ASSAILING THE PICTURES.

Rev. Dr. Crafts, of the Social Reform Association, and one of its most aggressive agents, will address a public meeting in Kingston this week...

The posters on the outer walls are bad enough. Why some of them should take on the extravagance they do, and their cast and colour, is a question not easily answered.

The Whig concurs with a remark which Dr. Crafts made in Toronto, and to the effect that all the wickedness of suggestive pictures is not confined to the posters.

This is a particular age, and the advertisement can be made attractive and readable without the blotches in the way of illustration which sometimes appear.

MATTER ABOUT ARRANGED FOR PURCHASE OF THE CANADA ATLANTIC RAILWAY.

Considering The Issue Of Bonds For The Road—The Finances Had Been Hitherto Handled By Mr. Booth.

Ottawa, March 12.—Negotiations for the sale of the Canada Atlantic railway are, it is understood, about concluded. Dr. Seward Webb and those associated with him have all along stated that the road had been purchased, but there has been a remarkable reticence on the part of the C. A. R. officials.

The Canada Atlantic, it appears, has never had any bond issue, but rather its finances have been carried along by Mr. Booth personally before a transfer of the road could take place this phase of the situation would have to be straightened out and regular bonds, in the name of the company, issued for subsequent transactions.

The Canada Atlantic railway will probably issue bonds for about \$11,200,000. A meeting of the directors has been called for the issue of bonds for \$25,000 a mile over the entire system, and bonds for \$1,200,000 will be issued for the Lawrenceville bridge.

CUT HIS WIFE'S THROAT.

Murder Because He Could Not Gain Daughter.

Camden, N.J., March 12.—Because he was unable to obtain possession of his child, Lafayette Gruff, aged twenty-one years, of Gloucester, N.J., yesterday cut the throat of his wife, Mary Ann Gruff, aged nineteen years, killing her instantly.

The tragedy was enacted at Westmont, about four miles from this city. Mrs. Gruff's condition is critical.

Gruff was arrested at Gloucester some hours after the murder. Mrs. Gruff left her husband because of alleged ill-treatment and with her baby sought shelter in the home of Mrs. Gowie. Her husband visited her Tuesday night and abducted the daughter, but Mrs. Gruff on the following day recovered the little one.

WIFE'S INGENUITY.

Saves Her Husband. The author of the "Degeneration of Dorothy," Franklin Kinsella, 226 W. 23rd St., New York City, was the victim of a little bit of play-acting by his wife. "I must confess that I have been the victim of an innocent deception which turned out all for the best, however."

I soon paid the penalty in nervousness, loss of flesh, insomnia, and restlessness, none of which troubles would yield to any or all medicines. I finally got in rather a bad way and my wife took a hand in the affair, all unknown to me. She purchased a package of Postum Coffee and one half cup of Postum and one half cup of coffee. In a little time she had me down to clear Postum, and I was none the wiser.

VERONA ICE RACES.

Marriage Of F. Carl And Miss Georgie Barr.

Verona, March 11.—A very pretty wedding was solemnized in the Hartington church on Wednesday evening when F. Carl, a popular young young man of this place, was united in the holy bonds of matrimony to Miss Georgie Barr, Pleasant Valley.

The ceremony was performed by Rev. Mr. Cram, of Hartownsmith. The church was filled with eager, happy on-lookers. Mrs. Revell, organist, played the wedding marches as the bride and groom entered the church.

The annual ice races took place on the lake this afternoon and notwithstanding the heavy rain which prevailed, there was a large crowd present. In the 2:40 class three started, Thorneil (owned by D. Graves, Harrowsmith); Black Kate (S. Asselstine, Verona); Dr. L. W. J. Lyons, Harrowsmith. The race resulted: Thorneil, 1, 1. 1. 3. 3; Black Kate, 1, 1. 2. 2. 2; Dr. L., 2. 2. 3. 3. 3.

Protest was entered against D. Graves' horse, which it is said has a mark of 2:24. There was a number of horsemasters entered in the green race. The Perry horse took first place and Bedford Boy second.

A GRAVE CHARGE.

Woman Accused of Causing Death Through Criminal Act. Deseronto, March 11.—Mrs. Elizabeth Higgins, wife of James W. Higgins, died yesterday after only seven days' illness. This morning the report was current that Mrs. John Girvin, wife of a farmer residing on the Indian reserve, just west of the town, had been arrested in connection with Mrs. Higgins' death.

The following jury was sworn: George E. Pearson, L. E. Warden, James Dryden, D. Cook, A. A. Richardson, R. Miller, C. R. Oliver, R. Anderson, H. Clifton, W. H. Stafford, D. L. Brown, J. Stanton. Counsel for the prisoner, J. M. Anderson, of Belleville, acted as prosecutor. George E. Berche, of Deseronto, and A. Roberts, of Belleville, looked after the interests of the prisoner.

The evidence of James W. Higgins, husband of deceased, as also the evidence of his daughters, Maud and Blanche, tended to show that Mrs. Girvin was present when deceased was taken ill. Mrs. Newton and Vandervoort gave medical evidence. Mrs. R. Lindsay, a neighbor, was also called, but her evidence was trifling compared to that of the husband of deceased. The court adjourned at 7 p.m. to meet again on Thursday at 2 p.m.

Mrs. Girvin, the prisoner, is comfortably quartered at chief Gonyon's residence to-night, and will be taken to Belleville in the morning, and then returned here on Thursday afternoon for the completion of coroner's inquest.

At the adjourned meeting of the high school board held this evening, George W. Wright was elected chairman for the tenth consecutive time. T. H. Nasmith was elected secretary-treasurer, a position he has held since the opening of the school in 1889.

STRAIGHT BUSINESS W. Murray, Jr., Auctioneer and Commission Merchant, Market Square. Said To Be Valuable Tin. Hat Portage, March 12.—A rich discovery of tin is reported near here. The mine is at Round Lake, about two and a half miles north-east. The land is patented to a Mr. Rankin, of Toronto, since dead, but whose heirs doubtless have claim. The discovery was made by Frank Moore, a prospector, who claims that he had an agreement with Rankin whereby he was to get a one-third interest in any mineral finds. Samples of the tin have been assayed at Hat Portage and Belleville, giving big results.
