Flags Flying To-day.

The flags of public and business buildings, and on private residences, were flying to-day in honor of the eighty-third anniversary of the birth of the immortal queen Victoria, who, being dead, yet lives in the hearts of the British people.

A WORD TO BUSINESS MEN.

Kingston Can Have Its Share of The Trade. Every manufacturer, every man of business is interested in the creation of new markets, in the expansion of commerce and industry, in the completion and perfection of our systems of transportation. The railways are encouraged and aided by the government in bringing the trade of New Ontario to the cities and towns of Ontario instead of its being diverted to the east, and going to build up Montreal.

Do the various business men of Ontario fully realize what this means to them? Do they appreciate the great possibilities for extension of trade and increased prosperity, which have been created by the energetic policy of the Ross administration?

Went To Next Tender.

In the report of the awarding of contracts for the renovation of A. B. Cunningham's building on Market street it was stated that McKelvey & Birch had been given the contract for doing the heating, plumbing and tin-smithing. It was found afterwards, however, that that firm had neglected to include in its tender the cost of the plumbing. The contract was yesterday awarded to the next lowest tenderer, Simmons Bros.

Machine Burned Out.

A large crowd gathered on Princess street last evening to see the steam-traction engine shown from a window at the reform committee rooms. All worked well for a while, and then the machine burned out. A large number of people were disappointed. But there was no help of it. The view will be shown again some evening soon.

FIRE AND LIGHT COMMITTEE.

A Fireman Given Leave of Absence—Bridges to Turn Out.

A regular meeting of the fire and light committee was held in the city engineer's office yesterday afternoon. Present: Chairman Bell, aldermen King, McCann, McFarlane and Farrell.

A number of accounts were discussed and ordered to be paid. The Victoria day celebration committee asked that the fire brigade turn out on that day, guaranteeing \$20 for expenses. Ald. Farrell moved that the request be granted. This was carried.

Fireman Foden asked leave of absence of five weeks to enable him to go to attend the coronation, he having been appointed to a place on the contingent.

On motion of Ald. Farrell this request was granted. Mr. Foden allowing his pay to go towards that of a substitute and being granted against him and for which he will be paid. Carried. Callman John Burns will be the substitute.

Some necessary repairs to No. 1 fire station were referred to the engineer, and the chairman of the city property committee. These gentlemen requested to act at once.

Will Be Much Condolled With.

The sympathy of readers of the newspapers everywhere will be extended to Mr. and Mrs. Thomas Smith, Fenelon Falls, who had two children killed by lightning on Thursday, after losing two others through illness within a month. It is inexplicable how, sometimes, misfortune seems to deal blow after blow upon one family, while others are passed over altogether.

Fine Assortment To Choose From.

Prevost, of the New York clothing store, Brock street, has surpassed any previous year in fine tweeds, worsteds, serges, chevots, etc., for our work. Large variety of patterns to choose from a first-class fit guaranteed.

Election Returns.

Will not effect the quality of our ice cream. It is absolutely pure; made from clarified milk, company's pure cream, and flavored in our cozy dining room, or delivered to you in quart bottles. Any flavor; ready for use. J. Hisscock.

Young Men Will Remember.

A liberal government enfranchised the young, and gave them a chance to register. Mr. Whitney's party opposed manhood suffrage registration. Where then should the young man place his ballot? The public appreciate the bargains we are offering at Roche's old store. They are bona fide, and won't last long, so don't delay. E. C. Mitchell.

"BLUE MONDAY."

No Use For It Any More. How good food put a good minister on his feet again is an interesting story. He says, "A little more than a year ago I commenced the use of Grape-Nuts Breakfast Food. At that time I had been suffering from dyspepsia for about five years. I had tried all the remedies my friends told me about but with no permanent relief. My stomach duties at that time were practically dead and the following day I was of no use to myself or to any one else. After beginning the food a change began to take place and gradually the dyspepsia disappeared. I am now well. Now I have gained twenty pounds and am free from stomach troubles that I suffered so long from. I can do twice the amount of work with ease, and as well as the time, and naturally sing the praises of the delicious food that has put me right. I am perfectly willing to have my name appear as endorsing your excellent food. I know from personal experience of its value." L. E. Bayford, Pastor of the First M. E. Church, Haverhill, Mass.

REMEMBER ROSS AND PENSE

THEY REPRESENT ONTARIO'S BEST POLICY.

Mr. Pense Has Been as Loyal to Kingston as Mr. Ross Has Been to Ontario—Both Should be Returned Again.

Hurrah for Pense. Pense, support him. Work if you would win. The liberal liberal rally in the city hall to-night.

"What is it worth to you to retain good government?" Why is the conservative literature so silent about working men? Why do you not rally for the working men? Vote for Pense.

This is no time for a change. Any manufacturer will tell you that. School book "experts" appear to differ as much as medical "experts." The liberals have no doubt of Mr. Pense's election, as also the Ross government.

A man with the business record of Mr. Pense is a safe man to legislate for the province. Compare the candidates, personally.

How It is Viewed.

The Toronto Telegram, a conservative paper, said a short time ago:—"The financial and administrative record of the liberal party is, on the whole, creditable. The resources of the province have been wisely handled." And the Montreal Witness, which cannot be said to be prejudiced in favor of the Ontario government, said:—"The record of the liberal government has been served by careful, business-like, honest administration and wise consideration." And so say all but prejudiced politicians.

publicly and politically. Then vote as your judgment dictates. The wheels of progress are revolving as they have never revolved in this province. Vote for Pense.

The elections are not exciting a great amount of interest—everybody being pretty well satisfied with everything. Take no chances with the good times. Good times kill complaint. This is not a time for making experiments.

A vote against Pense means a vote to put Kingston in opposition again, because Whitney hasn't the ghost of a show in the election.

The liberals of Kingston are as united and solid for Ross and Pense as any body of men could possibly be. They are in to win.

What has Whitney given us in the past? What legislation has he originated? What project in the interests of the country has he initiated? There is no project in his whole career that old Scotch favorite, "Dinna forget me," and the people are doing the chorus work in great style.

Now for the home stretch. Five days more and it will be all over. The victory of the Ross administration is assured beyond the peradventure of a doubt.

George Taylor, M.P., says "New Ontario is a good enough country to raise bull frogs and mosquitoes." Then why howl about the government giving it away?

In Belleville many electors who formerly voted for the opposition are now voting for the government, by asserting that they want more open to bribery than other people. What answer has Mr. Whitney's friends to make, or explanation to offer?

The government comes to the people with confidence, relying on its past record, and the comprehensive, liberal and patriotic programme which it has laid down for the future. The past record of the government is one of which any party might well be proud.

The opposition ask you to abandon Mr. Ross and pin your attachment to Mr. Whitney, to forsake the firm rock and trust to the shifting sands, to be seen down by the man and the government that have with consummate ability governed this country so long and take the chance that the most inconsistent and uncertain politicians that this ever saw has known for many a day, will do something better. Is this, in the best interests of the country, is this patriotic, is this businesslike?

The Reason For It.

A good conservative remarked that Whitney would win this time because Ontario was conservative, as was shown by the dominion elections. In answer to that let the independent conservative Toronto Telegram speak: "Ontario has been atrociously gerrymandered by the conservatives, so that it has gone conservative in dominion elections."

A Sunday Car Service.

ARE BACK FROM THE WAR

LIEUT. M'CANN AND TP. PARADIS ARRIVE HOME.

They Went to South Africa on Their Own Account and Served for Nearly a Year in the Johannesburg Mounted Rifles—Boers Are Treacherous.

Lieut. W. A. McCann and H. J. Paradis, in the Transvaal for the past year, have returned to the city, and will hereafter follow the pursuit of peace. The former's parents reside on Montreal street, and he was formerly a popular young conductor on the local street railway. Trooper Paradis is a nephew of Joseph Paradis, proprietor of the Ontario house, Ontario street.

"The young men went out to South Africa on their own account not quite one year ago. They enlisted in the Johannesburg mounted rifles, a colonial volunteer corps that had not been raised. With this body they served in the Eastern Transvaal, where they saw plenty of fighting. They were under the command of Gen. Stewart for the most part, and were both wounded. Both were decorated for their services in the engagement near Scheepers Nek on September 17th, when Maj. Gough was so badly cut up. The boys also served under Gen. Bruce Hamilton, and for a time under Lord Kitchener, the commander-in-chief.

The Johannesburg mounted rifles, while not participating in any general engagements, had plenty of small scraps and other work to attend to. Night marches and surprises were its forte, and many a long and weary night march did it make, but it scarcely ever failed, the Kingstonsians, in rounding up several hundred horses, cattle, supplies, etc. When the two troopers left South Africa things were then in an unsettled condition, with no prospect of peace. The Boers, after they are captured, generally admit that they are glad to be out of the fighting, but the first chance they get to escape they take advantage of it, and soon get back to the fighting line again.

Neither of the Kingstonsians take any stock in the peace proposals. The Boers, they say, are probably at their old game again, and merely looking for a breathing spell. The boys do not think a great deal of South Africa, and it is not their intention to return. The report that Lieut. McCann had been awarded a D.S.O. is not true. "That story was the work of an enterprising Montreal reporter," said Mr. McCann last evening. Both the young men are in the best of health and strength, and, judging by their appearance, the campaign agreed well with them. They still wear the khaki uniform and broad hat of the Johannesburg mounted rifles.

A CANADIAN APPOINTED.

Dr. C. P. Johns, Kingston, Honored in London, Eng.

Word has been received that Dr. Charles P. Johns, son of ex-almirant Thomas Johns, of this city, has secured a very desirable appointment in London, Eng. He has been selected from a number of applicants as assistant medical superintendent of "Pancras infirmary," the city of London. It is a general hospital on a large scale and is up-to-date in every particular. It contains 450 beds, which are occupied most of the time. The infirmary has no visiting physicians or surgeons, the resident doctors attend to the patients.

This position will afford the doctor plenty of practical work and will doubtless prove a very valuable addition to his experience. Dr. Johns spent a year in the Kingston general hospital as house surgeon, after finishing a brilliant course at Queen's in arts and medicine. Since going to London he has taken the degrees of M.B. (England), and L.R.C.P. (London).

The board of directors of Pancras infirmary will realize that they have not made a mistake in selecting the young Canadian as assistant medical superintendent. His many friends know him to be a young man of exemplary character, amiable in disposition and thorough in his work. He will certainly prove himself a credit to the institution.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutrient is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at Warle's drug store.

Wanted To Wipe It Out.

As late as the session of 1899 Mr. Whitney voted to do away with the public works department, thus wiping out of existence the important branch of government, which for twenty-five years has been under the control of a Catholic minister of the crown. On March 29th, 1899, (p. 249 Journals) a resolution of the committee of supply was passed by an opposition amendment, which read: "that the resolution be not now concurred in, but be forthwith referred back to the committee of supply with instructions to reduce the item by \$1,750, being the salary and expenses of the public works department."

Victorian Order Of Merit.

The Ontario government brought in a resolution on March 22nd, 1899, voting \$2,500 for Lady Aberdeen's Victorian order of nurses (p. 259 Journals). Strange to say, Mr. Whitney voted against this small vote for such a deserving philanthropy.

The remains of the little daughter of Mr. and Mrs. Arthur Page, Centre street, were interred this afternoon in the Wolfe Island cemetery.

H. Cunningham, piano tuner from Chatham, New York, Quebec received at McAuley's book store.
