The annual exhibition of the Kingston branch of the Woman's Art Association of Canada was held at Kirkpatrick's Studio on Monday, Tuesday and Wednesday afternoons. The attendance was larger than on any previous year and the members expect the proceeds to cover all exenses,-a financial state of affairs that has not hitherto been realized. Local art critics pronounce a decided improvement in the work done by the association this year. The improvement in the Gibson pictures was especially marked. Praise is also due to Miss Baker, of Portsmouth, for her two clever modellings in clay which were much admired. It is to be regretted that there was no china exhibit, as we have some experts in ceramic art, but it is noped that this branch will be represented next year. Much credit is doe to Mrs. Nash, Mrs. Power, Mire Machar, Miss Fraser, Mrs. Strange, Mise Drummond, Miss Fairlie, and other members of the local sketch club, for the success of the exhibition and afternoon teas
