#### Another Dufferin Story.

The late lord Dufferin was a man whom the great ones of the earth always under-estimated until his merits were revealed, or his metal rang under a hostile stroke. Once when he was British ambassador to Italy he called on premier Crispi, who treated all who came near him with deliberate discourtesy. His favorite trick was not to rise to receive callers.

Dufferin could see Crispi one day. Crispi continued walking, throwing the ambassador a general good morning. Dufferin stood in the door without moving; Crispi again looked and again grunted a salutation. But Dufferin never moved; and at last Crispi saw that his rudeness was resented, and had, indeed, to get up and receive the British ambassador standing—as he should have done in the beginning.

#### A Suggestive Error.

One of the stock stories in Australia is that of Paddy Dignam, a member of the Victoria assembly in the early days, who, although a man of wealth, could hardly read.
