The Kingston Rag & Metal Co., 389-391-393 Princess St.

COMMISSIONS ANNOUNCED.

CAPT. EATON TO BE MAJOR IN MOUNTED RIFLES.

Cadets Tett and Patterson, of the Royal Military College, Appointed Second Lieutenants - To Report on 22nd.

Last night announcement was made of the granting of these commissions in the third contingent of Canadian mounted rifles for South Africa.

To be major - Capt. D. I. V. Eaton, "A" battery, R.C.F.A.

To be first lieutenant - Capt. T. W. Taylor, 12th field battery, Newcastle, N.B., at present taking a staff course at the Royal military college.

To be second lieutenants - Cadets A. H. Tett and M. B. Patterson, Royal military college.

Capt. Eaton served a year in South Africa with "D" battery, R.C.F.A., in 1900, returning in January, 1901, and resuming his place at Tete de Font barracks. Since then he has been appointed adjutant of the battery.

Capt. Eaton wasn't satisfied with one year campaigning, and has been eager ever since to return and see more active service. He will be second in command of one of the troops. The captain is at present in Halifax, as one of the mobilization officers.

Cadet Tett, whose application for a commission was accepted, is a son of J. P. Tett, Newbury, and belongs to the second year of the Royal military college. Cadet Patterson's home is at present in Rochester, N.Y., though he is a Canadian. Both cadets are very young, but well trained, and fully capable of doing good service. They will report at Halifax on the 22nd.

Wants To Go Again. "Jack" Major arrived in the city yesterday from Halifax, where he was serving with the provisional regiment. Major was a former "A" batteryman, and enlisted here for the first contingent, with which he went through the South African campaign. He now seeks a place in the third mounted rifles, and to-day offered himself for enlistment at the armoury.

MARINE INTELLIGENCE.

Notes Regarding the Movements of Vessels. Richardson's elevator: Sloop Granter from Napanee. The steamer D. D. Calvin cleared for Toronto to land timber.

Crawford's and Schooners Acacia and Tradewind expected from Oswego, coal laden. The schooner Kate, of Cobourg, Plunket & Rooney, owners, has been placed on the ways at Trenton for repairs. They expect to change her hog bottom to a shear, and thoroughly repair her inside and out.

They Want To See Kathryn. The opera house license case has at last been settled. Local manager Marston paid the fee of \$50, and this morning showed his receipt to the magistrate. City solicitor McIntyre stated that he had no desire to press for costs.

"I take it out in trade," remarked the magistrate. "Yes, send us ground passes for Kathryn Kidder, and we'll consider it square," added the city solicitor. To which Mr. Martin laughingly remarked: "Perhaps it would be cheaper for me to pay the costs, and be done with it."

Marion Ashworth's Gowns. Marion Ashworth, who plays the leading female role next to Miss Kidder, in her revival of "The Country Girl," here on Wednesday next, has only been one season on the stage, but in that short space of time she has made wonderful strides toward success. Miss Ashworth is a tall, beautiful brunette. She possesses a magnetism that never fails to charm the spectators. As Alithia in "The Country Girl," she wears several exquisite gowns which were specially designed for her by Worth, in Paris.

"Side Tracked" on Saturday. All the characters in this fine play praise for the way they interpret life. The specialties, too, are very fine. Miss Harrison, the social entertainer, establishes herself as a decided favorite by her natural acting, and songs and dances. Marie Elmar and Margaret Mayfield appear to advantage in their different characters. "Side Tracked" will be the attraction at the Grand to-morrow afternoon and evening.

He Is In Quarantine. A Kingstonian, about to write on his examinations in dentistry in Toronto, has been deprived of the privilege owing to the fact that he is in quarantine. A student at the house where he was boarding developed symptoms that afterwards proved to be small-pox. The patient was removed and the house and occupants are quarantined. Efforts will be made to allow the Kingstonian to write on the examinations when his term of confinement is over.

A Midnight Fire. About one o'clock this morning, fire was discovered by John Brown, who clerk of the Wimbler hotel, in the machine shop of W. Moore, corner of Central and Princess streets. The fire was in a corner, but how it started is a mystery. The firemen put it out, and a hole was made in the wall. A large hole was burned through the floor, and much damage was done by water to the time consuming room underneath.

Sold Other People's Property. Recently a laboring man, while under the influence of liquor, disposed of a quantity of tools, which did not belong to him. Among the articles were two axes and several drills, belonging to Steve Litty, and a white level belonging to alderman McLeod. The police have recovered the articles, which were sold to A. E. Fisher, junk dealer, foot of Princess street.

"Bibby's Oak Hall 'Bibby's'." Take a look and tell us if you ever had a better suit than this, at \$8, \$10 and \$12. The H. B. Bibby Co.

George Mills & Co For best dollar hats.

SWEET BREATH.

When Coffee Is Left Off. A test was made to find if just the leaving of coffee alone would produce an equal condition of health as when coffee is left off and Postum Food Coffee is used in its place.

A man from Clinton, Wis., sends the following: "I have used Postum for a year I left off drinking coffee and tea and began to use Postum. For several years previous my system had been in wretched condition. I always had a thick, heavy, bilious tongue and a head that often accompanied with severe headaches. I was troubled all the time with chronic constipation so that I was morose in disposition and almost discouraged."

At the end of the first week after making the change from coffee to Postum I witnessed a marvelous change in myself. My once coated tongue cleared off, my appetite increased, breath became sweet and the headaches ceased. One thing I wish to state emphatically, you have in Postum a virgin remedy for constipation, for I certainly had about the worst case ever known among mortals and I am completely cured of it. I feel, in every way, like a new person."

During the last summer I concluded that I would experiment to see if the Postum kept me in good shape as whether I had gotten well from not leaving off coffee. So I quit Postum for quite a time and drank coffee and water. I found out, before two weeks were past, that something was wrong and I began to feel the same as when I was working properly, so I became convinced it was not the avoidance of coffee alone that cured me. I feel the great value came from the Postum.

Real Estate Transfer. Yesterday D. A. Cays, real estate agent, sold the property at 277, 279 and 281 Alfred street, for the Frontenac loan and investment society, to Capt. J. E. Scott, minister of the Wesleyan church. The property was purchased by Mrs. C. J. Scott, widow of the late Capt. J. E. Scott, minister of the Wesleyan church. The property was purchased by Mrs. C. J. Scott, widow of the late Capt. J. E. Scott, minister of the Wesleyan church.

Injured At Football. Albert Miller, Wilton, attending Albert college, was taken to the hospital last night. On Tuesday he was playing football, when he was struck on the back, causing a hemorrhage of the kidneys. The young man has lost considerable blood and is pretty weak, but it is expected that he will recover.

Spring Importation For 1902. Prevost has received all his spring importations, consisting of Scotch and English tweeds, also a fine selection of worsteds, chevots and serge for suitings and spring overcoatings. In patterns, he is showing a great variety of patterns. A first-class fit guaranteed.

BEAUTIES OF NATURE.

What a Drive Into The Country Revealed.

Kingston, April 16.-(To the Editor.) Letting me from a drive round your delightful Collins Bay, exhilarating by the bracing air, and literally bubbling over with joy, we long to congratulate you and all Kingstonians on your present and to this locality's new beauty.

Nature was in her sunny mood this bright spring day, and in a hundred ways she entertained and fascinated us completely. The joining of the birds, their charming plumage, the merry chorus of the submerged frogs, the tolling ploughman, all reminded us that winter was over and gone.

The woods and fields in their newness of life now, beneath forth sweetest, and from the brown covering of withered winter leaves the wildwood once more peeps forth in daintiest coat of heliotrope, purple and blue. Solomon in all his glory, is not more arrayed in his robes. More numerous even than the dainty avonmore the graceful may flower held up its tiny face, from every nook and corner, to catch the first warm kisses of the sun.

How delightful again the ripple of the sometime silent water, the glint of the whitening sail, the picture of the angler at his sport!

Yet we do not forget how beautiful was nature as we slept wrapped in her warm mantle of snow, girdled with her ice-bound lakes, but in her new spring dress of life and gladness, she kindles in us new life and vigor, and again we realize the truth of which the poet sings, "She never did betray the heart that loved her."

PERSONAL MENTION.

Yesterday J. H. Mills, auctioneer, sold the household effects of Mrs. W. E. Mann, Brock street. The sale was largely attended, and some of the best of the season. All the goods brought splendid prices.

During the next two weeks, while the alterations are going on in the store, we will give twenty per cent. off the following goods: Tulle, papered sponges, tooth brushes, hair brushes and combs, at Wade's drug store.

The season during which hoop-net fishing is legal has been extended from April 15th to May 1st. This will greatly benefit the fishermen, and they appreciate the action of the Ontario government.

Will open Saturday, James Gowley, 239 Princess street. Best class of fresh meats, ham, bacon, bologna, and sausages kept on hand. Telephone 170.

Should Not Tolerate It. There is perhaps no other city on the continent of America that would permit a drain to be left open in its principal street for a month, as is done in Kingston. Workmen started weeks ago to excavate a portion of Princess street so that water works could be placed in ex-alderman O'Brien's tailor shop, in the opera house block. The drain is still open, and the workmen have been working off and on for some time. No other place would tolerate such neglect. The pile of stones and earth is an eyesore, and the deep ditch, extending to the middle of the street, is positively dangerous to traffic. It is time the board of works took some action.

May Remove To Ottawa. To-day Baker's steam laundry changed hands. R. D. Baker, the proprietor, selling out to John Gaslin, jr. A Toronto laundryman will arrive to-day to take over the management duties of this growing concern. Mr. Baker will be in a week or so for Ottawa, to look over conditions there. He will probably start a laundry business at the capital. Mr. Baker has been an energetic and highly esteemed citizen and will be missed in Kingston.

Fixed \$5 And Costs. The adjudged charge against Edward Rosellon, for interfering with the motorman on the Williamsville street car, was heard. Rosellon was fined \$5, and costs. The company will prosecute every youth who interferes with the running of its cars.

Stylish Oak Hall "Bibby's." Stylish spring suits, "Imperial" and "Cornwall," \$8, \$10 and \$12. The H. B. Bibby Co.

Will Inspect Creameries. During the coming season superintendent Hart, of the dairy school, will act as instructor in the various creameries in eastern and central Ontario. His duties will commence about May 1st, and will take him as far west as the lake and as far east as the St. Lawrence. This is the first season that the creameries have had a regular, competent instructor, and the appointment shows, not only that the Ontario government is interested in the dairy industry of the province, but that it knows how to make a good appointment, because Mr. Hart is well qualified for the position.

Has Gone To Quebec. Sergt. Walter Creagan, color-sergeant of No. 6 company, 14th regiment, and son of master tailor Creagan, where he has secured the position of master tailor for the garrison. He was married on the eve of his departure to Miss Katie Jordan, and given a rousing send-off by his comrades. Sergt. Creagan did good work in No. 6 company, by the members of which he will be much missed.

Appreciated In The West. Superintendent Hart, of the dairy school, has returned from a trip to western Ontario. While in Guelph last week he attended a meeting of those who will be directly employed in dairy work the coming season, and will be in the service of the Ontario government. At the meeting Mr. Hart heard many flattering comments on the good work done by the Kingston dairy school. The opinion was freely expressed that the school should be enlarged to meet the growing demands on the part of those attending the classes. Mr. Hart thinks that a home dairy class could be profitably introduced here; this would tend to improve the quality of the butter sold on the local markets. Increased accommodation is greatly needed at the dairy school, and no doubt the government will soon see the necessity of it.

SCROFULA. "Scattered consumption" is a good way of describing this disease. It is in fact a real consumption of the little glands under the skin.

Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

TRAINING SHOULD HELP CHAUCER ELLIOTT TO THROW SAFELY TO SECOND.

A Four Corned Race is a Possibility on Lake St. Clair This Summer—General Notes.

The Toronto lacrosse team play the South of England, at Lord's on Saturday.

Toronto baseball team opens the Eastern league series at Buffalo on May 1st.

Montreal, Newark, Jersey City and Providence, Eastern league baseball teams, made a remarkably good showing in their games against the big league teams.

Schafer and Vignaux are matched for billiards in Paris, May 2nd, for the world's championship. The game is 300 points at 18-inch ball-line, one shot in ball.

A four-cornered race between Beaver and Invader, the Canadian representatives in the Canada Cup races of 1899 and 1901, and the Geneva and Cadillac, the United States boats in the same races, is a possibility for Lake St. Clair this summer. Plans are already on foot to bring about the event, which will be one of the most interesting ever pulled off on the lakes.

The Toronto Globe says that "Chaucer" Elliott got in his usual low throw to second, that he seems too eager to get the ball away fast, and as a consequence sacrifices accuracy in favor of speed. The only weak throw "Chaucer" ever has was his training should make that accurate. It's just as well that the deficiency should be strongly pointed out, as improvement is sure to follow.

INCIDENTS OF THE DAY.

PARAGRAPHS FICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

Reductions in all lines of men's suits for Saturday, Grand Union. A special meeting of the board of education will be held this evening.

Isn't it funny when a fellow gets the spring fever it seems to take all the spring out of him? A piano tuner from Chikering, New York. Orders received at McAuley's book store.

When washing grass dishes or pots and pans, Leaver's Dry Soap (a powder) will remove the grease with the greatest ease.

At the last meeting of the local branch of the I.O.O.F., twelve applications for membership were received. Last evening Kingston lodge, No. 29, I.O.O.F., initiated three new candidates, and conferred the third degree on seven others.

Veteran drivers acknowledge "Caramel" will be the best bright chewing plug ever made. Refuse imitations and insist on getting "Caramel."

On the way to the malt house five yesterday morning, a man dropped off his horse walking. Its return will be welcomed at either fire station.

Bicyclists were out in full force last night. The roads were smooth, the air balmy and the bright moonlight made it a pleasant evening for wheeling.

Just received another shipment of that choice maple syrup. Now is the time to put down a few bottles for future use. Don't forget this. W. J. Crothers.

CITY AND VICINITY.

House Cleaners. Use furniture restorer and save money and time, at James Reid's.

"Bibby's Oak Hall 'Bibby's'." Our high grade clothing costs no more than the common kind, sold everywhere. \$8, \$10 and \$12. The H. B. Bibby Co.

To Lay The Corner Stone. Hon. Mr. Harcourt, minister of education, will lay the corner stone of Queen's new mineralogy and physics building at eleven o'clock Wednesday morning, April 30th. There will be a fitting ceremony.

Position For A Graduate. W. H. McColl, who attended the Kingston dairy school during the past winter, has taken a position as butter maker in McNeill's creamery, at Lyn, where he will no doubt prove a successful maker.

All Lovers Of Fruit. Will be pleased to know that T. H. Ferguson has received a large shipment of fresh pineapples, rhubarb and bananas. Prices right, at the new store, Toy's old stand, King street.

Fast Driving Again. Residents of the vicinity of Victoria park have complained to the police of the habit certain people have of driving their horses fast in that recreation ground. It is claimed that the by-law against fast driving is being repeatedly broken, and that it is becoming dangerous for children to play in the park. The police will keep an eye on the fast drivers.

Warrior Woe. Through damp, cold and exposure a brave soldier who left his life to fight for country's honor, has been "invalided home" because of the nature of the battle ground—Rheumatism. South American Rheumatism Cure will absolutely cure every case of Rheumatism in existence. Relief in six hours. For sale by Henry Wade and E. C. Mitchell—08.

The Remains Buried. Coroner Munnell visited Wolfe Island on Thursday afternoon to view the body of John Wright, found in O'Brien's field. It was lying on one side, the knees drawn up, and the overcoat and cap on. In the pockets of the dead man's clothes were found his watch and a twenty-five cent bit. The watch was torn at the knee, on which there was a slight abrasion and some, caused no doubt by crawling through the barbed-wire fence. There was no sign of any food after the coroner's visit. An inquest was unnecessary. The remains were buried in the Wolfe Island cemetery.

Good Advice. The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects, such as sour stomach, sick headache, habitual constiveness, pallidation of the face, heartburn, water-brash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it. For sale at Wade's drug store.

Grand Opera House. The melodrama, "Man to Man," produced at the Grand opera house last night, had a small audience. The play contained altogether too many of those sensational stereotyped situations of villainy, in which the hero and the heroine turn up at the right moment to look to be of any merit. It is said to be the production of a New York newspaper man, but he evidently wrote it for a company touring the mining camps, or for places like Belleville. However, the company was better than the play, all the characters taking their parts in a natural manner as the story would allow. Myrtle May, Florena Glosenski, George Whitman and Max Von Metzel especially did good work.

Appreciated In The West. Superintendent Hart, of the dairy school, has returned from a trip to western Ontario. While in Guelph last week he attended a meeting of those who will be directly employed in dairy work the coming season, and will be in the service of the Ontario government. At the meeting Mr. Hart heard many flattering comments on the good work done by the Kingston dairy school. Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

DIED AT KINGSTON.

Miss Martha Thompson Passed Away on 9th Inst.

On Wednesday evening last the remains of Miss Martha Thompson, daughter of George Thompson, Moira, arrived via Bay of Quinte railway from Kingston, where her death occurred. Deceased, about twenty-one years of age, had suffered for some time from a mental derangement, resulting from a severe fall. She had been confined in the asylum at Kingston for some months past.

The funeral took place on Thursday last from the B. of O. railway station here to the Moira Methodist church, where service was held, after which the remains were interred.

A Double Effect.

There is a paragraph in the new British war tax that is worthy of attention. He says:

"There is wisdom in the tax for it says to the Boers that Britain has provided money for another year of the war."

The point is not likely to be lost on the Boers. A knowledge that the British nation is united to fight the war to a successful finish will go a long way toward discouraging the Boers. Unfortunately the Boers have been given to believe from the start of the war that the British were divided in opinion and that the peace party were a powerful factor, whereas many never realize either Britain's material or financial strength, and now that their own sinews of war have run low, as they must have, Britain's determination as shown in the budget speech should prove a powerful argument for peace.

"Bibby's Oak Hall 'Bibby's'." Dresser, ready to wear, that rival merchant tailoring, \$1 to \$4. The H. B. Bibby Co.

W. Swaine, piano tuner. Orders at McAuley's book store.
