FOR WOMEN-You would be surprised like everything if you knew how many women use Omega Oil, the wonderful liniment that stops pain. Some of these women are away up in society, too, and have their maids rub the oil on them. Poor people, who can't afford maids, either rub themselves with Omega Oil, or get some one in the family to do it. You see, it is so very good

for tired shoulders, lame backs, stiff joints, sore throat, cold in the chest and rheumatism that you can't blame people for using it. Why, in a good many families, they get out a bottle of Omega Oil every night before they go to bed, because some one is sure to have a pain somewhere or other. This weather seems to make an awful lot of pains, and Omega Oil is just as necessary to health as an over-

coat or a heavy wrap.

It is good for everything a liniment ought to be good for. Your druggist sells Omega Off, or can get it for you of any whole-sale druggist. The Omega Chem-leal Co., 207 Breadway, New York, will muil a bottle, premail, for the, in cash, money order or stamps.
