

RAW WINDS AND WET WEATHER cause the Colds that cause Pneumonia and Consumption. Shiloh's Consumption Cure cures the cold, heals the lungs and makes you well.

Can't Afford to lay up with GRIPPE. The active business man is just as liable to take cold as anybody—and because he feels he cannot afford to "lay up" with it, he neglects it—and a neglected cold leads only to Grippe—and Grippe to the open grave. UWANTA GRIPPE CAPSULE nips a cold in the bud—you feel its good effects in a jiffy, and it cures like magic—no need of laying up—it heals while you work.

Burdock Blood Bitters. CURES SCROFULA. Mrs. James Carr, Umfreville, Hastings Co., Ont., says: "My little boy, two and a half years old, was in a terrible condition and suffered a great deal from scrofulous sores. My husband bought a bottle of Burdock Blood Bitters for him and gave it to him, and by the time he had finished the second bottle there was not a sore to be seen. On account of this wonderful cure I can honestly recommend B.B.B. to all who suffer from any disease arising from bad blood.

The Toronto General Trusts Corporation. Office and Safe Deposit Vaults. 99 YONGE STREET, TORONTO. Capital, \$1,000,000. Reserve Fund \$200,000. President: JOHN HOSKIN, Q.C., LL.D. Vice-Presidents: HON. S. C. WOOD, W. H. BEATTY, Esq. J. W. LANGMUIR, Managing Director. A. D. LANGMUIR, Assistant Manager. JAMES DAVY, Secretary.

CANADIANS DRIVEN OUT. COLLECTOR IVEY OUSTED THEM FROM ALASKA. Stopped Pelagic Sealing—Treasury Department Ordered Him To Rescind Orders, but He Declined. Washington, Feb. 26.—Some time ago the secretary of the treasury received unofficial information to the effect that J. W. Ivey, collector of customs at Sitka, had instructed his clerks at Unalaska not to permit Canadian vessels, presumably about to engage in pelagic sealing, to obtain supplies at that port. The collector was directed to send a statement of the facts to the department, and was informed that if such orders had been given they must be rescinded.

Can't Afford to lay up with GRIPPE. The active business man is just as liable to take cold as anybody—and because he feels he cannot afford to "lay up" with it, he neglects it—and a neglected cold leads only to Grippe—and Grippe to the open grave. UWANTA GRIPPE CAPSULE nips a cold in the bud—you feel its good effects in a jiffy, and it cures like magic—no need of laying up—it heals while you work.

DEAR PROVISIONS. Cost of Living in the Klondyke is High, So Galt Lady Writes. A gait lady at Dawson City, writing to friends at home, has this to say of the cost of provisions at the Klondyke capital: "Well, here I am in Dawson City, the wonderful and most interesting thing I find, is the tremendous price you have to pay for everything. I went shopping to-day and here is the price list of a few things: Fifty pounds of potatoes, \$7.00; a bushel, \$5.00; live chickens, \$1.00; duck, \$2.00; broom, \$1.25; an ordinary china bowl, \$2; rocking chair, \$10; half dozen cups and saucers, \$5; a small loaf of bread, 25c; butter, 75c per pound; tea, \$1 per pound; coffee, \$1 per pound. Every other vegetable is grown here, and I am getting used to paying \$2 for a cabbage head, 25c for a cucumber, 5c a pound for tomatoes, 25c a head for lettuce, two bunches radishes, 25c; sausage, 30c a lb.; cheese, 75c a lb.; soda biscuits, 75c a box; oranges, \$1.50 a doz.; two little cans of cream, \$1, and I never anywhere saw such tempting displays of meat, fish, poultry and canned goods. There are large quantities of cooked meats, fowls, fish, ducks, (wild), all decorated with lobsters and shrimps.

Ice Broke A Window. This forenoon the ice on the roof of George Mills' hat store came in a great slide to the pavement. One large piece struck a wire and bounded through the plate glass window of the store. The ice was over a foot in thickness, and had anyone been struck by the deluge he would certainly have been killed. Thomas McKay, who owns the store, had no insurance on the window. There are many other roofs quite unsafe to walk under, owing to the ice not having been removed.

Two More Dogs Poisoned. Two more dogs were found dead this morning in the vicinity of the court house, making about twenty in all that have been poisoned in that locality in less than that many months. All being valuable animals. F. A. Fox has offered a reward of \$25 for information leading to the identity of the person guilty of the offence. All the dogs died of strychnine poisoning.

THE UNION DISBANDED. Because The Strike Money Was Not Paid. The local union of street railway employees has been disbanded because of unfair treatment accorded the members. One condition of the union was that the men, when on strike, would receive \$5 a week from headquarters. Naturally the local members, when out on strike last summer, asked for this money, which was not forthcoming. They then concluded that there was no lety object in supporting an organization that did not fulfill its promises. When the big strike of street railway employees was on at St. Louis, an appeal was made to the Kingston union for assistance. The twenty-five members contributed \$1 each and forwarded the money to St. Louis. If there is any means of reorganizing under a Canadian union, the local street railway men will like to combine again, as they realize the strength of union.

Wife Was Badly Burnt. TURCOTTE THEN TOOK DOSE OF CARBOLIC ACID. He Died In A Police Station Whether He Was Taken After Being Secured in Garret of The House. Montreal, Feb. 27.—At 2 a.m., to-day, Leonard Turcotte, veterinary surgeon, threw a lighted lamp at his wife and her clothes took fire. She was so badly burnt that she will likely die. Turcotte then took a dose of carbolic acid and crawled into a garage. Upon being found by the police he was taken to the police station, where he soon died. Turcotte went home last night intoxicated and on awakening with his wife, and ended the agreement as described above. They resided at 67 St. Andre street. The Quebec branch of the dominion alliance met to-day and a resolution was introduced with the object of offering what assistance it can to the Ontario branch in its contest for prohibition and against the Ross referendum. The resolution has not yet been acted upon. C. F. Sise, president of the Bell telephone company, has been elected a member of the Canadian board of the North British and Mercantile insurance company. That company has also decided to reconstruct its head office building in this city and add two storeys.

Result of Consideration of Napanee Protest Against Deseronto. The executive of the Quinte district hockey league met at Napanee last night to consider the protest of the Napanee club against the game played in Deseronto a week ago. The protest was laid out by Burke, of Deseronto, and the manager of the Napanee team called his men off, claiming that there was a conspiracy to also "lay out" another Napanee player. The protest was ruled out of the league and the game awarded to Napanee. After a lengthy discussion it was decided to censure Burke, and to order that the game played over on Deseronto ice, if available, and if not, at Belleville, the date to be arranged by the managers of the Napanee and Deseronto clubs.

They Canned Him. Yesterday afternoon the employees of Livingston Bros', tailoring establishment presented a petition, signed by J. J. Crawford, with an aggressive address and a gold-headed cane, suitably inscribed. The presentation was made by Frank Cook, on behalf of his fellow-employees. Mr. Crawford made a suitable reply, stating that the relations had existed among them and hoping that they would still continue.

One Ton of Mail Matter. Over one ton of mail matter was received at the Kingston post-office this morning, of the trains from east and west. It kept the staff pretty busy handling it. The mails this week have been exceptionally large.

Wife Was Badly Burnt. TURCOTTE THEN TOOK DOSE OF CARBOLIC ACID. He Died In A Police Station Whether He Was Taken After Being Secured in Garret of The House. Montreal, Feb. 27.—At 2 a.m., to-day, Leonard Turcotte, veterinary surgeon, threw a lighted lamp at his wife and her clothes took fire. She was so badly burnt that she will likely die. Turcotte then took a dose of carbolic acid and crawled into a garage. Upon being found by the police he was taken to the police station, where he soon died. Turcotte went home last night intoxicated and on awakening with his wife, and ended the agreement as described above. They resided at 67 St. Andre street. The Quebec branch of the dominion alliance met to-day and a resolution was introduced with the object of offering what assistance it can to the Ontario branch in its contest for prohibition and against the Ross referendum. The resolution has not yet been acted upon. C. F. Sise, president of the Bell telephone company, has been elected a member of the Canadian board of the North British and Mercantile insurance company. That company has also decided to reconstruct its head office building in this city and add two storeys.

INCIDENTS OF THE DAY. Navy Paragaphs Picked Up By Reporters on Their Rooms. Hats for spring wear. Bibby's George H. Langman, Hamilton, is a visitor in the city. The Ontario legislature is expected to adjourn next week. Mr. and Mrs. William Wilson, Gananoque, spent to-day in the city. Fresh caught codfish, not frozen, out in stacks at Carnovsky's. How would you like to be the machine agent? There's millions in it. Farmers are preparing for sugar making, which will begin next week. Principal Grant is still remaining in Toronto. He will not likely be home till next week. Some of the city streets are almost devoid of snow, and would be used to advantage. Mrs. Gilbert Johnson, Montreal, is spending the week with her daughter, Mrs. R. J. McKelvey. Hon. William Hartly and John Carson are in Toronto in the interests of the local electric railway bill. Major Gallows, class instructor in the 1st regiment, has been postponed until next Tuesday night. John Daly, Rideau street, has sold for a good figure his trotting mare Julia D. to J. Asseltine, Verona. Frederick Lapin, of the same street, is expected for some weeks to leave that institution to-day for home. A fresh stock of ciscoes, kippers and bladders, received to-day at Carnovsky's fish market. Three barrels of sawdust were offered for sale on the market this morning by a Pittsburgh township farmer. The board of works met this afternoon at four o'clock and the water works committee at half past four. E. J. Reid, undertaker, has purchased in the city a splendid team of black horses. They are one of the finest spans in the city. Mr. and Mrs. J. B. Walkem returned this afternoon from Schenectady, N. Y. The condition of Mr. McEllen, their niece, is much improved. All that's new in hats. Bibby's. Subscriptions for the Grant convocation hall are coming in from as far west as the Pacific coast. This morning \$100 came from Vancouver, B.C. Arriving every morning at Carnovsky's, young onions, lettuce, radishes, parsley, rhubarb and celery. Aunt Jimmie extends a cordial invitation to all to call at Jas. Reiden & Co.'s store and try her celebrated pancakes. She will be there till Saturday evening. If merchants would have the roofs of their stores cleared off in the early morning, when there are few pedestrians on the streets, it would be more satisfactory. Instead, this week is left till the afternoon, causing great annoyance. "Barrington" hats only at Bibby's. This morning Mrs. Mary Dunlop, an elderly, took out information at police headquarters charging three boarders, two young women and a young man, with the theft of \$26. The complainant says the money was taken from her bedroom last night.

Christopher-Jenkins. On Tuesday evening in St. James' church the marriage was solemnized of Miss Edith, eldest daughter of Mr. and Mrs. Jenkins, 63 York street, to Harry Christopher, Lemoine's Point. The ceremony was performed by canon Macmorris. The bride was attired in grey silk. Her sister, Miss Lillie, was bridesmaid. Stewart Christopher, brother of the groom was best man. After the ceremony, a sumptuous repast was served at the residence of the bride's parents. The guests numbered between forty and fifty. The night was spent in merriment. The bride was the recipient of many handsome presents.

He Worked "Goo-Goo Eyes." New York, Feb. 27.—John Queen, a minstrel and well-known writer of negro songs, died from pneumonia on Sunday at St. Vincent's hospital. He was the author of "Goo-Goo Eyes," and was the third of his particular set, his predecessors being "Billy" West and "Billy" Emerson. It is said that when George Primrose first heard "Goo-Goo Eyes" he said to Mr. Queen: "I'd give you \$100 for it, but Queen an hour before had accepted \$15 in advance royalties from another man."

We Save You Money. If you get your spring hats here, Bibby's.

SKELETON IN THE WALL. Light On a Murder Mystery of Forty Years' Standing. South Troutburg, N.Y., Feb. 27.—A mystery, more than forty years standing, is revived by the finding in this village of the skeleton of a man firmly fastened in the wall of Stephen Van Demark's house. The wall had apparently been built about the body and the plaster chipped and carefully set around it, so that it was as well protected as if it were in a hermetically sealed coffin. The skeleton was standing upright. The strange disappearance forty years ago of Louis Schwartz, a Jewish pedler, Schwartz came here during the early days of the civil war. He had a large stock of rings, watches and many jewelry, and he did a good business. He put up at a tavern and exposed his wares without the least worry as to possible consequences. The pedler went out one morning, and his continued absence began to cause anxiety at the hotel it was found that he had left in his room a half-finished letter to a relative in Germany, and the larger part of his stock of jewelry. Everything looked just as though the pedler had stepped out of his room expecting to return in a few minutes and finish the letter.

Strathcona Is Booming. Strathcona, Feb. 26.—The usual spring moving is taking place. Mr. Burman has moved to New Hamburg and M. C. McColl takes possession of his house. At least one dozen families are shifting their household effects to get more comfortable quarters. At least ten new houses are needed here. Any person having a few hundred dollars to invest cannot find a better place than Strathcona. For instance, Mr. Raven, Deseronto, built a neat little dwelling, which cost (lot and all complete) cost only \$600, and the same result for \$72 per year. A great number of laborers at the cement works and paper mill have to reside in Newburgh, which makes it very inconvenient for both the employer and employee. Frank Keho is returning with his family from the East. At present only one machine is running at the paper mill, but as soon as William Finlay returns from the States, and will call for more will be the cement works is also very short of men; which promises "good times" in the little village another summer. George Madden's store is now complete and fully equipped, and has a trained and experienced manager. The "cold storage" in connection with the store is equal to any in the city of Kingston or Toronto. Mr. Richard's infant son is seriously ill. James Maddie, Homer Granger leaves for his home in Cranby, Minnesota, on Tuesday. Solomon Sweet is able to be out. The successful last week was a decided success under the management of the "willing workers." Miss Eva Lott will soon be able to return home. This speaks volumes for the able staff of medical attendants and nursing at Kingston's noble institution, the general hospital. Miss Vera Madden has been inducted into the mysteries of a post-mistress, and fills the position satisfactorily to both the public and the department at Ottawa.

To Celebrate At Centerville. Centerville, Feb. 26.—A large amount of ice is being taken out of Perry's lake and stored in the surrounding ice houses. The Orangemen of Addison district will hold their celebration here on July 12th. Henry Harten is very low. His death is daily expected. James Reid, M.P.P., is improving, but slowly. Mrs. William Cassidy is on the sick list. Maudie and her family near Wesley, in the spring, owing to the bad roads wood has become a little scarce in the village, and now commands a high price. J. M. Lockhead has sold a number of thoroughbred cattle to William Brandon, Oshroth, Ont. Visitors: J. McGill, Wallacetown, Ont.; Miss N. Perry, Philadelphia, Pa.; Mrs. McKim and daughter; Newburgh; B. S. Keller, Morven; H. Gibson, J. Clark, Emerald; Mr. and Mrs. John Kidd, Erinville, etc.

A Progressive Factory. The annual meeting at Farmers' Friend cheese factory passed off very satisfactorily on Saturday, 22nd inst. The reports of the salesman, secretary, treasurer and auditor were passed without a dissenting voice. The terms of 1901 were adopted for 1902—cheese to be made for one and a half cents per pound, the proprietor to pay all expenses in connection with the manufacturing and keep cheese insured. The reports showed an increase in the business in 1901, and the interest exhibited by the patrons and proprietor promises to produce good results for the present season. Milk will be drawn to the factory on Saturday nights throughout the hot weather. The proprietor claims he will do his utmost to further add to the good name already merited by the Farmers' Friend factory. L. L. Gallagher was asked to act as secretary and treasurer, and T. G. Davison, auditor.

To Cure a Cold in One Day. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box, 25c.

Angier's Petroleum Emulsion FOR BRONCHITIS. Many persons think that they have merely a stubborn cough, when they really have Bronchitis, which, if neglected, always results in Chronic Bronchitis. The most effective remedy known to medical science for Throat and Lung Troubles is Angier's Petroleum Emulsion. It stops the cough, makes breathing easy, relieves congestion and irritation, soothes and heals the bronchial tubes, changes the character of expectoration and effects a general and rapid improvement in all the symptoms. It is pleasant to take and agrees with the weakest stomach. It is not a patent medicine, but has been prescribed by physicians everywhere since 1880.

Omega Oil. FOR CHILDREN—If your little boy or girl comes home from school or play with a sore throat, the first thing to do is to rub the throat and chest with Omega Oil. There isn't a bit of danger in using it freely, for there is no turpentine or ammonia in it. A whole barrelful of it would not burn or blister the tenderest skin. Children like to have their mothers rub it on them, because it smells so nice and is such a beautiful green color. It is a pure vegetable oil liniment, which does not evaporate, and you must keep rubbing it in until it is all taken up by the pores. Mothers ought to remember that "a stitch in time saves nine," and keep a bottle of Omega Oil in the house all the time. A bottle of it on the shelf is a necessity in every home. It is a protection and a safeguard, much the same as a lock on your door. You may not need it very often, but when you DO need it, you need it bad.

DR. J. COLLIS BROWNE'S CHLORODYNE. THE ORIGINAL AND ONLY GENUINE. Chlorodyne is admitted by the profession to be the most wonderful and valuable remedy ever discovered. It is the best remedy known for Cholera, Consumption, Rheumatism, Asthma, etc. It is especially efficacious in the following cases: Diphtheria, Typhoid, Cholera, Measles, etc. It is the only specific in Cholera and Dysentery. It acts like a charm in Diarrhoea and is the only specific in Cholera and Dysentery. It is the only palliative in Hemorrhoids, Rheumatism, Gout, Cancer, Toothache, Headache, etc. From W. Vassilius, Pettigrew, M.D., formerly Lecturer at St. George's Hospital, London—"I have no hesitation in stating that I have never seen such a medicine so efficacious as an Anti-spaasmodic and a Sedative I have used in all consumption, Asthma, Diarrhoea, and other diseases; and I am perfectly satisfied with the result." "Earl Russell communicated to the College of Physicians that he received a despatch from Her Majesty's Council at Manila to the effect that Cholera has been raging fearfully, and that the only REMEDY of any service was CHLORODYNE.—See Lancet, 1st December, 1864.

BUYING BREAD. Is much like buying jewellery, you can't tell much by appearance; you must prove it by using it. Have to take the dealer's word and experience. We guarantee every kind of our Bread—Cream, Home-Made, Baker's Brown, Corn, Quaker, White Bread, Etc.—to be the best that the best flour can make. TOYE, KING STREET.
