WANT IT COMPULSORY. Step in Right Direction, But Only Permissive.

London, March 26.-George Wynd ham, in a general way, repeated Balfour's elucidation performance introducing his new land measure. The new measure had many commendable features and was designed to lessen litigation and appeals, and to simplify the procedure in the land courts. But, like the educational bill, it was a permissive measure, without authoritative means for rendering settlement compulsory. Irish members admitted tion, but they made it clear that no mensure that was not compals my and did not include a provision for the reinstatement of evicted tenants would be accepted by the nationalist party.
