DROWNED IN THE HARBOR THE HUNGRY-WATERS CLAIM ANOTHER VICTIM.

Young Alfred Abernethy, Brock Street, Drowned Out of a Treacherous Canoe—His Companion, David Jackson, Made Brave Efforts to Rescue Him.

The treacherous canoe has again been the means of luring to his death another youth. Scarcely had the boating season been opened in Kingston until the dark waters of the harbor claimed another victim.

It was a lovely Sunday afternoon, and just the day to enjoy an outing on the water. Consequently Alfred T. Abernethy and David Jackson went to Capt. Wessel's boat livery, on King street, where they engaged a canoe for a couple of hours.

Young Abernethy had never been in a canoe before, and could not swim, whereas his companion, David Jackson, was a "splendid swimmer."

They had been out an hour or so when Abernethy attempted to change his position in the canoe near the knitting mill.

The canoe tilted, and Jackson made an heroic effort to rescue him. Several times he dived in the hopes of securing his companion, but he was unsuccessful.

In trying to rescue his companion he exhausted his own energies, and had given up all hope of saving himself when help arrived.

Capt. Wessel started out in his yacht to rescue the unfortunate boy, while a number of skiffs also put out to the scene of the accident.

Young Jackson was rescued by Phillip Bowden and Edward Bates.

But fate willed that Jackson's companion should not be so fortunate. Before succor could arrive the waters had closed over him for the last time.

Human assistance was of no avail. For a couple of hours diligent search was made for the body. The harbor was thoroughly dragged in the vicinity of the sad catastrophe.

Just before dark the body was recovered by George Thompson, a boat-builder, who had with him in the skiff Patrick Moran and Edward Henderson.

The body was at once brought ashore, where energetic measures were taken to bring about resuscitation. This, however, proved unavailable, and the remains were removed to the home of the heart-broken parents on Brock street.

The deceased young man, Alfred Taylor Abernethy, was the second youngest son of Mr. and Mrs. William A. Abernethy, Brock street. The father is employed in Archibald Abernethy's shoe store, Princess street, but as a master by trade.

The unfortunate young man had but lately left school, and for the past two weeks had been working in J. J. Crawford's tailor shop. He was between fourteen and fifteen years of age, and a very clever boy, whose lamentable death is deeply deplored.

David Jackson, his companion, is a young clerk in Armstrong's shoe store. He feels very keenly over the sad death of his companion, whom he made a brave and manly effort to rescue.

Women And Jewels. Jewels, candy, flowers, man—that is the order of a woman's preferences. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to save the money to purchase them.

If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Bosche's German Syrup.

A most promising preacher, just graduated from Queen's is Rev. James Wallace, M.A., who is filling St. Andrew's pulpit during the absence of Rev. Mr. Mackie.

Arthur Craig, Kingston, recognized as one of the best baritone singers in Canada, sang a sacred solo at St. John's musical service in Brockville on Sunday evening.

The general assembly of the Presbyterian church will meet in floor street church, Toronto, on June 11th, when there will be between four and five hundred members in attendance from all parts of the denomination.

The Bay of Quinte Methodist conference meets in Napawa on Thursday. The stationing committee met this afternoon and on Wednesday the ministerial sessions began.

Don't forget that Clark's lunch tongue is the best, quite irrespective of its economical price.

Luben's, Lundberg's Roger and Galbraith's, Bell's perfumes are all here at half price. Roche's old stand, E. C. Mitchell.

Summer Energy and Activity. If You Are Nervous, Despondent, Sleepless, Irritable or Out-of-Sorts in June, Paine's Celery Compound Will Give You Nerve Force, Fresh Energy, Vigor and New Health.

June should be the banner month of the year for the enjoyment of nature and life. If men and women are not physically capable of enjoying the good things of nature and some so contentedly provided by an All-Wise Creator, the fault is their own in the majority of cases.

Our nervousness, insomnia, depression and irritability are continual and forcible reminders of ill-health and disease. Their continuance in June means unhappiness and misery, their banishment by the use of Paine's Celery Compound means energy, activity, vigor and full ability to enjoy heaven's gifts.

ANNOUNCED IN CHURCHES. The Peace News Dealt With From Pulpits.

The message stating that terms of peace had been signed in South Africa, was received by the Whig late on Sunday afternoon, and given to a number of churches, where it was announced at the evening services.

"Praise God From Whom All Blessings Flow." Immediately following "God Save the King" was sung.

In Queen street Methodist church Rev. John Ferguson, who had prayed that the peace negotiations might be successful, was given the message and before his sermon announced the good news, saying it meant much, especially to those who had children on the South African field.

He made the announcement just after he entered the pulpit, and asked the congregation to raise and sing "Praise God From Whom All Blessings Flow." Immediately following "God Save the King" was sung.

In St. James' church Canon Macnornie made reference to the glad news in his sermon. At the conclusion of the service "God Save the King" was sung.

Services At St. Mary's. The Fete Dieu was observed yesterday in St. Mary's cathedral. At early mass the young people lately confirmed, made their first communion.

At 10:30 a.m. pontifical high mass was celebrated by his grace, the archbishop, assisted by deacon and sub-deacon. The sermon was very solemn.

Rev. Fr. McKernan and was an able address. At the conclusion of mass the holy sacrament was carried in procession around the aisles of the cathedral by the archbishop, the young communicants and the priests of the parish taking part in it.

The altar was beautifully decorated. The singing by the choir was very fine. In the afternoon the young communicants were dedicated to the Sacred Heart of Jesus and enrolled in the scapular. The whole proceedings were witnessed by large congregations.

The young people, both boys and girls, were handsomely attired.

New Members Received. The attendance at the communion service in Cooke's Presbyterian church yesterday was the largest in some years. Eleven new members were received into full communion, seven of them on the communion table.

Rev. D. N. Morden, of Bethel Congregational church, preached the preparatory sermon to a large congregation on Friday night. The communion roll of Cooke's church now shows the names of 275 members, a large increase within the past few years.

Church Paragraphs. Rev. Thurlow Fraser will be ordained in Ottawa, next Thursday night. Rev. Prof. Nicholson preached in Portanouth Methodist church last evening.

Rev. John Ferguson and Rev. Dr. Ross preached acceptably in Sydenham street Methodist church yesterday.

The bishop of Ontario administered the apostolic rite of confirmation and preached in St. Paul's church, Brockville, on Sunday evening.

A most promising preacher, just graduated from Queen's is Rev. James Wallace, M.A., who is filling St. Andrew's pulpit during the absence of Rev. Mr. Mackie.

At the office of the city clerk during the month of May there were registered the following vital statistics: Births, 40; marriages, 9; deaths, 25. The figures for the corresponding month last year were: Births, 19; marriages, 12; deaths, 24.

FIRE ON SUNDAY MORNING. STREET RAILWAY COMPANY'S BUILDINGS DAMAGED.

Blaze Originated in Workshop—Confined to Brick Building—Street Cars and Sheds Were Saved.

On Sunday morning the street railway company's buildings on King street were damaged by fire. The alarm was rung at a quarter past eight o'clock, the firemen responding with their usual alacrity.

The blaze had originated in the workshop in the brick building adjoining the car sheds, and was well started before discovered. It enveloped the whole place, and burning through the ceiling, attacked the two upper storeys.

It was no easy job the firemen had. Chief Elmer soon had three streams playing into the burning building, two from King street, and another from Wellington street, attacking the fire in the rear. The main object was to prevent the fire getting at the car barns, separated from the flames by a brick wall.

As the hose was across the tracks, the cars could not be run out, but they were in no danger for the engine escaped unharmed. After a short time, when the blaze was somewhat under control, one line of the hose was removed for a spell, and the cars all run out of the sheds and lined along King street.

The original fire was confined to a small space, and was removed for a spell, and the cars all run out of the sheds and lined along King street.

The fire raged through the two upper storeys in which were stored a large quantity of the Deering harvesting apparatus.

Some street railway belongings and five cutters owned by B. W. Folger. Most of these things were destroyed. Messrs. Ferguson's office on the ground floor was not touched by the fire, but was well smoked.

The original fire was confined to a small space, and was removed for a spell, and the cars all run out of the sheds and lined along King street.

INCIDENTS OF THE DAY. Newy Paragraphs Picked Up by Reporters on Their Rounds.

The Ottawa field battery will go in to camp at Deseronto on June 17th. Everlasting suspenders, 50c. This is a pulley brace, only at Bibby's Oak Hall.

Mulkey Brand Soap cleans kitchen utensils, steel, iron and tinware, knives and forks, and all kinds of cutlery.

A regular monthly meeting of the board of health takes place to-morrow afternoon.

H. Cunningham, piano tuner from Chichester, New York. Orders received at McAtley's book store.

Emma garters that were 75c, now selling for 50c; \$1 ones for 50c. Roche's old stand, Mitchell.

The month of June opened yesterday with beautiful summer weather. The thermometer in the afternoon registered seventy-eight degrees in the shade.

If a demonstration is to be held in Kingston on coronation day arrangements for it must be begun this week. It is doubtful if the merchants and hotelmen all favor it. One thing to be remembered, however, is that "A" and "B" batteries and possibly the 14th regiment will be absent on that day.

Coronation caps for boys, very noble, at Bibby's one price house.

While proceeding out into the harbor to grapple for the body of Alfred Abernethy last evening, the gasoline yacht of Capt. Wessel caught fire. Those aboard succeeded in extinguishing the blaze before it spread.

I am not going to move from my present store, 124 Princess street, to Roche's old stand, but am going to run that old and reliable stand for some street railway belongings and five cutters owned by B. W. Folger.

Most of these things were destroyed. Messrs. Ferguson's office on the ground floor was not touched by the fire, but was well smoked.

The original fire was confined to a small space, and was removed for a spell, and the cars all run out of the sheds and lined along King street.

ITS CHARTER TAKEN AWAY FROM WORKERS' HELPERS' UNION NOW EXTINGUISHED.

Its Stand Was Contrary to the Spirit of Unionism—The First Time Such a Thing Has Occurred in America.

The iron workers' helpers' employed at the locomotive works are no longer union men. Their charter was taken away on Saturday. It is very probable that the union men in the shops will refuse to work with these non-union men, and that either the latter must get out, or a general strike will follow.

On Saturday afternoon a meeting of the iron workers' helpers' union was called, and addressed by organizer Flett. About forty of the 122 members of the union were present. Robert McGee read a type-written resolution, which simply reaffirmed the union's allegiance to the locomotive works company, and their refusal to have anything to do with the machinists.

Mr. Flett had in his possession a letter from Samuel Gompers, president of the American Federation of Labor, Washington, D.C., written on May 21st. This letter stated that the iron workers' helpers' must recede from their position of loss their charter. Mr. Flett extended the time in which they were permitted to decide, and as no action was taken, he proceeded on Saturday to carry out his instructions from headquarters.

The charter of union No. 8,112 was confiscated, along with all the papers, documents, etc., belonging to the union.

"I have never known of a parallel case in America," said Mr. Flett. "The stand taken by the iron workers' helpers' union was contrary to the spirit of unionism, and caused antagonism rather than mutual concord and unity. I waited for some time in hopes something might be done, but the men were not conciliatory in any form. If the first time a union at America, or anywhere else as I know of, has had its charter taken away for such a reason."

There are perhaps thirty or more members of the late union who did not agree in the stand taken, but who were in sympathy with the machinists. The names of these men have been sent on to Washington, and a new union will be formed next week. The number of men affected by the cancelling of the charter is about fifty-two. There is likely to be a general strike, no doubt, if the company continues to employ these men. "The men can act in this unbecoming way if they like," said Mr. Flett, "but they can't do so under the banner of unionism."

PERSONAL MENTION. Movements of The People—What They Are Saying and Doing.

John J. Robinson, Port Hope, is spending a few days in the city.

Mrs. (Rev.) T. Brown, Kingston, is visiting at J. T. Gorman's, Gananoque.

Miss S. Connor, Rochester, N.Y., is the guest of her sister, Mrs. W. Forster, Ontario street.

Mrs. Kennedy, Kingston, is visiting her daughter, Mrs. W. J. Wood, at the parsonage, Gananoque.

Miss Isabelle Ross, Kingston, is the guest of the Messrs. Baystate, "Inkerman Cottages," Lancaster.

C. Hanley, of the G.T.R. ticket office, returned on Saturday after a three weeks' visit in New York.

Mrs. George Ash, Washburn, left yesterday for Rochester, N.Y., to visit friends. She was accompanied by Miss J. Orr, Kingston.

William Toner, Barriefield, who suffered the fracture of two ribs a couple of weeks ago, is able to be out again. He is recovering very rapidly.

Government inspector of clothing McCormick, who has been at the penitentiary during the past few days, left this afternoon for Ottawa.

G. G. Mauger, formerly of Kingston, now in the employ of the Williams piano house, of Ottawa, is a nephew of the late senator Cleghorn.

Mrs. (Rev.) McPhail was presented by the ladies of St. Andrew's church, Picton, with a handsome travelling bag of alligator skin, with toilette roll enclosed.

The Hunter Burr. A burr, recently invented and patented by J. W. Hunter, machinist, of this city, was tested at the Kingston foundry on Saturday. The new invention proved satisfactory, and demonstrated its ability to take the place of the old and expensive cast-steel machine made by J. W. Hunter's cast-iron burr does three times more work than the cast steel burr, and being formed in a molten state has no grain as in the case of the cast steel, which adds life to the use of the burr. The substitute for the slide rest also gave satisfaction. By the burr may be attached to the frame or taken off in turning the stone in five minutes' time. The new burr reduces the cost to the user one-fifth and doing at the same time about three times more the amount of work. It is designed for use on large grinding stones, on wood and metal. The coarse burr is for trimming and the finer for sharpening the stone.

See our 25c Chester suspenders at Bibby's.

Peace Proclamation. The Boers seemed but a feeble people when the war started, yet they cost a great empire much trouble to overcome them.

The "bores" in a woman's life caused by soap adulteration may seem scarcely worth taking into account; but by the women who have overcome them by the use of Sunlight Soap know how real the bores were. Try Sunlight Soap, Octagon Jar, and you will realize a relief from boredom like that experienced by the nation on the account of peace.

Successful Jumble Sale. The jumble sale, conducted by the Dorcas society of St. Andrew's church, on Saturday, May 31st, proved a very successful affair. The receipts amounted to over \$40. Owing to the energetic efforts of the management, everything was sold in a very short time, and the profit would have been greater had there been more articles to sell.

Tooth, nail and hair brushes. All half price—fine assortment. Roche's old stand, E. C. Mitchell.

New suspenders for summer wear, 25c, and 50c. Bibby's.

Thinking of Coal? Of course you are. It's a natural thought at any season. You want coal, too, that serves the best purpose, that keeps the fire going to the best advantage. Here's coal—clean, clear, smokeless, which will provide full value for what it costs.

THE RATHBUN CO. A COSY BRIGHT FIRE. Booth's Coal. NOTICE. In haste given the public that I propose making it warm for all persons using my coal next winter. Your order is solicited.

P. Walsh, 55-57 Barrack St. W. NEWLANDS, ARCHITECT. OFFICE SECOND FLOOR, OVER NALAN'S. 125 WILKINSON STREET. ENTRANCE ON RAGOT STREET.

I Wish To Correct The Impression That Is Going Around

I am not going to have my present dress store, 124 Princess street for Roche's old stand. I am going to try and deserve the patronage the public has given me for the past two weeks, and continue in business in both places. A qualified view is in charge of the King street store and the public will be accorded the same courteous treatment they have always had at my store. Personally I will be found at 124 Princess street.

E. C. Mitchell.

Our Coal is as Clean as Though It Were Washed and Brushed.

Each lump stands by itself. Good soft coal—so much sold here. After coal reaches the surface of the earth from the mines, impurities are picked out by hand. Therefore it is screened several times before it reaches you, and dirt, slate, etc., really have no chance, if the dealers are careful. We are very careful.

Crawford Coal That Suits.

For Even Heat Swift's Scranton Coal. Ask Cook! JAMES SWIFT & CO. Phone 135.
