MORE FIGHTING.

The Transvaal Scene of More Serious Conflicts.

London, April 14.-News of severe fighting in the Transvaal, at the end of last week, has been sent to lord Kitchener, who reports that about 200 Boers were killed, wounded or captured. There were about 100 British casualties. The British also captured three guns and a considerable quanti-

Enbrander, after locating commandant Beyer's laager, at Pzel Kop, moved his forces by different routes, from Pietersburg (Transvaal Colony) blocking the principal line of retreat. The fighting commenced April Sth, when the Inneskilling fusiliers at Molipoort, covered the chine people promised to consider the Boer position, and by dusk had seiz-It is said that Americans want to erect matter. Several of them went to pom, a quantity of ammunition and a number of waggons. A force of Boers recently overwhelmed a strong British patrol sent out from Bultfontein, Orange River Colony, to clear distance farms. An officer and two men were killed, fourteen men wounded and the remaining members of the patrol were surrounded and captured. Lord Kitchener mentions holding an inquiry into this reverse.

> > What Has Passed. London, April 14.-Replying in the house of commons, to-day, to the liberal leader, Sir Henry Campbell-Bannerman, who asked whether any terms of peace had been suggested by the Boer leaders in South Africa, the government leader, A. J. Balfour, said was impossible at present to say more than that a message had been received, on Saturday, from the Boer leaders through lord Kitchener and that a reply had been sent to them. Further communication was expected It is said that the communication of the Boer leader to lord Kitchener amounted to little more than a request permission to use the cable in onsulting Mr. Kruger and the Boer delegates in Europe regarding a basis for peace settlement.

There is a distinctly hopeful feeling in official quarters. The statement showing the revenue and expenditure, presented in the house of commons to-day, by the chancellor of the exchequer, Sir Michael Hicks-Beach when opening the budget announce ments, showed the total ordinary expenditure for 1902-3 estimated £129,159,000, with war charges amounting to £45,450,000, making grand total of £174,609,000, which £12,993,000 below the total for 1901-2.
