PETITIONING AGAINST IT RESIDENTS WANT STREET WATERING STOPPED.

The Board of Works Takes Action—Will Venerate the Land-Engineer Will Examine a Drain. A regular meeting of the civic board of works was held in the city engineer's office at 4 p.m. yesterday.

The city solicitor also wrote concerning Miss Gilderslove's petition for a drain on Sydenham street. He stated that the sewer in question was a private one owned by Mr. Mills, but that under the by-law it could be adopted as a common sewer.

The chairman pointed out that as soon as a drain was laid in the public street it became the property of the city.

After a little discussion it was moved by Ald. Walker that the city engineer report at the next meeting as to whether the drain of sufficient capacity to drain the property of Miss Gilderslove or others wishing to enter. Carried.

The opening up of Patrick street, for which a number of residents petitioned, was taken up. As instructed by the city engineer wrote to Mrs. Mary McDonnell, Chicago, asking for what sum she would sell a lot required in opening up that street.

Prof. Macgillivray and others petitioned for the grading of Albert street, south of Union street, which the petitioners claimed was unfit for travel.

The petition of David Vick and others, to have the boardwalk on Barrie street, north of Reglan Road, moved outside the boulevard, was read. Moved by Ald. Craig that the petition be granted under the usual conditions, if sufficiently signed.

A petition for street watering on Montreal street, between John and Charles streets, was granted on motion of Ald. Dunlop.

R. D. Anglin and others requested that street watering on Union street be discontinued. Ald. Craig moved no action. This was strenuously opposed by Ald. Dunlop, who fought it "to the last ditch."

Ald. Harkness—This is one street that should be watered before all others.

Ald. Dunlop moved that the matter be left in abeyance and that the superintendent of the hospital be asked what effect the absence of street watering would have on that institution.

This was severely criticized and afterwards struck out. Ald. Craig moved that the petition be granted, which motion was carried.

Mrs. Metcalfe and others petitioned that street watering be discontinued on Princess street, between Victoria street and the water tower. Granted on motion of Ald. Harkness.

The board adjourned, having transacted much business in the two hours it was in session.

Need Of A Dumping Ground. Ald. McLeod, chairman of the civic board of works, is strongly of the opinion that there should be provided a suitable dumping ground in the city.

People are dumping refuse in places where there is objection to it. Complaints have been made of refuse dumped into Alfred and lower Bacoit streets.

Use furniture restorer and save money and time, at James Reid's.

GRAND OPERA HOUSE.

Last Night's Play Caused Mirth and Pleasure.

There was a large and laughter-stricken audience at the Grand opera house last night. The cause of the twisted faces and general uproar was "All On Account of Eliza," a rural comedy, which takes rank as the best of its class that has appeared here. It is most entertaining, and produced by a clever company, at the head of which stand Mr. Massie and Miss Clara Lipman.

The staging was most realistic. All next week the company plays at the "Academy" in Montreal.

Players And Playhouses.

The Grand opera company realized \$130,000 during two weeks in Chicago.

Elen Terry makes her first appearance in England since her recent American tour at Stratford-on-Avon, in Shakespeare's Henry VIII.

Friends of Jean de Reszke in Paris have subscribed three million francs toward building a small opera house in the neighborhood of the Arc de Etoile, which he is to manage.

Melba is coming to America next year to tour in concert for the first time, in several seasons. Calve has not been drawing so well as of old, but she is still popular with students.

Mr. Pease is in public life to-day because his party asked his services and because he feels that it may be in his power to accord these services creditably and to the satisfaction of all.

Mr. Whitney's meetings next week will be as follows: Uxbridge, May 12th; Burlington, May 13th; Galt, May 14th; Owen Sound, May 15th; Toronto, May 16th, afternoon; Walkerton, May 16th.

The electorate of Kingston, without distinction of party, can trust Mr. Pease as their representative.

In Brockville the cause of the conservative party is being injured every day by the billings and wrecks disseminated for truth and decency which characterize the columns of the paper that pretends to be supporting it.

The Ross government is only on the threshold of its energetic and business-like policy of opening up New Ontario. Much has been done, much remains to do.

A speaker pointed out that in thirty long years of administration it had yet to be said that the Ontario government was doing anything to tarnish the honor of the citizens of the province.

Mr. Whitney has no policy on education. He says in a hazy way that he will improve our school system, but does not tell how.

The Curves Are Too Short. The street railway company finds that the curve at the Union street junction is too small to allow the large, open cars to be freely operated.

Hard To Get But We Have Them. Fancy apple pickles, choice North Carolina strawberries, sweet, juicy, seedless oranges, fine ripe pineapples, fancy fat bananas.

No Need. To pay 15 or 20 dollars for a suit when you can buy a real hotsey serge, heavy weight, for \$10, at Jenkins.

All Day Saturday. Big hat values at Campbell Bros.

Paterson's sweet pickles. Paterson's sweet ginkles. Paterson's stuffed pickles. Paterson's stuffed mangoes. Paterson's chili sauce. Paterson's tomato chutney. Paterson's tomato catsup. James Reid & Co.

REMEMBER ROSS AND PENSE

THEY REPRESENT ONTARIO'S BEST POLICY.

Mr. Pease Has Been as Loyal to Kingston as Mr. Ross Has Been to Ontario—Both Should be Returned Again.

Prepare to aid him. Prosperity will follow on. Premier's development plans. By making Kingston solid for Ross. For his return is quite assured. Liberals buckle in!

The liberals of Kingston are solid for Ross and Pease. Wise voters will not vote to stop the development of the province.

The government may be old, but it is a good deal younger than the opposition.

The Tories do the boasting now; our turn to shout will come on the evening of the 29th.

Is the policy of the Ross administration, which is one of progress, worthy the support of the people?

Can the oldest inhabitant ever recollect more prosperous times in Canada? Surely, then, it is not time for change.

During all the years of liberal rule the opportunity have never been able to point to one dollar of the public money corruptly spent!

The Kingston Times (Ind.) reviews the cost of public school-books and attributes: "The cost is not such as to cause any reasonable person to grumble."

The qualification for voting in the city is residence of one year in the province, three months in the city and thirty days in the constituency prior to May 12th.

Mr. Pease is in public life to-day because his party asked his services and because he feels that it may be in his power to accord these services creditably and to the satisfaction of all.

Mr. Whitney's meetings next week will be as follows: Uxbridge, May 12th; Burlington, May 13th; Galt, May 14th; Owen Sound, May 15th; Toronto, May 16th, afternoon; Walkerton, May 16th.

SPORT IN GENERAL.

Notes About the Various Sporting Fields.

Rugby holds sway in Winnipeg. It is likely that Clancy, of football fame, will be appointed captain of the Capital lacrosse club.

The Montreal baseball team of the Eastern league hasn't yet won a match. Manager Hooley's motto is: "Dum spiro spero."

The executive committee of the C. W. A. will meet in Toronto shortly to arrange the details for the annual Dominion C. W. A. to be held there this year.

The London Field, which sharply criticized Edward H. Ten Eyck, of Worcester, when he won the diamond souls at Henley, places considerable stress on the fact that there is not a mechanic among the eight-oared crew of the Argonaut rowing club.

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People Are Talking About—Nothing Escapes Attention.

Try our Nelson cake, W. J. Crothers. Natty wear for boys at Livingston Bros.

There are quite a few cases of scarlet fever in the city. Lady Cartwright entertained at a luncheon party to-day.

Read this correctly: That that is is that that is not is not. There was no business for the police magistrate to transact this morning.

Mrs. Stanley Galway, Brockville, is visiting her sister, Mrs. Archibald Sinclair, Nelson street.

Livingston's got the best ready-to-wear clothing. A deaf and dumb resident of Prescott sought protection in the police station last night.

A boat of lightning struck a tree in the grove at the Roman Catholic church, Portmouth, during Thursday night's storm.

Pure cream puffs and charlotte russe, W. J. Crothers. Prof. Shortt has accepted the editorship of Queen's Quarterly, owing to the illness of principal Grant, who had undertaken that work.

The following civic committees were called to meet to-day: Printing and fire and light, 4 p.m.; finance, 8 p.m.; city council meets on Monday night. Visit the Grand Union Saturday for value in men's and boys' clothing.

The house of Mrs. Beaton, Front Road, Pittsburg, was burned down on Wednesday night, with a loss also of a part of the furniture. The insurance was \$300 only.

HOLDING HIS OWN. Principal Grant Said to Be Doing Fairly Well.

Principal Grant may, owing to his indomitable will power and his readiness to comply with all the demands of his physicians, reach again a condition of health which will tide him over for some time to come.

This is the hope of his friends. The attack he has just passed through was more severe than that of last September, but it has not been so prolonged, so that his strength was not so severely taxed as on the previous occasion.

The late operation helped to clear the choked and congested avenues of the kidney and to again, in some measure, perform its functions; if this can be maintained there is hope of the prolongation of his life.

Dr. Garrett announced at 10:40 a.m. that principal Grant was doing fairly well, that he had passed a good night, maintaining the improvement manifested yesterday.

Hamilton Herald: Principal Grant's life depends upon the ability of his kidneys to resume their functions after the critical operation which he has undergone. More power to this good man's kidneys!

They Remain in Canada. Since the beginning of the year twenty-nine pupils of the city public schools have left the city, and it is pleasing to see that only four of these went to the United States.

The remainder were scattered all over Canada from Ottawa to the Pacific coast. There was a time, not very long ago, when the immigration from every city went not to another Canadian city, but to an American one.

Happily, this has now practically closed. Canada is fast developing under liberal rule, and can give employment to all her sons and thus keep them under the old flag that is the symbol of liberty, equality and protection; the world over. It is pleasant to know that the tide of Canadian immigration to the United States has been checked.

Plans Fully Developed. Yesterday R. J. Carson received a letter from the Boston capitalists who are at the head of the Toronto-Cornwall electric railway project.

They wrote that they would be in Kingston within ten or twelve days, or as soon as they concluded some important business which is now engaging their attention in Boston.

As soon as they arrive they will at once interview the councils of the municipalities through which the road will run, to obtain their consent. Mr. Carson expects that their plans will be fully developed by the time they arrive.

Should Have Had A Photograph. Trooper Bert Hanson, Ottawa, writing home, says: "Lieut. Carruthers on the rear guard with a troop, lost a lot of his men, he being captured after a brave fight and his clothes riddled. The Boers let him go and he came into camp with a lot of old clothes and a Tommy's helmet."

Make Way For The Girls! A party of our bright girls, of the younger set are going down to the annual dance of the Royal military college, at Kingston, next month, among whom are, Miss Gladys Buchanan, Miss Mary Miles, Miss Eva Miles, and Miss Meta McBeth.

A Time For Furs. There was a big change in the atmospheric conditions during last night. Following the heavy downpour of rain, came a cool wave. Early this morning the thermometer registered but a few degrees above the freezing point, and there were snow flurries.

For Preserving. Big shipment of pineapples. Now's the time to preserve them. See those at Ferguson's, next the Whig office. Fine Picton asparagus now on sale.

No Matter How Lean. Or how fat your purse, you can save money on your new hat at Campbell Bros, 51 Princess street.

Confirmation Suits. Good quality black serge, perfect fit, well made, \$2.75 to \$5. Jenkins.

All Day Saturday. Unexcelled values in men's fine hats at Campbell Bros.

A FEW OF THE BARGAINS

AT Roche's Old Stand.

Best Petroleum (white kerosene) 2c a lb. All 10c. Soap for 5c. All 15c. Soap, 3 for 25c. All Candles at Half Price. All 25c. Tooth Brushes at 12c. or 3 for 25c.

Kibler's 25c. Combination Powder for 10c. a box. Watch this store for drug bargains. E. C. Mitchell, Market Square Drug Store. Established 1819 Phone 230.

Our Goal is as Clean as Though It Were Washed and Brushed.

EACH LUMP STANDS BY ITSELF, GOOD solid coal—no much silted. After one reaches the surface of the earth from the mine, impurities are picked out by hand. Therefore it is assured several times before it reaches you, and dirt, slate, etc., really have no chance, if the buyers are careful. We see very careful.

Crawford COAL THAT SUITS. Foot of Queen St.—Phone 9.

For Even Heat Swift's

Scranton Coal

Ask Cook! JAMES SWIFT & CO. Phone 135.

THINKING OF COAL? Of course you are. It's a natural thought at any season. You want coal, too, that serves the best purpose, that brings the fire going to the best advantage. Here's coal—no silt, no dirt, no slate—which will provide full value for what it costs.

THE RATHBUN CO.

To Thine Own Self Be True.

Why cheer yourself by buying inferior butter on the market when you can get the best made fresh every day by THE CLARIFIED MILK CO?
