To Recognize Purity. Adulteration has grown to such t fine art, that it is almost impossible for a woman now-a-days to detect the falso from the true; but a chemical armiysis will always detect adulteration. Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, after a number of analyses, reports that "Sunlight Soap is a pure and well-made soap." Try Sunlight Soap-Octagon Barnext wash day, and you will see that Prof. Ellis is right. No one should know better than he.

GEO. CLIFF IS OFFERING GREAT BAR-

PAVING THE CITY STREETS

BOARD OF WORKS DISCUSSES THE PROBLEM.

Clause In The Agreement With The Street Railway Company Stands In The Way-The Por-

tion To Be Paved. A regular meeting of the civic board of works was held in the city's engineer's office yesterday alternoon. There were present: Chairman Me-Leod, aldermen Dunlop, Walkem, Craig and McCammon and city engineer Kirkpetrick.

A communication was read from the city solicitor with reference to the agreement between the city and the street railway company, having particular bearing on the question of the company's right to build asphalt walks. Accompanying this was the solicitor's written statement to the effect that the city could not, under the agreement of November 10th 1897, force the company to lay rails satisfactory to the city engineer, on Princess street, below Bagot street, as long as the track remained a single one. If a double track was laid the rails would have to be put down in a manner satisfactory to the city engineer. The solicitor did not think the company could be forced to double-track its line. If the city decided to pave Princess street, it could compel the company to give them a suit able rail as far up as Bagot street

After a brief discussion, it was de cided to have the engineer interview the company with regard to rails on Ontario, Brock, King and Princess The usual batch of accounts were

considered and ordered to be paid. The pay list amounted to \$668,87. Ald, McLeod was asked if the pay ing would be done this year; and he replied that he did not know; this matter with the company would have to be settled first. If the streets were paved a wider rail would have to be but, according to the agreeit seems that the city cannot compel the company to put down a suitable rail. In case, however, the company, after the street has been paved, desires to double-track its system, the whole expense of tearing up the street, etc., must be borne by

the company. It is the intention of the committee to pave Ontario street from the G. T. R. station to Brock, up Brock to Montreal, from Montreal to Princess. down Princess to King, and along King to Brock streets.

No Quorum. The waterworks committee was to have held a meeting vesterday afternoon, but chairman King could not secure a quorum. Ald. Abbott was the only other member who was pres-

RECOUNT IN LENNOX.

All The Ballots Cast Have Been

Gone Over. The recount of ballots in the Lennox election started on Thursday at 9 a.m. The inquiry continued all day and when an adjournment was made at six o'clock the recount had lost M S. Madole one vote and one spoiled ballot, which left the matter a tie. The rejected ballots will be examined to-day, when the result, which anxiously looked for by both parties. will be made known. Another correspondent says a mis

take was discovered-a ballot for Carscallen was counted for Madole, at Wilton poll, in Ernestown.

The News At Noon.

Napanee, Ont. June 6 .- At the ad journment for lunch, to-day, the count showed two majority for Madole, liberal. There is one more poll, Roblin, to go over. Besides the thirty-four rejected ballots there are now fourteen others set aside for consider-

Russell cord, \$1.25, \$1.50, \$1.75, \$2. | having refused to strike. They reason why they refused, Mr. Cowen said, is The oral examinations in connection this: Last November the Internationwith the Ontario medical council be- al machinists presented an agreegan this morning in the city half and ment to the locomotive works' comlast for two days. A large number of pany to sign, that members of their medical graduates are present. Dr. union be given the preference. This agreement the company would not sign, but all the same, the Amalgam ated members felt that it was a blow aimed at them, and when a strike was on, they did not feel that they should join it, and hence refused They say that if the agreement pres ented had simply asked that only union men be employed it would have been much fairer.

The other point Mr. Cowen seeks to settle is the charge made by the In ternational machinists that those o the Amalgamated association tried to secure men to take the places of the former. This the Amalgamated union emphatically deny. They say the continue to work, and mind their own affairs.

PICTURE OF "A" COMPANY. Presented to Capt. Horsey, Form

erly of the 14th. At the armouries last night, there was a very pleasing ceremony. Capt Edwin Horsey, formerly chief police, presented shooting prizes to "A" company, which he commanded over thirty-five years ago. These prizes were given by Capt. Low, and were won thus: Cross guns and crown Pte. S. H. Cochrane; cross guns Sergts. A. Walker and H. P. Ward. Capt. Horsey then made a short ad dress, recounting his experiences in the early days, and the good standing ture, the wharf will be a pleasant of company "A," which he hoped would ever maintain its past good record. He was greatly pleased to have the opportunity of addressing the men who now composed the company which he had once commanded. Capt Low thanked Capt. Horsey for h address and then called upon Color Sergt. Pateman who, on behalf of the men, presented Capt. Horsey with neatly framed picture of the company. After the latter had returned his thanks, three hearty cheers were

MARINE INTELLIGENCE.

What is Happening Along the Water Front.

Craig's wharf:-Steamer Mell and Alexandria, from Montreal Richardsons' Elevator: Schooner Straubenzee cleared for Prescott. Swift's wharf:-Steamer Toronto down and up; steamer Rideau King from Ottawa.

The steamer Pierrepont resumed her her hull in Davis' dry-dock. Repairs to the steamer New York. of the Thousand Island steamboat

company, have been completed, and it was expected that the steamer would be off the M. T. company marine railway this afternoon. The steamer Ramona had another

trial spin in the harbor yesterday al ternoon. She started out with steamer New Island Wanderer, which she easily distanced in a run three miles up. The Ramona has a speed of seventeen miles an hour. Every improvement possible has been made to her so that she will outdo all her rivals in running the narrow passages through the Thousand Islands.

Teaching Children Early. Children should be taught as early as possible that waste is vulgar, and that ostentation is bad form. Le them once thoroughly master the fact that simplicity is the highest form of culture, and the beauty and comfort of their homes in after days is assured. A mother's duties are as the sands of the sea, and one of them that must not be neglected is guiding of her children in the spendincome. Let them experiment save sufficient to place on the contribution plate at church and Sunday serts, nevertheless, school. Encourage them to put few pennies away so that when occasion arises they may have a reserve fund upon which to draw. If in spite should not be encouraged with small loans, or additional gifts in time of

emergency. The children who cannot buy presents at Christmas or on a loved one's holiday, because they have spent their money on themselves, will learn a lesson in thrift that may be

of life-long benefit to them. The First Band Concert. The first open-air band concert the season was that given by the 47th regimental band last evening. Despite the coolness of the evening, and the chilliness of the wind that blew in from across the lake, Macdonald park was filled with people, in carriages, on wheels and on foot Though the water was rough, a num her of skiffs floated about on the lake The concert was a very enjoyable one The band shows many signs of improvements, and its defects will overlooked when one knows that gave its music voluntarily. 'King of England" march, re-arranged by bandmaster Jacobs; "Geisha" and "The Night Express" were prob-

ably their best selections.

Interesting Convention. The twelfth convention of the Canadian electrical association, in Quebec, on the 11th, 12th, and 13th, will be most interesting and profitable. Valuable papers by well known American June of next year. and Canadian experts will cover a variety of topics relating to electrical work, including street railways, light and power, etc. Trips have been arranged to points of interest about Quebec, where a visit is always interesting. The June "Electrical News, official paper of the association, contains much information, and numerous illustrations relating to the electrical and other features of Quebec.

DR. CARMAN DELIVERS AN ABLE ADDRESS.

He Hopes For a Temperance Vicfor St. James' Church.

Montreal-Young Men Wanted.

Quinte conference opened its session

this morning at ten o'clock, the president, Rev. J. C. Wilson, in the chair. Affred H. Reyner, M.A., L.L.D., was elected president. Dr. Reynar, though a professor of Victoria university, has his residence within the bounds of this conference. In a short address h thanked the conference and entered inmediately upon his duties. Rev. Dr. splendid ballot for the same office. Rev. Benjamin Greatrix, Campbellford, was elected secretary. The expresident, in resigning the chair, paid an unqualified compliment to the loyalty of the conference to him and guaranteed a continuance thereof to to trace a bieycle, which was recently his successor. The record of the ministerial session showed an able address. by Dr. Carman before the ministers, themselves, upon relation of the church life to imperial and national matters and moral reforms. His references to the present peace, death of Canada's sons, and the grand possia four weeks' illness of typhoid fever. bility of carrying the referendum were frequently applauded. Rev. Yernon Entery also took the platform and delivered a most vigorous and finish ed temperance address. The conference was largely a unit upon action on De

It was reported that J. C. Ash, who had been located, was asking payment of his superannuation claim. The committee on his case recommend ed that the matter go to the general onference for action, and if necessary for legislation. The conference was so route to-day after receiving repairs to ordered. It was found that there were not enough young men to supply the demands of the work therefor, and some circuits will remain unsupplied for the year. Action is to be taken

to make good this lack. Rev. J. W. Graham, B.A., pastor o St. James' church, Montreal, addressed the conference on behalf of church. The matter was referred to a committee which will deal therewith in a most generous way. A later repor will give details of a plan by which it is expected the amount laid apon the conference will be practically raised. The conference proceeded to full organization of committees, to which were handed a large number of documents from districts on which they will take action.

The conference has over 300 dele gates in town. The work proper of the meeting commenced yesterday and will be continued the rest of the week and until Tuesday next.

CAPT. DONNELLY. Superintendent of Knapp Tubular Steamship Company.

Montreal Witness. ing the money. Provide each child The news that Capt. Donnelly, with a toy bank and a small weekly Kingston, has been appointed superwith intendent of the Knapp tubular steam their pennies.
