Medical men of the highest standing and a host of educated men and women competent to judge, declare that Pame's Celery Compound is the only true and effective medicine for the banishment of the ills that make life miserable in springtime. In the spring season tens of thou

sands are sleepless, fretful, nervous, despondent and gloomy. They find it impossible to obtain restful sleep, and soon become physically exhausted; some are already more wrecks of humanity.

Such sufferers cannot with safety trifle with their condition. They need immediate succor and aid before nature is too severely overtaxed. The weakened, exhausted and irritated system must be fortified at once. Paine's Celery Compound is the only agent that can afford the rundown, nervous, sleepless and despondent victime prompt relief and permanent cure.
