FELIX LENNON DISMISSED COUNCIL ADOPTED REPORT OF THE COMMITTEE.

The Vote Stood Twelve to Nine—Motion to Give Lennon Another Chance Was Declared Lost—A Minority Report Declared Out of Order.

As the hands of the city clock point to ten minutes to twelve o'clock, Ald. King presented the report of the water works committee, as published already, to the city council at last night's meeting.

Ald. King and Graham moved that the consideration of the case of Felix Lennon be held over until the next meeting. The motion was lost on this division.

Speaking to the motion, Ald. Graham contended that the evidence brought before the committee was not sufficient to warrant Lennon's dismissal. If the report was to be taken as a report of a jury, it must have the united support of the committee.

Ald. King said it was impossible to furnish the evidence asked for by Ald. McLeod, because it was not taken verbatim. If the case should go before the county judge, it would mean a great outlay, and would result in bringing out a much stronger case against Lennon.

Ald. White thought, in all fairness, that Mr. Nickle, counsel for Lennon, be heard, so that the council should hear both sides of the argument. Ald. King took the ground that it would be unjust to the committee to allow defendant to again review his case.

Ald. Walkem supported the finding of the committee. There were some allusions around the board defending Lennon who, in private conversation, expressed the opinion that Lennon was unfit for the position. He was opposed to allowing Mr. Nickle to address the council.

Ald. McLeod's amendment to the amendment, to send the report back for information, was lost on this division. Yea—Ald. Bell, Dunlop, Graham, Hipson, Mallen, McCammon, McFarlane, McLeod, White—9.

Nays—Mayor Shaw, Alds. Abbott, Carson, Craig, Farrell, Harkness, Kent, King, Knapp, Sears, Tait, Walkem, White—12.

Ald. King's motion to adopt the report was carried on the same division. Special Bargains in Ready Made Clothing.

SOCIAL REFORM. Rev. Dr. Crafts Gives An Address In The City Hall.

Rev. Dr. Crafts, of the bureau of reform, Washington, addressed a public meeting in the city hall last night on the work of the bureau and on the subject "Living and Dying Nations."

The bureau, he represented, was doing more than showing, he said—it was endeavoring to remove the influences of wickedness, particularly regarding gambling, drinking and immorality. In Toronto he found laxity regarding gambling and social purity.

Dr. Crafts asked the sympathy and aid of the people in propagating literature throughout all countries by which a great reform movement would result, and in distributing in Canada the laws regarding morality.

The speaker then spoke of the subject of "Living and Dying Nations," giving a rapid survey of both. Eternal life to a nation, he said, depends upon the eternal vigilance of its people. France was a sad example of a modern decaying nation.

WATERWORKS COMMITTEE. The Report Was Sent In To The Council.

For the third time this week, the water works committee, a most unhappy family, gathered together yesterday afternoon, chairman King and Alds. Sears, Tait, Mallen, Abbott, Graham and Carson.

The committee then considered the proposal of the finance committee, to set aside the usual grant of \$750 for water. While Ald. Carson was pointing out the necessity of the committee standing firm and refusing to allow this \$750 to be withdrawn.
