No Money Is Wanted.

Tell me the name of a sick one and I will mail book That is all I ask-just a postal card.

I have spent a lifetime in learning how to cure chronic troubles, and you should know what I learned. Then, if you think me right, I will let you take the treatment at my risk.

I will even do this :-I will send with the book an order on your druggis for six bottles Dr. Shoop's Restorative. He will let you take it for a month; then, if it succeeds, the cost is \$5.50. If it fails, I will pay your druggist myself.

I will leave the decision to you.

You cannot afford to say "no" to that offer. a remedy so sure that it can stand a test like that nust have remarkable merit. Don't be incredulous, nor let prejudice deter you. Remember that your health is at stake, and all I ask is a postal card. Find out what I know.

My restorative strengthens the inside nerves, which no other remedy reaches. My book explains why. I don't doctor the symptoms, nor the organs them-selves. But I bring back the nerve power which alone nakes all vital organs act.

If an engine was weak, you would give it more steam. That is what I do with weak organs' I give them more power; more nerve power. They do their duty then.

That is why I succeed where other treatments fail.

Sometimes I fail, too, but not often. Only when a cause, like cancer, makes a cure imposs In the past five years I have furnished my treatment to over 600,000 sick people on terms like these. My records show that 39 in each 40 paid for it. There are 39 chances in 40 that I can cure you. If I succeed, you are permanently well. If I hall, I alone am

Sometimes it has been said that its work is in tangible, and this is true to a certain degree, nevertheless the printed pages of "Achievements" in the annual reports are proof positive that highly practical work has been accomplished by the council. If no other work had been done by the local branch than the replacing of Lord Sydenham's tablet in the Cathedral the council would not have lived in vain. But much else had been done, and much else would be done. She emphasized the fact that it was not necessary that there was quiesence it must not be supposed that the interest had abated. ### SHE PATIENTLY BORE DISGRACE

A Sad Letter From a Lady Whos Husband Was Dissipated

How She Cured Him With a Secre

"I had for years patiently borne the dis-grace, suffering, misery and privations due to my husband's drinking habits. Hear-ing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I lecided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craving for liquor. He soon began to pick up flesh, his appetite for solid food return-ed, he stuck to his work regularly, and we now have a happy home. After he we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as was to give your remedy a trial."
