FRUIT INSPECTOR IS HERE

TO EXPLAIN THE PACKING AND MARKING ACT.

This Act Passed to Prevent Fraud—It Must Be Stringently Enforced—A Meeting of Those Interested Called.

The provincial fruit inspector, Elmer Lick, of Ottawa, Ont., arrived in the city yesterday afternoon. He is here to inform fruit dealers, grocers, etc., of the working of the new bill regarding the packing and marking of apples for sale. In past years there was so much fraud practiced by the packers and shippers of this fruit that the government found it necessary to pass legislation and appoint an inspector. Thirteen prosecutions were made in the province last year, and this year the law will be more stringently enforced. In many cases, the inspector says, the farmers filled their barrels about a third full of pea straw. He did not know why it was they always used pea straw in preference to other straw but they always did so, however. The government believed that both the buyer and the customer should be protected, and fraudulent dealers were therefore punished.

Local dealers are also interested in the packing of tomatoes, which is also fraudulently done in many cases. The law refers only to "fruit," and there is some uncertainty as to whether tomatoes are really fruit. The inspector says he is willing to risk taking a case to the courts. In order to explain the workings of the law and hear the complaints of all dealers, Mr. Lick has called a meeting for tomorrow afternoon at the council chamber, when he will address fruit dealers, grocers, etc.

SLEPT IN A SHED.

Martha Brown Charged With Vagrancy—A Family Quarrel.

In the police court this morning an Earl street lady charged her brother with striking her, and noticing her husband away. Then, woman-like, she pleaded for her brother's release. Two of her children played about the court rooms while the case was being heard. The magistrate dismissed the case, but fined the man 25 or a week in jail for not appearing yesterday when summoned, though he gave an excuse that his wife and sister came to him yesterday morning and said the case had been settled without him and he might as well go to work.

Martha Brown was arrested last night by constable Diamond as she was sleeping in an empty shed in the M. T. company's shipyard. In court this morning she was charged with having no visible means of support, pleaded guilty and was remanded for a week, with the enquiry to be made about her. She came to Kingston a week ago Monday from Prescott, where she has relatives. She got into fast company around the city and had made the shed her nightly abode. This is the second time she has appeared before the court, and she is a graduate of Central prison.

Shoedepalers Abolish Credit and Appropriation System.

A meeting of the Kingston shoedepalers was held at the Y.M.C.A. building last evening to organize and to discuss the evil system with which the trade is burdened. It was decided to organize under the name of the "Retail Shoedepalers' Association." These officers were elected: President, A. Abernethy; vice-president, E. G. Lockett; secretary-treasurer, W. Sawyer.

It was unanimously decided that the appropriation system should be entirely done away with. The matter of credit was fully discussed, and while it was felt that its abolition would be a drawback to many people whose credit is as good as cash, yet it was held that on account of the short terms of payment given by wholesale dealers something must be done, and the meeting decided unanimously that the credit system must also be abolished. After July 1st, no appropriation or credit will be given by Kingston shoe dealers. Everything not in a shoe store must be paid for at once; if articles are returned unsoiled the cash will be returned.

Caldwell-Winnett.

At the residence of Henry Winnett, 178 Beverley street, Toronto, on Wednesday afternoon, there took place the marriage of his third daughter, Ina Gordon, to Lieut. A. Clyde Caldwell, Ottawa (formerly of Kingston), eldest son of W. C. Caldwell, M.P.P., Lanark. The bride was Miss Winnett. The groom was supported by his brother, James B. Caldwell, and Lieut. Grand E. Hardie, of the 23rd Bombay rifles, India, acted as usher. Rev. Dr. Milligan, of St. Andrew's church, performed the ceremony, assisted by Rev. Robert Clements, Courtlandt, N.Y., brother-in-law of the bride. The guests numbered about fifty, relatives of the contracting parties. Among the great array of beautiful presents received was a charming dsh of the design from the brother officers of the groom in the 14th P. V.D. rifles, Kingston.

Rev. Mr. Morden's Views.

Westport, N.Y., Standard.

Rev. D. N. Morden, pastor of the Bethel Congregational church at Kingston, Ont., was in the city, en route to Rochester, where he went to preach the sermon at the installation of the new pastor, Rev. S. F. Sharp, at Grace church, Mr. Morden's former charge. Rev. Mr. Morden, in speaking of the political sentiments of the people of the states, said: "My observation during eight years in the states has been that while in politics there is an element which may be bought up, the American-born citizens prize the franchise too highly to sell it."

MARINE INTELLIGENCE.

What is Happening Along the Water Front.

Craig's wharf: Steamer Ocean from Montreal.

Folger's wharf: Schooner Katie Eccles, from Charlotte, with coal. Richardson's elevator: Schooner Van Straubenzee, from Pelee Island, with corn.

More grain has been shipped to Kingston so far this season than during the same time last year.

Swift's wharf: Steamer Algerian, expected from Montreal to-night; schooner Falconer, cleared for Charlotte.

An account of the coal strike across the border, owners of schooners at this port are forced to remain idle.

M. T. company elevator: Tug Glide arrived from Montreal with three light barges; tug Thomson cleared for Montreal with three barges grain-laden.

Bravo, Capt. Batten!

Brockville Times.

Capt. George Batten, of the R. & O. line, is being congratulated upon successfully taking the new palace steamer Montreal safely through the rapids of the St. Lawrence to Montreal. This magnificent craft is 340 feet long and draws about seven feet of water, yet Capt. Batten took this huge fabric through the perilous rapids between Prescott and Montreal without a mishap, and despite the gloomy predictions of doubters. A few feet miscalculation of a momentary hesitation, a lack of nerve, but judgment, would have wrecked a floating palace worth \$350,000, and possibly valuable human life.

Capt. Batten's many friends in Brockville congratulate him heartily.

Purchased A Yacht.

Howard S. Folger has purchased the fast yacht Victor, owned by E. J. Taylor, Watertown, N.Y. This craft is forty-two feet long with thirty-six horse power, and electric-gasoline engine. It is one of the speediest little vessels on the river, having a record of eighteen miles an hour. Mr. Folger will keep it for his private use in connection with the Thousand Island steamboat company's business on the river during the summer. The Victor is at present at Lexton, N.Y., but will be brought to Kingston next week. The yacht is elegantly furnished.

Fine Body of Coronation Soldiers.

A letter was received in the city this morning from Quartermaster-Sergt. Stanley Porter, now with the Canadian coronation contingent at Point Levis, Que., in which body he is one of the representatives of the Kingston branch of the army service corps. So far, he writes, Sergt. Maj. Murray, of Kingston, is the only army service man who has his uniform. The Montreal service corps men are quartered in the same tent as the Kingston men, and the writer says they are a decent lot of fellows. The camp is finely situated, and commands a beautiful view with Montserrat Falls in the distance. Boston and Bay, of Kingston, lost their kits, and have not yet recovered them. Mr. Porter was in Toronto at the big military review before the duke of York, and thought he saw all the various regiments and uniforms represented there. But he now finds he was mistaken, as there is a much larger representation in the coronation contingent. The men are an exceptionally fine body of soldiers, and present a striking appearance. They have three drills a day, and the food is good.

FOOD AND GIRLS.

Study Don't Hurt If They Are Fed Right.

Some time ago one of the ladies' papers published a long list of extracts from letters from mothers, speaking of broken down school girls. True, overwork and too much confinement is largely responsible for it, but on the other hand, if the girl is fed on the right kind of food to rebuild the daily waste she can stand more work and the matter of food is the real foundation of the subject.

One seventeen-year-old girl writes from Caro, Mich., about how a change in food helped her. "I am only a school girl of seventeen years old but I am old enough to appreciate what the wonderful brain food, Grape-Nuts has done for me. About two years ago my health became very poor and I was unable to study, and finally obliged to leave school.

I was put on Grape-Nuts Breakfast Food. In about three months I recovered my strength, my mind became much more clear and acute and I was able to resume school work.

I continued to use Grape-Nuts until I discovered that I was getting too fat. I gained so much weight that I had to discontinue it. It is the best food I ever heard of for building up a broken down system.

I have an aunt who went to India as a missionary and while there she was ill four times with Indian fever and became a mere skeleton. When she returned home her nurses were as flabby as could be. She was put on Grape-Nuts Breakfast Food and quickly recovered. Her muscles grew hard and firm and she entirely regained her health, has greatly increased in weight and returned to her old, healthy state. She is still eating Grape-Nuts and says she would not do without the food for anything.

I can never say enough in praise of your wonderful food." Name given by Post-Office, Detroit, Mich.

Ask the cook to stick to the recipe book in the package of Grape-Nuts.

TO MEET IN KINGSTON.

Next Session of The Montreal Methodist Conference.

At Sherbrooke, Que., on Tuesday, it was decided to hold the next annual conference at Kingston, Ont., the last Friday in May. Rev. J. Scanlon reported for the committee on conference relations recommending the supervision of Rev. T. C. Brown, Sydneyham, for one year on account of illness. The final changes from the first draft of stations are as follows:

Sherbrooke street, Montreal, T. G. Williams; Centenary, Montreal, D. Winter; Cote St. Paul, J. Watson; Three Rivers, J. C. Foyers; Matilda, South, E. W. S. Coates; Inkerman, Isaac Hall; Winchester Springs, A. E. Bunnell; Moulinsville, W. Ramey; Perth, W. Timberlake; Wolford, J. Pine; Renfrew, H. Cairns; Clarendon, Isaac Norman; Calabogie, Angus Flynn; Cornerstone, N. B. Topping; Ottawa West, F. C. Reynolds; Manotick, F. W. A. Meyer; Riceville, N. A. Young; Chelsea, R. Calvert; Richmond and Melbourne, A. E. Pater; Tremblourville, Thomas Hancock; Island Brook, H. Halpheny; Leeds, M. Brundage; Compton, J. Seller; Barnston, J. Wilkinson; Magog, D. D. Elliott; Waterville, J. B. Hicks; Brombe, A. E. Miller (to be ordained); West Brombe, G. W. Sully; Bedford, D. East; West Shefford, G. J. Crab; Bethel, Thomas Bradley; under superintendence; St. John's, R. Robinson; Lacolle, L. M. England; Hendersonville, A. Boyd; Valleyfield, W. Henderson.

English Water Colors.

A very attractive collection of water color paintings is on exhibition at Kirkpatrick's art gallery, Princess street. These paintings are the work of Joseph Washam, ex-president of the Royal Canadian Society of Artists, also of A. Sinclair, vice-president of the same society of artists. These two artists are recognized among England's foremost artists and their London exhibition held at Henry Graves' gallery, Haymarket, was patronized by H.R.H., the prince of Wales, now king of England. This is the highest distinction that England could bestow on her artists, and but very few have been granted this honor. Washam is manager of the British colonial exhibition, to be held in London during the coronation week, and has received the patronage of the royalty of England. The pictures will be auctioned on Friday (to-morrow), Friday afternoon and evening and hope it will be abundantly appreciated by admirers of fine water colors.

Fourth Visit To Montreal.

The trip to Montreal, which the 14th P.W.O. rifles contemplate on the 25th, will be the regiment's fourth visit to the metropolis in the past twenty years. Its last visit was at the time of queen Victoria's jubilee, June 22, 1897, when the Kingston volunteers were enthusiastically received, and particularly the band which was counted as the best Canadian military organization that had ever visited Montreal. The 14th now are looking forward to the trip with great satisfaction.

A Long Illness Ended.

Thomas Baillie, who resided at No. 2 Victoria terrace, Montreal street, died Wednesday afternoon, after an illness of two years. He was a son of the late Hugh Baillie, and was unmarried. The deceased was an attendant at Cooke's Presbyterian church, the pastor of which, Rev. Alexander Laird, will conduct the funeral services on Friday afternoon. Three sisters, Hattie, Mary and Jennie, and one brother, William Baillie, mourn his loss.

The Only One.

The man who says that all patent medicines are worthless is a fool. For Dr. Hall's Rheumatic Cure has no equal. W. C. Switzer, Harrowsmith, O., suffered with sciatic rheumatism for ten years. He tried every known remedy, but failed to obtain relief. Six bottles of Dr. Hall's completely cured him. This great blood purifier is put up in bottles containing ten days' treatment. Price 50c, at Wad's drug store.

May Extend The Line.

The cars, motors, wires, etc., of the Belleville street railway, purchased by the local street railway company, are expected to arrive to-day or to-morrow. There is a possibility that the Williamsville branch of the line may be extended to Catarqui, and the lately purchased stock used for its partial equipment. Such a line would be very popular among Kingstonians, and would no doubt yield a good revenue in the summer season.

The Company's Move Now.

Many of the striking machinists are employed at various points outside the city, some of them permanently and others only temporarily. In case of the re-adjustment of the trouble here, most of the machinists would return to work. The union is awaiting the company's move, and an official said yesterday that it was the company's turn to endeavor to settle the difficulty.

Weather Probabilities.

Are that it will be a fine night, Friday, June 6th, for the America's searchlight trip to Clayton. 14th battalion band on board. One hour at Clayton. Tickets, 25c.

GENERAL TOPICS OF SPORT

SULLIVAN'S HARD LUCK WITH PROVIDENCE.

Purse For Ponies—Ogdensburg Match—Black Watch Will Give Oddfellows a Tussle—General Notes.

The famous old mile race track at Rochester, N.Y. may soon be sold to foreclose a mortgage.

The canoe clubs of Carleton Place have been reorganized. They have lately received some four-men canoes. Nelson W. Willard, Columbia university, with his back, lifted 288 pounds and with his legs, 1,850 pounds, a record almost unsurpassed.

The female baseball team from Boston, who are to play here next week, are said to be woodpeckers. They bat and field well, and will make the Ponies work to win.

President Roosevelt is expected to attend the international championship lacrosse game between John Hopkins and the university of Toronto, at Baltimore, on June 11th.

George Sullivan, of the Providence pitching staff, has had hard luck recently, losing three games by only one run each. On Tuesday, Worcester won by 1 to 0. Only five hits were made off Sullivan.

B. W. Folger is giving a purse of \$80 for the baseball match between the Ponies and the Ogdensburg teams at Lake Ontario park, July 1st. A big excursion will come to Kingston on Ogdensburg.

The league game between the Black Watch and Oddfellows on the cricket field Saturday afternoon is expected to be one of the best of the season. It is said the Black Watch have a battery, which will puzzle their last opponents.

Next Saturday the champion Dufferin, of Orangeville, play Crescents, of Brockville, a lacrosse match, and on the following Saturday, the Perth Crescents tackle the New Yorkers, the Shamrocks, of Montreal, are billed for a game there on June 21st.

For the second year in succession, and for the second time since the institution of the race an American jockey has ridden the winner of the Derby. The race was run in uncertain weather, and Sceptre, on whom betting men had been plunging for many weeks, was easily beaten by Gubbins' Arc Patrick, with J. H. Martin up. It was not a popular victory, although the winner, far from being a rank outsider, carried a good deal of money and had been considered safe for third, if not second place. The race caused more excitement than pleasure, but the crowds, while smaller than usual, was sportsmanlike and good-humored and cheered the winner.

A meeting of the Gananogue lacrosse club was held on Wednesday evening and the following officers were elected: Honorary president, Charles E. Britton; honorary first vice-president, George Taylor, M.P.; honorary second vice-president, mayor Emery; president, Max Walsh; first vice-president, Drew Shields; second vice-president, James Brophy; secretary, M. B. Trickey; treasurer, Clarke Allen; executive committee, Bain Shields; Dr. J. A. Bean, L. F. Prall, Fred Bell, Harry Convey, William McDonald, committees of management, Clark Taylor, Gilbert Orser, William Toole, Dave Lloyd, H. DeWolfe, Clarence Skinner, Frank Lutz; manager, James McPherson. The meeting was very enthusiastic and another is called for Friday evening when the matter of uniforms and supplies will be considered.

Band In Macdonald Park.

This evening, at eight o'clock, the 17th band, by kind permission of Lieut. Col. Cox and officers of the regiment, will give the opening concert of the season in Macdonald park. The programme is:

March—"King of England" (arranged by W. J. Jubob); R. Jones
Two-Step—"On the Level"; Hall
Waltz—"New Sixty"; Aronson
Polka for Cornet—"Hardcore"; Harry
March—"London"; G. W. Bennett

Disfiguring The Windows.

Some boy or man is ruining many of the large plate glass windows on Princess street. As he walks along he trails a diamond point over the very face, and cuts the glass from one side to the other. Sometimes figures are cut into the glass. On Tuesday evening the windows were badly disfigured, with green chalk or paint, which it took the merchants' employees half a day to remove.
