SLAYS A RELIGIOUS FANATIC Mine Superintendent Shoots Man

in Self-Defence. Dawson, Yukon, May 10 .- Joseph Treadwell mines on Douglass Island, Alaska, shot and killed Nick Jones, a religious fanatic. Jones claimed that God had appointed him to have Meand McDonald was warned. When the men met, Jones told McDonald that his time had come, and attempted to pull his gun. Before he could do so. however, McDonald shot him. died within an hour. The coroner's jury exonerated the slayer.

Resolution Adopted. following communication has been handed in for publication : "The trades and labor council.

Thursday, appointed a committee confer with the building trades' council, Friday last, re the repeated attacks on the labor unions, made by Prof. Martin at the board of education: A joint resolution passed

"(1) The two central organizations ston note the repeated insulting at tacks made upon them by the individual, who although coming from the labor ranks (he being the son a farmer), is now evidently seeking a cheap notoriety by senseless attack upon a section of the community to which he should properly belong;

"(2) They also note the motives actuating the member who (smarting under stripes, administered a few days previous), with much difficulty, se conded the amendment to the property committee's report, also of the other two members who voted for it. "(3) The members of the board who are also union men, best served the cause of unionism, by treating as they did this wanton insult with the contempt it deserved, and calling for

the yeas and nays. "(4) We also desire to publicly press our appreciation of the fair and members, and the property committee, who voted in support of a communication addressed to the board by a The king's half-million poor guests respectable body of taxpayers, who are public school supporters.

### The Latest Out.

Mistress-Now, Bridget, how often have I cautioned you against breaking the ninth commandment? Bridget-Incade, mum, an' I guess it must 'a' been the cat done it.

Mrs. Jones I don't see what she wantees to marry him for; he has cork leg, a glass eye and false teeth Mrs. Smith-Well, my dear, you know women always did have a han kering after remnants.

CAMPAIGN IN FRONTENAC. Frontenac May be Redeemed by

the Liberals. Frontenac, in the interests of W. Shibley, the liberal candidate, is progressing favorably. Everywhere the meetings are well attended, and much enthusiasm prevails. Mr. Shibley's own popularity, and the fact that he is assisted by such able speakers as Col. Hegler, of Ingersoll, J. L. Haycock, the former patron leader, and several local gentlemen, gives his friends every confidence that he will be elected, while the record of the Ross administration so directly appeals to the people of the county that in their own interest, and in the interest of good, honest and progressive government, it is firmly believed that Frontenae will be found on the 29th electing Mr. Shibley as their represen .

Meetings have been held this week at Bellrock, Howe Island, Verona, Fermoy, Collins Bay and Perth Road, at all of which there have been large attendances and the utmost enthusiasm prevailed. At Fermoy a joint meeting was held on Thursday evening, at which Col. Hegler had the opportunity of meeting Mr. Gallagher and Mr. Avery, M.P. The general feeling of the meeting was that the arguments of the opposition were effectively answered. Col. Hegler has proved of great assistance to Mr. Shibley as most forcible and eloquent campaiguer, and where argument fails to convince the opposition he has the happy faculty of turning the tables upon them by his fund of anecdotes, told in his own inimitable fashion. which always has the effect of bringing down the house, and it is to b hoped that he will remain in the constituency until after the election. Howard Reynolds has also rendered most valuable assistance in explaining

local issues, and makes a most conwhole it looks as if Frontenac will be redeemed in the liberal interest.

Whitney's Record. What have been the issues presented on the other side? First, we have the ballot frauds. Fair elections are of the very first importance; it is impossible to exaggerate their importance. But these are not to be secured by turning Mr. Ross out and putting Mr. Whitney in. Mr. Ross is not a cam many man. He is just as honest as Mr. Whitney, and just as determined to kill the reptile of electoral fraud and corruption. On the other hand, Mr. Whitney is not pre-eminently a champion of free and fair elections. The idea is an afterthought with him. He was never troubled about it until he wanted an election cry. He was not shocked by the gerrymander. He was not shocked by the revelations of wholesale bribery in dominion elections. He was not shocked by the theft of the constituency of Queen's, N.B. There is no reformer who can look back at Mr. Whitney's career with gratitude and say : "There is a man who always stood by the free dom and fairness of elections regardless of party.

To Greet French Visitors. Washington, D.C., May 20,-Several vessels of the North Atlantic squadron left to-day to meet the French warship Gaulois, which has on board the distinguished delegations appointed to represent the French government at the Rochambeau monument dedication. The Gaulois will be escorted from the capes to Hampton Roads. to be met by the remainder of the North Atlantic squadron, which will convoys her to Annapolis. If the French vessel arrives on schedule time the visitors will be formally welcomed at Annapolis to morrow by the presi dent's commission, and the following day will come to this city.

Sweat is the sewerage of the system. The foot soles are among its chief outlets, and shoe soles should be its

scavenger. Accumulated sweat is an irritant poison-a sort of caustic which gnaws the foot, and burns the leather.

The RESILIA is the only shoe having a drainage system to carry off foot moisture as created.

In it the perspiration passes down through the porous leather insole, to the cross channels or sewers beneath, where it is carried off and dried up by contact with the air.

This prevents the concentration of sweat, and with the ventilating device Leeps the feet dry, clean, hardy and healthy
