HEIRS WANTED.

\$7,000 Waiting For Some One Ir Canada.

Napanec, March 8,-George Smythe, an attorney in Newark, J., has written his mother. Mrs. James Mckim, of this town an teresting account of a little fortune of \$7,000 awaiting the claims of heirs in Canada named Martin. It seems that last October a woman seventy years of age died, leaving this amount of money without making any disposition of it whatever. The man's maiden name was Mary Martin, and she was born in England, on some estate where her father was employed, and as a young woman was herself employed as a nursery maid, and travelled with the family, In 1851, when she was nineteen years o age, she was in Dublin, when she fell in love with and married Patrick Byrnes, and they sailed for America immediately after. In 1860 she lost her husband, and subsequently remar ried, and was again left a widow, without children. She then sought employment as a house servant, and in the subsequent years was able to save the \$7,000, which now awaits claimant. In later years, when some of her fellow-servants spoke of her having a fortune to leave some one she told them of her early struggles, and that at one time she was obliged to pawn everything she had, and even cut her hair from her head and sold it, and at that time she wrote to her brother in Canada for assistance, but she never mentioned her brother's name, nor do any of her acquaintan- | Monday. ces of the past thirty years know her father's or mother's names, or any facts in her family history that may lead to the discovery of her next-of kin. So after all her years of toil and privationi her hard-carned carefully-saved money may go the state treasury, unless some children of Mary Martin's brother, wh can prove their father was born England, and bad a sister Mary, who lived in the states, can be found.

GIRLI TAKES POISON

Father's Horse. Mary's, Ont., March 8.-Miss Gertie Forman, the eighteen-year-old

It appears that Miss Forman has had declined, as he had to town and needed the horse himself Bis daughter got worked up over the disappointment, and told her mother she would poison herself. The threat was not credited, but the girl went d upstairs to her bedroom, barricaded the door from within by moving the bed against it, and took strychnine mixed with apple sauce. Shortly the screams of the unfortunate girl called the household to her, and on gaining entrance she was found in the throes of awful agony, and died in about

NERVOUS PROSTRATION.

Miss W. Childs-Blackburn, Secretary of the Rock Island Literary and Art Society,

Writes a Special Letter to Mrs. Pinkham Telling How She Was Cured.

The relation of woman's nerves and generative organs is very close; consequently nine tenths of the nervous prostration, nervous despondency and nervous irritability of women arise from some derangement of the organism which makes her a woman. Herein we prove conclusively that Lydia E. Pinkham's Vegetable Compound will quickly relieve all this trouble.

MISS W. CHILDS-BLACKBURN

"DEAR MRS. PINKHAM: - I take pleasure in a knowledging the effects of Lydia E. Pinkham's Vegetable Compound. In my estimation there is no female remedy to equal it. Weakness not properly attended to, together with the close confinement at my desk brought on nervous prostration, so much so that for a year I doctored continually. I tried different remedies which only succeeded in poisoning my system, and my stomach refused food. A neighbor who had suffered with evarian troubles and was perfectly cured, called my attention to your Vegetable Compound, and I made up my mind to give it a two months' fair trial. However, before one month had passed I was like a new woman, and after six weeks faiculatuse of the compound I was in the Realth. It certainly is of great benefit to women, and I wish every poor suffering woman could have a chance to try it. Yours very truly, Miss W. Childs-BLACKBURN, 2922 Fifth Ave., Rock Island, Ill.

Nothing will relieve this distressing condition so surely as Lydia E. Pinkham's Vegetable Compound; it soothes, strengthens, heals and tones up the delicate female organism. It is a positive cure for all kinds of female complaints; that bearing down feeling, backache, displacement of the womb, inflammation of the ovaries

and is invaluable during the change of life. How Mrs. Pinkham helped Mrs. Borst.

"DEAR MRS. PINKHAM: - When I wrote to you some time ago for advice I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time. I had female troubles in many of their worst forms; inflammation and ulceration of the womb; leucorrhœa; bearing down pains; headache and backache; nervous prostration. My kidneys were out of order and blood in a bad condition. Everyone, and even my doctor thought I was going into consumption. I followed your advice faithfully for six months with the result that I became a well woman, and it cost me much less than a doctor's bill. I feel that Lydia E. Pinkham's Vegetable Compound saved my life." - MRS. SAMUEL BORST, 7 Cozy Ave., Oneonta, N. Y.

The above letter shows how unerring is the advice which Mrs. Pinkham gives to women who write her about their sickness; as the advice is free and always helpful it is not strange that she advises more than one hundred thousand sick women every year. Her address is Lynn, Mass.

REWARD, - We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special per-mission Lydia E. Pinkham Medicine Co., Lynn, Mass.
