FRONTENACS GOT REVENG

BY DEFEATING PERTH FIV GOALS TO ONE.

The Ice Was Anything But Fast-Score One To One At Half Time-The Visitors Outplayed In the Second Haif.

At the Kingston rink last night Frontenacs had a wholesome revenge on the Perth hockey team, whom they defeated by 5 goals to 1. Last Fri day Perth defeated a weak Kingston aggregation on their own ice, but met a much stronger team last night Hockey in Kingston lost its interest with the ending of the O.H.A. matches, and, therefore, the audience at this match was scarce 200 and about twenty-five of this number were Perth natives, who came here to cheer on their pucksters in what they looked upon as a very important match. But it was only a friendly contest, and as dull as a Saturday in Belleville.

The ice was a hit soft, rendering fast play almost impossible. Had the ice been keen, Perth would have received a greater heating. The visitors had a fairly good team, but their forwards were not the equal of the fourlocals. Rooney and McLaren were Perth's best, the former being especially good. Rogers, of Frontenacs, best man on the ice, and of he shooting star variety. Murphy at point played a strong game, and few shots or players got past him. Ten minutes elapsed before any thing happened. Then Wilson shot the disc from the side, and the Perth goal gave a jingle, and a quiver. "Iwas a goal for Frontenacs. Down east they have a St. Lawrence hockey association. Cardinal and Prescott had scored an equal number of points, and were to have played off the tie on neutral ice at Iroquois. All arrangements had been made, such as. the running of a special train, etc. Then Prescott backed out and wouldn't play. The Cardinal Tribune heads its article on the subject with such phrases as "Prescott Babies Back Out," "An Exhibition of Contemptible and Cowardly Meanness," etc. In defaulting to the Capteam, Prescott permitted its rivals to win the league championship. "It was ours anyway," says the Tribune, "but we preferred to fight for it." Spunky people, but good sports, those easterners.

Newark, N.J., Dog Show. The Field and Fancy, the leading New York sporting journal, has this to say regarding C. H. Corbett's beagle judging : "The class of beagles was certainly one of the best in the show, if not the best, as many of the leading kennels were represented by their crack dogs. Mr. Corbett serves great credit for the manner in which he handled his numerous classes. Quite all the dogs were strange to him, yet his awards were in line with other judges who are considered among the best. Mr. Corbett took time and looked them all over carefully, and there was general commendation of his awards by those present, and those who were showing their dogs under him. that when we have been able to aid our fellow creatures by conferring benefit or bringing a little comfort into their lives we like to have appreciation shown. This generally affords more pleasure than the performance of the act itself, and in this connection the following letter from a Paris, Texas, lady is of more than usual interest : "Dear Friends : I address you as such, for you have been such me. I suffered for three years off and on with piles. I was treated at the hospital, and the new and elegant hospital, of Memphis; they only gave me temporary relief. I came west, think ing the change of air and water would benefit me: five months ago the bleed ing piles came back on me, and ble so much that I thought I would die. I have had four of the finest doctors in this section of Texas: all they did his work. It gives pleasure to note was to nearly let me go to my grave; all they wanted was a big sum of money from me and to operate on me I said no, no surgeon's knife would enter me; if it was my time God knew it, and when I died I would die all together. Three civic committees were called meet in the city engineer's office ed with advoitness and force. yesterday afternoon, and it was about the most jumbled up arrangement seen in years. One committee was to meet at 4 p.m. and it was still in session when the other two should have commenced business at 4.30 p.m. Chairman King got his committee off into the engineer's private of fice, and it was the loud voices aldermen in angry debate that furnished the reporters with a clue to their hiding place.

Chairman Bell had only one item business for the fire and light committee. Owing to an oversight on th part of the city engineer the recom mendation, that the committee be given power to dispose of the two old fire brigade horses, had not been passed on to council. To obtain this power alderman Bell called the committee together, drew up a round robin and obtained the signatures of a majority of the aldernien, authorizing the committee to sell the horses 'Bob," one of the horses, is wanted by Samuel McAdoo, Picton, who of fers \$40 for him, but not as a tender One tender was received for the other horse, "Tom," It was from John Mc-Kee, a city carpenter, who is willing to give \$51 for the animal. The Parks Estimates.

A special meeting of the civic committee on parks was called at four o'clock Monday afternoon, those present being: Chairman Walkem, Alds. Hipson, Harkness and King. The chairman announced that the committee had been called together to consider the year's estimates. After a short discussion these items were adopted: Flowers and shrubs, 875; painting, \$50; walks and gun carriages, \$100; labor, \$300; incidentals, \$100; reserve, \$155; breakwater,

outside of salaries, brought the estimates up to \$1,000. The appropriation last year was \$950. Chairman Walkem announced that a band stand would have to be built this year in the city park. Ald. Harkness thought there were

Waterworks Investigation.

The waterworks' committee held brief session yesterday afternoon to make arrangements about the Lennon investigation. The members were all opposed to the idea of giving Lennon's solicitor, Mr. Nickle, full and written details of the charges which ly cured by the use of this powerful Il you had taken two of Carter's Every chance would be given Lennon Little Liver Pills before retiring you to justify himself. Alderman Sears claimed that the committee was real ly useless if the council would not accept its report. The committee recommended for good reason that Lennon be dismissed, but the council doesn't seem to want that. Alderman Graham held that the charges have vet to be tested, and stated that be didn't want to see anvone appear before the committee who was prejudic-
