PREPARED FOR EMERGENCY

HE DISAPPEARED THROUGH A
MAN-HOLE.

Brought up After Some Shots
Were Fired—A Toronto Resi-
dent Was Ruined Through the
Actions of Dennis.

Bowmanville, Ont., March 18.—High
constable Richard Jarvis has arrested
William James Dennis and his mother,
Margaret Dennis, of Hastings, on a
charge of fraud.
On Thursday last A. J. Russell
Snow, Toronto, handed a warrant for
the arrest of Dennis and his mother
and James Lasher, jr., and sr., former
employees of the firm of Dennis &
O'Leary, of Rosemeath and Hastings,
to the hi constable, who with three
other constables surrounded the Den-
nis house at Rosemeath on Saturday
night, and after an exciting chase suc-
ceeded in capturing him.
Dennis had made a man-hole in the
wall of his bedroom, by way of which
in case of emergency, he could escape.
When constable Jarvis forced his way
into the house and proceeded upstairs
he was just in time to see Dennis leap
disappearing through the opening and
though he seized them could not hold
his man. When Dennis got outside,
however, the constable fired three
shots, which so frightened him that he
returned to the protection of constable
Ruse.
All three were captured except
James Lasher, jr., who, it is said, fled
to the United States some days pre-
viously.
The charges against him on November
last Dennis made a statement under
oath to a Toronto creditor that he
had cash in the bank, \$100, stock, \$6,
200, book accounts, \$1,200, and real
estate, \$2,000, total, nearly \$10,000,
with liabilities of \$1,500.
Seven days afterwards he failed,
with stock, \$2,600; book debts, \$830;
and no real estate whatever.
After the capture of Dennis, Lasher,
barrier, Hastings, nearly \$1,000
worth of merchandise was stolen
from the premises, and has not yet
been located. In the removal of these
goods it is alleged Lasher and Mrs.
Dennis helped.
In May last Dennis induced a farm-
er, Dan O'Leary, to enter into part-
nership with him, sell his farm for
\$3,000, and deposit the money in the
Campbell rd bank, which he then ap-
plied to the payment of debt. O'Leary
says he knew nothing about
O'Leary is now penniless, and is
working in a factory in Toronto.
The case will be tried in Cobourg
next Friday.

REBELLION SPREADING.

The Town of Fang Cheng Taken
and Looted.

Hong Kong, March 18.—Gen. Ma
has been defeated by the Kwang Si
rebels, who have taken possession of
Fang Cheng, a town of 10,000 inhabi-
tants, and captured all the arms and
ammunition of the town. The rebellion is spreading
rapidly in the provinces of
Kwang Si, Kwang Tung and Yun
Nan. Many of the imperial soldiers
are joining the rebels, owing to the
superior pay offered and the opportu-
nity for looting. The rebel leader is
Hung Ming, a relative of the celebra-
ted Hung Sun Chuen, leader of the
Tai Ping rebellion.

IN A PLATE OF OYSTERS.

Sharon, Pa., Man Found Pearls
Worth \$1,000.

Sharon, Pa., March 18.—One thou-
sand dollars for thirty-five cents, the
cost of a dish of oysters, is an in-
vestment made by Dr. Hiram F. Dick-
son, of this place. He recently found
over thirty pearls in one oyster.
The pearls varied in size from a
small bird shot to a good-sized pea.
Some are pure white, others of a
beautiful pink, while there are two
that are dark blue. Dr. Dickson says
he had an offer of \$1,000 for the lot,
but he refused to sell, as he thinks he
can realize more.

Uncle Sam Wants Draftsmen.

Washington, D.C., March 18.—Young
men who desire to go east and grow
up with the country are offered a
chance by the government to begin
life in the Philippines on a fair salary.
To-day civil service examinations are
to be held in the chief cities of the
country for those who desire positions
as architectural draftsmen. An archi-
tectural draftsman, with the ability to
superintend work of construction, will
receive \$1,600 a year; one qualified to
act as head draftsman will be paid
\$1,400; a draftsman with a knowledge
of water coloring can get \$1,200 a
year, as can a plain architectural
draftsman.

Half a Million For the Poor.

London, March 18.—A group, whooping
asthma, coughs and colds to be
farther words of commendation. What
we want to do is to warn you against
these imitations. To be certain the
you are getting the genuine, be as-
sured that Dr. Cass's portrait and sign-
ature are on the wrapper.
It is a cruel way to be misled, and
the second largest \$200,000,
said to have been left to him by an
American woman.

Change For The Worse.

Cape Town, March 18. (1 p.m.)—
Cecil Rhodes has a quiet sleep this
morning, but his symptoms when he
awoke showed a slight change for the
worse. Oxygen is again being adminis-
tered to the patient in increased quan-
tities.

IN TOUCH AGAIN.

Did Much to Enhance Prestige of
Deceased Husband.

Mrs. GEORGE CORNWALLIS WEST.

London, March 18.—Mrs. George
Cornwallis West is again a prominent
figure in the social and political life
of England. The daughter of Leonard
Jerome, she married her present
husband in 1861, and her husband
did much to enhance his political
prestige. His early death caused her
to withdraw from the parliamentary
arena, but she has since returned to
public life. Her husband's death was
a great loss to the country. She has
proved a great help in aiding his
aspirations.

METHUEN'S DISASTER.

A Detailed Description Of The Wild
Dash.

London, March 18.—The Standard's
Pictorial correspondent's detailed de-
scription of the disaster to Gen. Methu-
en's column coincides in all essential
particulars with the Standard's latest tri-
butes to the dash and bravery of the
Boers, and the courage and determi-
nation of the British troops. The Boers
on the rear guard, bore themselves
with the utmost courage and determi-
nation, many of them riding right
into the midst of the screen covering
the march of the column. The Boers
were not only brave, but they were
quite unmerciful by the desperate dash
of the Boer veterans; they fairly
stamped under the influence of that
blind panic which was in the history
of war, fastened at times upon in-
finitely more seasoned troops. The
Boers came surging along at a bare
gallop, shouting and brandishing
their rifles and bayonets, and their
momentum and weight of numbers, to
ride clean over and through the rear
guard. When they were 1,400 yards
away the British opened fire with a
superiority of volleys, and the Boers
were driven into action with shell.
The Boers replied with a heavy fire
and continued to ride direct at the rear
guard. They bore themselves with
the utmost courage and determina-
tion, and many of them were killed.

Cannot Reach Her.

More Head City, N.C., March 18.—
The unknown steamship on Cape
Lookout shoals will probably go to
pieces. It is impossible to reach
her on account of high seas. The
saving crew has tried in vain to re-
cue the crew.

To Wait For A Year.

Washington, March 18.—Although
the ship subsidy bill has passed the
senate, it is the general belief that it
will be quietly intimated that it will
be well to postpone action until the
next or short session of congress.

Want To Secure It.

Montreal, March 18.—Two New York
theatrical managers are after the pro-
duction of "The Passion Play," now
being presented in this city. The loan
is by a local French lawyer named
Reaume.

Offence Against Morals.

Toronto, March 18.—Mark Garvin,
aged twenty-five, formerly of Hespeler,
was sent to Kingston penitentiary for
ten years by the police magistrate, to-
day, for an offence against morals.

Given Away.

With every pair of shoes one schol-
ar's companion, complete with pencils,
pens, rulers, etc., at Abornethy's.

The extradition treaty is being
sought by United States authorities
for a charge to secure the return of
Col. Gaylor to that country for
trial. Friends of Gaylor are with
him arranging for the disposal of some
of his property in the United States.
Ernest Ford, burglar, captured in
Parker's dye works, Toronto, after
being shot at twice and jumping
through a glass door in his efforts to
escape was sentenced to a year in the
central prison.

Suffering Many Hardships.

Toronto, March 18.—A hand of for-
eigners, who say they came from Ser-
via last fall, has reached the city on
its way to Manitoba. The travellers,
who number about sixty, say it has
taken them all winter to come from
Quebec, and that they have suffered
many hardships, journeying in wa-
gons, of which they have six. They
expect to get land in Manitoba to
come farmers.

Railways Running Again.

Winnipeg, March 18.—The railways
are rapidly recovering from the effects
of the storm of Saturday and Sun-
day, which is deemed to be the worst
experienced since 1881. The first train
from the west, since Friday, arrived
yesterday. Trains for east and west
departed on time.

The men have been imprisoned, and
probably killed by an explosion in a
mine at Fairmount, W. Va.

SPRING ASSIZE COURT.

Opened Before Chief Justice
Falconbridge.

HIS LORDSHIP'S REMARKS

AS ADDRESSED TO THE GRAND
JURY.

The Case of the King vs. Hayes,
for Intimidating C.P.R. Track-
men Was First Brought Up—
The Evidence Again Presented.

The spring sittings of the assize
court opened on Monday afternoon
chief justice Falconbridge presiding.
The grand jury was sworn as follows:
C. F. Adair, Kingston township;
Robert Allan, Palmerston; Luke Cos-
tello, Wolfe Island; D. Ferguson, Deser-
onto; Gray, Barry, H. E. McDowell,
Andrew McEwan, George Mills, James
Reid, D. S. Robertson, Kingston;
O'Brien, Lobborough; J. E. Shibley,
Portland.
His lordship, in addressing the grand
jury, said it was a matter of con-
gratulation to the city and county
that no prisoner was in the jail await-
ing trial. He spoke at some length
on the retention of the grand jury sys-
tem, which many county councils want
to abolish or revised for economy
sake. His lordship held that the work
could not be done in any other way
as satisfactorily as by the present
grand jury system. Besides other ad-
vantages, it had an educative ten-
dency, in assembling together a num-
ber of men who saw how justice was
being administered. The judge asked
the grand jury to do its work in as
short a time as possible, and its duties
at this sitting of the court were very
light.
This petit jury was sworn: Delbert
Ames, Storrington; Alfred Knight,
Kingston township; Robert Barclay,
Pittsburg; Joseph S. Barber, Kingston;
H. A. Wilton, Kingston; William E.
Grass, Kingston township; William
Ennis, Lobborough; Henry Swerwick,
Hinchinbrook; R. J. Halliday, Wolfe
Island; C. L. Woodman, Wolfe Island;
George Robertson, Sydenham; A. A.
Barr, Storrington.
The first case was that of the king
vs. John Hayes, of Arden, who was
charged with interfering with, coercing
and intimidating trackmen at Arden-
burg station on June 28th, 1901, dur-
ing the Canadian Pacific railway
strike. The prosecution claimed that
the men who filled the strikers' places
were so intimidated by residents of
Arden, led by the accused, that they
were afraid to go over their section of
line, and that in consequence the rail-
way track was neglected, thus endan-
gering the lives of the travelling public.
Fortunately, however, no accident oc-
curred. E. F. B. Johnston, K.C., the
prosecutor, called the evidence, being
deducted the case for the crown, and
John McIntyre, K.C., for the accused.
The prosecution lasted till after five
o'clock, several witnesses giving evi-
dence as to the Roumanian trackmen,
filling the strikers' places, being
threatened by a crowd of villagers
led by Hayes. The defence was then
begin, and continued till seven
o'clock, when court adjourned till
half past nine o'clock this morning.
A long list of witnesses testified
behalf of the accused, declaring that
he did not call the Roumanians to
threaten to blow up their car, or of
them any violence. Everything went
on smoothly, and there was no
friction. The case was still in pro-
gress this afternoon.
The slander case of Halstein vs.
Clancy, was settled.

Snaps For Michigan Brewers.

Escanaba, Mich., March 18.—In a
case from this county circuit judge
Stone, of Marquette, has filed an
opinion of widespread importance to
brewers. The decision was rendered
in a liquor tax violation case, in
which Clayton Voorhis, of Gladstone,
was the defendant, and is to the ef-
fect that outside brewers cannot sell
their product in the state, except on
the payment of the wholesale license
of \$500 in every community in which
they desire to do business through an
agent. Voorhis is accordingly found
guilty as charged, having paid no tax
except representing a Minneapolis con-
cern as agent.

Ottawa French Schools.

Ottawa, March 18.—Archbishop Du-
hamel will not permit the brothers of
the Sacred Heart, an order of teach-
ers established in Ottawa, but he
did not press on them the engage-
ment of teachers of that order. The
board could have Christian brothers,
or lay teachers which ever it desired,
but not brothers of the Sacred
Heart.

Suffering Many Hardships.

Toronto, March 18.—A hand of for-
eigners, who say they came from Ser-
via last fall, has reached the city on
its way to Manitoba. The travellers,
who number about sixty, say it has
taken them all winter to come from
Quebec, and that they have suffered
many hardships, journeying in wa-
gons, of which they have six. They
expect to get land in Manitoba to
come farmers.

Railways Running Again.

Winnipeg, March 18.—The railways
are rapidly recovering from the effects
of the storm of Saturday and Sun-
day, which is deemed to be the worst
experienced since 1881. The first train
from the west, since Friday, arrived
yesterday. Trains for east and west
departed on time.

The men have been imprisoned, and
probably killed by an explosion in a
mine at Fairmount, W. Va.

'WIRELESS' FOR THE LAKES

Marconi Principle May Be Adopted
By Steamers.

Chicago, March 18.—A wireless tele-
graph system, giving connections be-
tween ship and lake and the main-
land, may soon be an appliance on
lake-going steamers. The managers of
one of the companies are considering
the fitting of all boats, passenger and
freight, with sending and receiving
stations of the Marconi pattern. With
this in view, they will make tests of
the system within a few weeks. If the
tests are satisfactory the boats prob-
ably will be equipped with the tele-
graph stations before the summer na-
vigation season is well under way.

POPE TO INSTRUCT CLERGY.

To Hold Themselves Aloof From
Agitators.

London, March 18.—A despatch from
Rome to the Chronicle says that con-
fidential news has reached the vatican
that the Fenians for months past have
been carrying on a most active propa-
ganda in Ireland, and organizing for
a general rising. It is believed that
the vatican will instruct the Irish clergy
to hold themselves aloof from revolu-
tionary agitation.

WOULD FOLLOW CANADA.

Governor Advises a College Like
The R.M.C.

London, March 18.—A despatch from
Perth, western Australia, reports that
Maj. Gen. Sir Herbert Chermiside, the
new governor of Queensland, has ar-
rived at Brisbane, and organizing for
a general rising. It is believed that
the vatican will instruct the Irish clergy
to hold themselves aloof from revolu-
tionary agitation.

LIKELY IN MAY.

The Provincial Elections Will
Then Be Held.

Toronto, March 18.—There is evi-
dence at the parliament buildings that
the government is planning a big
speaking campaign to begin almost
immediately. The general opinion, in
well informed circles, is that the elec-
tions will be held in the latter end of
May.

A Loss To Carleton Place.

Carleton Place, March 17.—George
A. Stewart, one of the most highly
esteemed among the young men of the
town, is dead. Deceased was the eld-
est son of Mr. and Mrs. George Ste-
wart, and was in his nineteenth year.
For three years he has been with
Thomas Stevens, grocer, and was well
known for his manly and courteous
qualities and excellent character and
physique. On Sunday last he was at-
tacked by pharyngitis, and his
sudden death elicits the heartfelt sym-
pathy of the community.

To Destroy Warships.

Berlin, March 18.—A sensation has
been caused here by a discovery of a
plot to destroy the Austro-Hungarian
warships Harzburg and Arpad, sta-
tioned at Pola. A large quantity of
dynamite was recently stolen at Tri-
este.
