly return. The best thing to use to remove the catarrhal secretion which causes the cold, the hoarseness and irritating cough, is a new preparation composed of antiseptics like Eucalyptol, Red Gum of Eucalyptus tree, Blood Root, etc., under name of Stuart's Catarrh Tablets, which contain no opiate, cocaine or poisonous drug of any sort.

A mother living in Charleston, Mass., the happy possessor of four children, writes: "Every fall and winter I have laid in a stock of cough medicines, croup mixtures, and throat remedies for my little children, for somehow or other they never seemed to be free from colds, croup or sore throat.

"This fall I made a change in the usual program. I had myself been cured of an ob-"stinate catarrh, from which I had suffered for years, by Stuart's Catarrh Tablets, and as they were pleasant to take I determined to try them with my children. Our family physician told me he knew them to be perfectly safe and nothing better could be taken. So I gave them to the children and have continued to do so ever since, whenever there is the least sign of croup or some throat, and I no longer dread the approach of cold weather as I once did.

Stuart's Catarrh Tablets not only cured me of chronic nasal and throat catarrh, but

e use of Cough Medicines for Children's Coughs and Colds.

they have saved me many an anxious night with my little ones."

Mr. A. R. Fernbank of Columbus, Ohio, says: "I suffered so many winters from Catarrh that I took it as a matter of course, and that nothing would cure it except a change of climate, which my business affairs would not permit me to take.

"My nostrils were almost always clogged up, and I had to breathe through the mouth, causing an inflamed, irritated throat. The thought of eating breakfast often uauseated me and the catarrh gradually getting into my stomach, took away my appetite and digestion.

"My druggist advised me to try a 50 cent boy of Stuart's Catarrh Tablets, because he said he had so many customers who had been cured of catarrh by the use of these tablets, and he felt he could honestly recommend them. I took his advice and used several boxes with results that surprised and de-

"I always keep a box of Stuart's Catarrh Tablets in the house and the whole family use them freely on the first appearance of a cough or cold in the head.

"With our children we think there is nothing so safe and reliable as Stuart's Catarrh Tablets to ward off croup and colds, and with older people I have known of cases where the hearing had been seriously impaired by chronic catarrh cured entirely by this new remedy."

People who have used sprays, inhalers, salves, and washes for catarrh and have found how useless they are, will be agreeably surprised at the results following the use of a pleasant internal remedy in tablet form. Druggists everywhere admit that Stuart's Tablets, which they sell at 50 cents per package, is the safest, most effective and popular of all catarrh remedies.

SCHOLLINBERGER ESCAPES

Man Arrested In Chicago Jumps Through Window On Train. Baltimore, Md., Feb. 11 .- A daring escape of a prisoner from a railroad train just outside of this city was reported to the local police department. N. George Schollinberger, under the charge of United States deputy marshal Edward St. Clair, left Chicago over the Baltimore & Ohio railroad en route to Philadelphia, where Schollinberger is wanted on a charge of violating the oleomargarine law. According to the deputy marshal's story, shortly after the train left the roads were shovelled out. John Bak mented judge passed away before reach story, shortly after the train left the er has been confined to the house for ing this motion in his calendar, and city Schoffinberger went into the toilet some time through ill-health.
