LIFE IN THE BRITISH ARMY

SPLENDID MOVING PICTURES SHOWN LAST NIGHT.

The Attendance Was Small, But All Were Delighted-The Life avenue, Westmount. of a British Soldier Realistically Portrayed.

There was a very small attendance in Ontario hall last evening to witness the moving pictures of "Army Life." The first of a four days' gagement it was, and it must have been a little discouraging. The pic tures, which are as clear and steady as any seen here, are remarkably good. As the pictures of "Our Navy last year showed life in that branch of the service, so do these pictures pre sent it in another branch.

The pictures cover a multitude of

phases of military life, from the raw recruit to the thoroughly trained soldier in an active engagement. They served to show what a hard training and what wonderful skill and dexterity he displays. The scenes of gymnastie exercises, pyramid building, etc., for cabinet ministers, senators and elicited hearty applause from the au- members of parliament with their dience. Included in the long list were illustrations of reserves at Aldershot, kit inspection, City Imperial Wilmot, jeweler, Ottawa, has enlisted volunteers at breakfast, dinner in for service in South Africa with the camp, physical drill, cavalry train third mounted rifles. > Every loyal subject of his majesty would find a great delight in these British soldier as he is in every day life. After witnessing these realistic illustrations one can almost exclaim

> with Kipling : I have drunk your water and wine, The deaths we died I have watched besid The 14th regimental band was present, and contributed a number well-rendered selections. The pictures, given under the auspices of Col. Skin ner and the officers of the 14th regi ment, will be shown to-night and the two evenings following.

> A Pleasant Assembly. A pleasant assembly was held in A.O.H. hall, Brock sstreet, last even ing, under the able management of E. J. Gormley and Joseph Brennan. Between thirty-five and forty couples were present. Music for dancing was furnished by Staley's orchestra. The assembly broke up about 2 a.m., after a very pleasant evening. Messrs. Gormley and Brennan are to be con-

ratulated on its success. TO TENDER FOR UNIFORMS

According to Sample at City Er-

gineer's Office. The civic fire and light committee met vesterday afternoon to consider the asking for tenders for firemen's

uniforms. Present : Ald. Bell (chair) man); Alds. King, Harkness, Farrell and Craig. The chairman submitted a long same

ple of clothing secured by himself and the city engineer. The goods, he said, were much dearer than they were a year ago. The city engineer suggested that the

men turn in their brass buttons and get them silver-plated; the whole job could be done for \$1.90. They could save about 90c. a suit on the buttons, by using the old ones, instead of purchasing new ones. The firemen desir-

the engineer; the cloth not to be inferior to the sample submitted; tenders to be in by Friday, at 1 p.m. Ald. Farrell stated that at the pre-

Carried. vious meeting he was given to under stand that the cap submitted could only be purchased from a United States firm. He had since learned that a Canadian firm manufactured these caps, and he wished the tender read, that "they shall be equal the sample in the city engineer's fice." This was tacked on to Ald Craig's motion.

Fops Are His Specialty. Sparklish in Kathryn Kidder's revival of "The Country Girl," which will be seen in this city at the Grand opera penitentiary. house, Wednesday, April 23rd, is considered to be one of the best actors in his particular line in this country. Mr. Ferguson's speciality is fops. In "The Country Girl" Mr. Ferguson has an excellent opportunity to display his ability as an airy coxcomb. In Miss Kidder's supporting company are several other actors of national reputation, such as Louis Massen, Marion Ashworth, Seymour Stratton and T. C. O'Brien.
