VAL OF COLOR.

White is Now in The Zenith of its Glory-How The Gowns Are Trimmed-Spangles Are The Real Thing.

New York, March 18.-When the ter Easter for the brief season that The Standard Rates - Governing lances and receptions are resumed afintervenes between the first of April, and the time to take up the exodus to the summer resorts, the most noticeable feature of the fashions will be the absence of the carnival of color which usually prevails after Easter Sunday. The fabrics employed in developing spring and summer frocks are so light in tint as well as texture that they come very fittingly, under a general head of "pastel" creams. Black, of course, is not to be excluded under any conditions, for upon it the conturieres depend for the

smarting touch upon spring frocks. Red, too, escapes the list of discarded colors, and those who have bemouned the fact that we must presently part with the rare rich shades which have been so handsome a feature of winter wardrobes, will be pleased to see the tint in a number of materials, considerably toned down . though with plentiful distributions of white.

White has constantly increased in favor until it has reached the zenith all white gown finds nothing so well white dress built of highly finished satin cloth. The stout woman has one advantage this season, that has not hitherto been presented and that is the yoke effect in skirt trimmings. This, by the way, is an idea which will find favor in all kinds of skirts, as it serves the purpose so well of a close-fitting effect around the hips. The slender woman adores it because it affords an unbroken outline of the contour and lends grace to the fi

The yoke may be of lace, tucking or shirring, as is most suitable for the material. But the figure inclined of the dress material stitched down ing habits, but I was afraid he would disclosely with several rows of stitching. A very charming afternoon gown has the shirt made in this way over a his week's salary nearly all spent, I threw off all fear and determined to make an outer skirt and excepting the yoke. effort to save our home from the ruin I saw coming, at all hazards. I sent for your there was no other trimming on the

Tasteless Samaria Prescription, and put The jacket was a sort of cross beand watched and prayed for the result. At noon I gave him more and also at supclosely into the waistline and blousing per. He never suspected a thing, and I then boldly kept right on giving it regularly, as I had discovered something that set every nerve in my my body tingling with hope and happiness, and I could see a bright future spread out before me—a penceful, happy home, a share in the good.

peaceful, happy home, a share in the good things of life, an attentive, loving husband, comforts, and everything else dear to a woman's heart; for my husband had told me that whiskey was vile stuff and he was taking a dislike to it. It was only too true, for before I had given him the fall roupse he had storged drinking altolittle vest of white taffeta over which lb.; full course he had stopped drinking alto-gether, but I kept giving him the midi-cine till it was gone, and then sent for an-embroidery effected in narrow lace wool, Sc. a lb.; washed wool, 13. braid. Sewn down either side of the lapse, as he had done from promises be-fore. He never has and I am writing you I honestly believe it will cure the worst small black silk buttons.

The hat which completed the tume was a very large affair in black chiffon standing at the left side of which was a bunch of ostrich tips decoration under the brim, three tips emanating from the inside of the crown and nestling closely against

Princess gowns of white crepe de chine, are extremely fashionable and affected for dinners and receptions. very becoming model has applied designs of white chantilly lace outlined with silver sequins. Two lilies black chenille assert themselves at the bustline, and another is placed several inches below the waist, Starting from the centre of the back is a panel of filmy black lace, decorated on the left side with black velvet and flowers with yellow centres, producing a very striking effect.

At graceful intervals over the skirt, plied velvet flowers, which may be in any favorite color, if black is not lesired, but shading to the very pretty because the different hues fading into shell pink make such a beauting, almost to the wrist, and have crepe de chine and gathered into a wristhand of white silk, embroidered in black chenille, with the faintest

tracery of gold threads. Chiffon gowns besides like, have the advantage of being ever fashionable. They have been among modes for at least four years, and this summer promises an increase in

histon, so pale that it is scarcely puilt over shell pink taffeta. skirt is shirred about the hips in a leep yoke, the shirring extending befloor, which it touches at the front

The bodice is hand embroidered dead white violets with yellow centres. There is a yoke, unlined, of the embroidered material, and the undercufis are also made of it. Forta gown of this description there comes a Gainsborough hat of white trimmed with long, sweeping dames. Under the brim are masse ounches of white silk violets, with some of the petals shading to a pale

A fashion left over from last year, but which is none the less popular however, is the spangled gown of black net. These are almost universally made over a white lining when there is not a black foundation. The combination affords excellent oppor-tunity for the black and white ef-

for festive attire and stand over ready to help us "rise and shine," but it remains for the spring and summer of AN ABSENCE OF THE CARNI- for calling and afternoon gowns.

Black spangled skirt will be worn with separate waists of soft white silk, made with many rows of tucking and this form of toilette has the advantage of being comme il faut, for any informal occasion after the noon hour has rolled around.

### PRODUCE AND PRICES.

### CURE --- NO PAY.

Dr. McLaughlin's Electric Belt is Sold on This Basis to Men and Women Everywhere. Not a Cent to De Paid Until the Cure is Complete.

The Dr. McLaughlin Electric Belt is the only remedy in the world which can be sold on such a plan. It is the only never-failing cure for Rheumatism, Lame Back, Nervousness, General Debility, Loss of Power in Young, Middle-aged and Old Men, Varicocele, Weak Back and Kidneys, Drains of Vitality, Wasted Energy, Sleep-lessness, Pains in Head, Back, Chest, Shoulders and Limbs, Female Weakness, Bearing-down Pains and all those ailments from which women

I don't see how any one can doubt the value of electricity as a builder of vitality when they stop just a minute and think of what it is doing in other lines. It's a motive power, that's settled. I claim that it will run the human body if applied right, and I prove my claim by showing 50,000 cures made during my twenty years of

I apply it right, so my patients say, and they ought to know, as I've cured them. Any man or woman who will secure me can have my appliance and PAY WHEN CURED and then the price will be much less than is asked for the old-style belts. I guarantee my belt to give a stronger current than any other body appliance.

### CURES THAT PROVE.

Dr. McLaughtin: Dear Doctor,-Rygarding the Belt I purchased from you

a couple of months ago, I beg to say I am more than pleased with it, and would not lose the great benefits i price, for I feel like a new man; as well as I ever did in my life. The Belt gives grand benefits, At least it did for me, and I have great pleasure in recommending them. Gratefully yours, E. M. Atwood, Bridgeburg, Ont., December 26, 1901.

Feels as Well as He Ever Did in Suffered From Rheumatism For His Life. Dr. M. A. McLaughlin: Dear Sir,-1 have to acknowledge that your Electric Belt has done me more good than all the do tors and other remedies I have ever tried. I used a Belt from Mont-real which done me no good. I also

Stricture Cured. Dr. McLanghita: Dear Sir,-It gives me the greatest pleasure to say anything concerning your Belt. I am feeling like a liou let loose from a cage, and to tell you the truth I have not felt so dissinces is all gone, and I can work as able to do any hard work for years.
Now I can do a fair day's work. You are at liberty to publish this if you see fit. I remain, yours truly, David Irving, Cook's Creek, Man., December 13, 1901.

| Cook's Creek, Man., December 13, 1901.

Beware of old style, burning electrode belts which are using an imitation of my cushion electrodes. My office contains hundreds of these old belts, discarded as useless and dangerous by persons whose hodies had been seared and scarred by the bare metal electrodes. will make special terms to anyone having one of these old back-burners.
