THE CITY WINNING OUT.

The judgment of Justice Lount upon the point referred to him, and growing out of the arbitration respecting the valuation of the electric light and gas plant, has been generally well received.

The matter will not rest there. The amount at stake, \$80,000, is too large, to expect the company to accept any result which will be against it until every recourse in law has been exhausted.

TAFFYING MR. TARTE. One has reason to rub his eyes and look again when the Toronto World, that intensely conservative paper which takes its inspiration from Mr. McLean, M.P., is given to a laudation of Hon. Mr. Tarte.

It is not so long ago—at the last general election and since—that Mr. Tarte was represented as the troublemaker in the cabinet, the man of evil propensity, the wicked partner whose sacrifice sooner or later had to come to pass.

It is beginning to dawn on the conservative party that they made a mistake in letting Mr. Tarte go. Sir John Macdonald made the blunder of his political life when he turned Mr. Tarte down, though it was a case of repudiating either him or Sir Hector Langevin, and he held to the minister of public works until his scandals drove him from public life.

prised some day to find things taking a shape which they have little anticipated. That will be fine reading for the Hon. Mr. Tarte. He will wonder at it, and at the motives that are behind it. What is the inference? That the man has been maligned beyond all reason, and that the people who have been abusing him all these years are repenting of their work.

The last resolution of the session was one of denunciation by Mr. Whitney at all and sundry who had done wrong in the elections. Like the old actor he has a great love for colored lights.

P. J. Loughrin may know a good deal about canals and dykes and river courses, but an engineer will know more about public works, and will be the best man for Mr. Tarte to consult in regard to the French river route.

TORONTO'S VULGAR PLAYS.

A THEATRE THAT HAS DEGRADING PERFORMANCES.

The Matter Has Aroused Indignation—Municipal Control of a Power Line Refused—Toronto Claims Pretty Girls!

Toronto, March 14.—The civic scheme for municipal control of a power line to be built from Niagara to Toronto, rivaled its death-blow at the hands of the municipal committee of the legislature. The measure was to empower cities of 100,000 population or more to develop electrical energy by water power, or otherwise, and transmit it and dispose of it to persons, companies or municipalities.

According to the Rev. Dr. Wilbur F. Crafts, of Washington, some Toronto stage performances rank with the lowest. Dr. Crafts is a moral reformer and one of the broadest-minded, far-seeing men of the day, and has expressed his opinion in a letter to the Toronto Standard.

MISS LAURA HOWARD,

President South End Ladies' Golf Club, Chicago, Cured by Lydia E. Pinkham's Vegetable Compound After the Best Doctors of Chicago Had Failed to Help Her.

Such letters as the following must surely convey conviction to the hearts of all women that the great claims that Mrs. Pinkham makes for her medicine must be based upon positive evidence.

It is reasonable, think you, that we could hire such women as Miss Howard to speak well of Lydia E. Pinkham's Vegetable Compound just for commercial reasons? Impossible! and it is an insult both to her and to Mrs. Pinkham to suggest such an idea; therefore, let every woman read this letter and believe, for it is genuine in every particular as the eyes with which you read these words.

Mrs. Pinkham invites all women who are ill to write her for advice. Address Lynn, Mass., giving full particulars.

MISS LAURA HOWARD.

"DEAR MRS. PINKHAM:—I can thank you for perfect health to-day, and gladly do I acknowledge it. Life looked so dark to me a year or two ago. I had constant pains, my limbs swelled, I had dizzy spells, and never knew one day how I would feel the next. I was nervous and had no appetite, neither could I sleep soundly at night. Eight bottles of Lydia E. Pinkham's Vegetable Compound, used in conjunction with your Sanative Wash, did more for me than all the medicines and the skill of the doctors. For eight months I have enjoyed perfect health. I verily believe that most of the doctors are guessing and experimenting when they try to cure a woman with an assortment of complications, such as mine; but you did not guess when you mixed your Compound; you evidently know what you are giving suffering women and are sure of what it will do. How I wish all suffering women did only know of your remedy; there would be less suffering and many thousands more happy and healthy women in America."—LAURA HOWARD, 113 Newberry Ave., Chicago, Ill.

O, my sisters, I do pray you to profit by Miss Howard's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration; remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, Mass., \$5000, which will be paid to any person who can find the above testimonial letter in any position, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.
