For a quarter of a century "Hungry Joe" was one of the most conspicuous figures in criminal life. HOW I CURE WEAK, PUNY MEN.

Give me a man broken down from excesses, dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age.

I can give back to any man what he has lost by abuse of the laws of A man who is nervous, whose brain and body are week, who sleeps badly, awakes more tired than when he went to bed, who is casily discouraged, inclined to broad over imaginary troubles, who has lost ambition

and energy to tackle hard problems, lacks the animal electricity which the Dr. McLaughlin Electric Belt supplies. The whole force of vitality in your body is dependent upon your animal electricity. When you lose that by draining the system in any man-

ner my belt will replace it, and will cure you. D. CRIBBS, Guelph, Ont., says: "As regards my experience with the Belt, New to be brief, it is a wonderful Belt. I have gained about fifteen pounds, and my back does not bother me now. I get up in the morning feeling fine, and I give the Belt credit for it all, as I have not taken anything or done anything but wear the Belt."

Letters like that tell a story which means a great deal to a sufferer. They are beacon light to the man who has become discouraged from useless doctoring. I get such letters every day. My Belt has a wonderful influence upon tired, weak nerves. It braces

and invigorates them, and stirs up a great force of energy in a man. Any

man or woman who will secure me can have my Belt and

I make the best electrical appliance in the world, having devoted twenty years to perfecting it. I know my trade. Cures after everybody else has failed are my best arguments.

T. N. BROWN, Collingwood, Opt., writes : "Before using your Belt I was given up by eight doctors, and was reduced to 98 pounds, and confined to my bed as weak as an infant. My complaint was nervous trouble, a badly sun down system and bleeding piles. It is now five months since I started the unb of the Belt, and am completely cured, and have gained 62 pounds."

Give me a man with pains in his back, a dull ache in his muscles joints, "come-and-go" pains in his shoulders, chest and side, Sciatica in his hip, Lumbago, Rheumatism, or any ache or pain, and my Belt will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my belt is worn.

What J. T. HOWETT of Strathcons, Ont., says: "I have had no trouble with lame back since wearing the Belt. My appetite is good, and I can rest much better at night."

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt. Now, what does this mean to you dear reader? If you are not what you ought to be, can you ask any better proof to make you try it ? Is there a remedy which is as simple, as easy to use, as sure to cure, and as cheap as McLaughlin's Electric Belt ? I have not seen one. You must try lt.
