Nervous Dyspepsia

Nerves Must be Restored and Filled With Vitalizing Nerve Force.

You know that certain drugs, such as pepsin and bismuth, bring about artificial digestion, and if you have dyspepsia or indigestion it is possible that, like hosts of others, you have taken these into the stomach, hoping that they will take the place of gastric juice and other digestive fluids, digest the food and by resting the stomach effect a cure. Did you ever hear of a bodily organ

being strengthened by inactivity? It is to the organ that is exercised that the new, rich blood is conveyed in order to restore the tissues wasted by the functions of that organ, and so stomach that is given rest does tradually ceases to flow, and you are Now is the time to have you finally compelled to resort to the continual use of artificial digestants. If instead of these temporary aids you seek permanent cure you must treat the nerves, because it is nerves that control the glands of the stomach, and only when the supply of nerve force is liberal is digestion righty performed and the body properly
