Manager considering the serious nature of the fort after eating. They rest the stomach ago.-SHIRLEY GOING

#### An Ex-Alderman's Opinion.

Kingston, Ont., March 20 .- (To the Editor): There is one point in conpection with the levying of an annual tax of \$50 on the butchers that people have overlooked. In council alderman Bell stated that diseased ment was frequently sold in the city. spoke in general terms, but left impression that it was the small meat dealers who were the offenders. I claim that the meat they sell is just as good as that found in the larger meat markets. But, granting that it is not, whose fault is it? The council appointed an official to inspect these places. Has he done so? If he has attended to his duty there will be no need to fear diseased meat. The council, instead of ruining the legitimate business of a large number of citizens, might far better employ its time and will | talent-that is, what talent it hasin seeing that this official carries out the duties resting upon him. Why do they not do this? If they have done so already, then there was no argument or sense in the statement made by alderman Bell-EX-ALDERMAN.

#### Made A Convert.

Kingston, March 21 .- (To the Edit or) 'Open confession, 'tis said, is good for the soul. I desire to confess that at one time I was numbered among the scoffers who criticized unjustly, and without knowledge facts, the kindergarten system of our public schools. I used to think it was an expensive nursery, where infants were cared for at the expense of the public. But that was before I had children of my own and had practically demonstrated to me that my views on the kindergarten question were not consistent with facts. Let me tell you what led me to change my

I have a little girl who has just urned her fifth year. She has been attending a kindergarten class less than four months, and I must confess that I did not consider it possible for a child of her years to acquire much useful knowledge within that time. What she has been taught is of practical use to her, as I have had several examples of it set before me in the way of sewing, use of correct terms in speaking, general deport-

I am not egotistical enough to imagine that my child is smarter or cleverer than the children of my neighbors: I might be, did I not see them performing the same work equally as well, singing the same songs as sweetly and conducting themselves in the same manner, all the result of teaching received in the kindergarten class-

es of our public schools. Henceforth I shall be a strong fender of the kindergarten classes and of the painstaking, clever teachers who show so much patience in training the young children, and I shall do everything possible to advance the interests of these classes, and their teachers, because of the excellent work they are performing.-PARENT

#### A Young Girl Saved By Broma, An Unrivalled Tonic.

Miss A. O'B.

A young girl, from Boston, Mass. U.S.A., was suffering from nervous depression and general debility. She had tried many remedies without obtaining any relief. She was sad and discouraged. Reading her newspaper, one day, she saw the Broma advertise ment, when she turned her hopes that invaluable remedy. The same day she bought a bottle, and began take some. After a few days she felt better. Her stomach and nerves were stronger; her appetite and digestion good. Her family and herself were very satisfied with that precious medicine. However, Miss A. O'B. contion. Now she is well-being cured by the great tonic, Broma, the conqueror of all pains and disorders of the blood and nerves. A thousand times hono to Broma the best known tonic, Sol
