The Cash Standard.

Knosonian, in Westminster.

The day may come—some people not specially pessimistic say it has come already—when every man will be judged by the amount of money, he has or can control. We have heard and read many a time that even in some of the churches across the line the almighty dollar reigns supreme. The worth of a congregation is measured by its wealth and the value and twelve pounds of biscuit aboard. I gave everybody a little drink of water and a piece of biscuit at six o'clock in the morning, and at six o'clock at night. We had a small jury rig, and by rowing and sailing, we made Dominica in eleven days. I don't want another trip like it. We were pretty close to starvation, and dying of thirst. Our food and water was all but gone when we got ashore. What we had, had only kept us alive so that we could suffer. The us alive so that we could suffer. and kidney trouble so had that he could not get around. After trying everything he could think of, without obtaining relief, Dr. Pitcher's Backache Kidney Tablets, the new, scientific remedy for kidney troubles was suggested to him. He decided to try them and with what results we will allow him to re-

"I was ailing with a terrible pain across my back and kidneys. It commenced gradually getting worse, so that I was obliged to stop work. I tried plasters, pills and liniments, until I was almost ashamed to enter a drug store, and they all failed. I came across a man who had been using Dr. Pitcher's Backache Kidney Tablets and he advised me to try them, and while I used them and ever since, I have never known what it was to have a pain or ache in the back or kidneys. Therefore I would advise any person who is troubled with kidney or backache trouble to use Dr. Pitcher's Backache Kidney Tablets by all means, for I can highly recommend them ahead of anything else I know of, for they have made a sound man of me when I could hardly walk up the street before I took
