Trenton, N.J., April 30.-The Great Northern of Canada consolidated company, with a capital stock of \$100,-000,000, was incorporated yesterday to operate railroads in the northwest. The incorporators are Benja-min P. Moore, John Menaught and Arthur L. Meyers. The agent of the company is the Corporation trust company, of 15 Exchange Place, Jersey City. According to a report which the new company is backed by James

J. Hill and the Northern Pacific and
Canadian Pacific railroads,

The specific purposes of the corporation, according to this report, is to construct a railway from Duluth, Jinn., to Dawson City, Yukon terribring freight to Duluth from a great area in the north-west, heretofore tapped by no railway, and to load it on boats at Duluth for shipment to east-

ern points and Europe. A large portion of the projected wilderness, in some cases hundreds miles from any other railway. It further asserted that the cost of struction will be considerably in excess of \$100,000,000. These reports lack positive confirmation.

Ottawa, April 30.-Speculation lantic railway as regards the effect upon the official staff of the road as the result of the sale. It is accepted that, to all intents, the line will be amalgamated with the Rutland road and very largely managed by one of ficial staff. It is not assumed that the axe will fall heavily, but that there will be a shake-up among the of ficials and probably reductions present positions while several be altogether dispensed with. Those likely to be affected more particularly are said to be some of the higher of-

ficials more than the general clerical staff. Although general manager Chamberlain says he has no information on the subject, it is understood that he will either manage or accept a higher position in respect to the management of the two railways. The Ottawa headquarters will not be removed, but rather be reduced in status and take the character of a divi sional office, with some change in the personnel and general direction
