

Wise Ways of Women.

No "prizes" offered with common soaps will long tempt the wise woman to use common soaps. The wise woman soon sees she has to pay dearly for "prizes" in the low quality of soap, in the damage common soaps do to her clothes and her hands. The wise woman considers her health so soon ruined if she were to continue breathing the steam of adulterated common soaps. The wise woman recognizes the difference between such soaps and Sunlight Soap—Octagon Bar. 212

A NEW CITY MESSENGER

JOHN BALLANTYNE, POLICEMAN, APPOINTED.

Ald. Walkem and His Political Influence—Ald. Graham and His Meat By-law—Conservative Aldermen Have no Use for Engineer Rice.

A regular meeting of the city council was held last evening. Present: Mayor Shaw, aldermen Kent, Graham, White, Hipson, Sears, Harkness, McFarlane, King, Walkem, Craig, Farrell, Bell, Knapp, McLeod and Abbott.

Communications Considered. The following communications were read and referred to the respective committees:

From J. H. Percy, Robert Mowbray, C. J. McDonald, William Crawford, John Ballantyne, applying for the position of city messenger. Dealt with by council.

From Andrew Lanigan, resigning that position.—Byrd.

From J. G. Foster & Co., publishers of the Kingston city directory, asking for patronage.—Finance committee.

From W. W. Lake and W. Flower, asking for repeal of taxes on the Hornerie church for 1899.—Finance committee.

From W. E. Kelly, secretary pro tem of the trades and labor council, enclosing copy of resolution passed by that body to the effect that as a number of applicants for position of city messenger are union men, that a union man be appointed.—Read in council.

From the city solicitor, re damage claim of Mr. Webster, advising council to take proper steps to secure all gratings which extend into the street.—Board of works.

From W. E. Nickle, for the general hospital governors, asking permission to remove a number of trees.—City engineer with power to act.

From the authorities of St. George's cathedral, offering to reserve places for the mayor and council for services there on coronation day.—Accepted with thanks.

Your committee recommends no action on the communication of Dr. Walkem re registration in lot No. 24; no action on the communication of Mrs. S. E. Allen re taxes on Belle's Island for 1901; and no action on the petition of Joseph Lemmon and others for the reduction of the fee for butchers' licenses.

Ald. Farrell regretted that the division of lot No. 24, asked for by Dr. Walkem, and a very important matter, had not been recommended.

Ald. King presented the report of the water works committee, and moved its adoption.

The amendment was lost on this division: Yeas—Aldermen Abbott, Farrell, Graham, Kent and Knapp.—5. Nays—Mayor Shaw, aldermen Bell, Craig, Dunlop, Harkness, Hipson, King, Mullen, McCammon, McFarlane, McLeod, Sears, Tait, Walkem and White.—16.

The original motion was then put and adopted.

Ald. Bell presented the report of the fire and light committee, and moved its adoption.—Carried.

Ald. Abbott presented the report of the property committee, and moved its adoption.—Carried.

Ald. Graham moved, seconded by Ald. Hipson, the second reading of his meat license by-law. The motion was lost on the following division: Yeas—Aldermen Abbott, Bell, Craig, Farrell, Graham, Hipson, Knapp and Tait.—8.

Nays—Mayor Shaw, aldermen Harkness, Kent, King, McCammon, McFarlane, McLeod, Walkem and White.—9.

As soon as this motion was introduced, the conservative side of the house began to laugh. Several of them left the council chamber, and were not there to vote on the question.

Ald. Craig moved that a retiring allowance for Andrew Lanigan be fixed by the finance committee, and reported at the next meeting.—Carried.

When the motion to adjourn came the council rose and heartily sang "God Save the King."

INCIDENTS OF THE DAY.

THE PONIES ARE STRONG.

THE TEAM IS DOING HEAVY RATING.

General Field Work Needs Improving—An Outline of the Players—General Notes of Sport.

The worshippers at the shrine of baseball are confident that the Ponies will prove to be the slickest bunch of ball tossers Kingston has had since the palmy days of old—when "Jimmy" Little used to win silver dollars for losing the ball in the woods.

"Chaucer" Elliott is the king-pin of the team. He has few peers behind the bat, and none of these exist in Toronto. And he's a better batsman than any of the present.

Three Toronto players cover the outfield. Easton, who played third base last year, is in left, and doing good work. "Dyson" has also opened out in his batting. It will be remembered that two and three years ago he was the career hitter the Ponies had, and is dangled one of the best amateurs in that position. "J.C." always stands high in the Ponies' batting list. Last year, the man who can play any position on the team, in right field this season, "Uncle Sam" still wears his ancient cap and jersey. There are things about when "Uncle Sam" smites the ball.

Pitcher Yeager has been released from the Toronto baseball club as the pitching staff is too large. The Canadian canoe association has decided to hold its annual championship races at Ottawa, on August 2nd. It looks as if Montreal will retain all the members of its world's championship hockey team this coming winter.

The woman's six day bicycle race at Toronto island commenced last night. The women will ride for one and a half hours each evening during the week.

Cleveland pitchers are big fellows. Josh is six feet three inches. Wright acknowledges six feet two inches. Lewis and Moore stand six feet one and one-half inches in his stockings.

The university of Toronto lacrosse team left last night for Baltimore, where it will play John Hopkins university team, the intercollegiate champions of the United States, on Wednesday.

The Y.M.C.A. orchestra had a good practice at the association building last evening.

Mr. Lanigan Appreciated. When the resignation of Andrew Lanigan, city messenger, was read in council last night, alderman Farrell moved a long resolution, saying that, after forty-two years of faithful service, there should be some resolution placed on the city records to show their appreciation of this man, of whom it could truly be said: "Well done, good and faithful servant."

WAITED ON COUNCIL.

An Anti-Cigarette Deputation Wants Legislation.

Last evening a deputation of ladies and gentlemen, representing the children's aid society, the medical profession, the W.C.T.U. and the teachers of the schools, waited upon the city council, and their spokesman addressed the aldermen with reference to the limiting of the sale of cigarettes to minors.

Rev. Alexander Laird, who introduced the deputation, said the law in this matter was not regarded. They advised a restriction or licensing of the cigarette business. This was highly desirable. The tobacco dealers were all in favor of a license law, pending which the sale of all kinds of tobacco covered the sale of all kinds of tobacco. Most of the evil could be traced to corner groceries and news stands. The regular tobacco dealers were honorable men, and there was little or no fault to find with them.

Principal Elliot, of the collegiate institution, said he approved a moral reformer. The case in hand was a serious one. Within recent years the cigarette evil had increased enormously. The speaker would not advocate interference with the liberties of grown men, but in this case, those involved were incapable of forming their own opinion. It was the duty of the council to look after the moral welfare of the citizens as a whole.

The council was now asked to confine the sale of cigarettes to reputable dealers. The speaker would not recommend any position of trust and any authority to the cigarette habit, because it sapped his moral and physical nature.

Dr. Wood, representing the medical profession, stated that the use of cigarettes had a very injurious influence upon young boys. He was sure the medical members who were members of the council would take care of the measure when it came before them. Cigarettes do more harm to the system than tobacco in other forms. The use of cigarettes has been greatly increased during the past few years. The speaker thought a by-law would greatly limit the evil.

Canon Macmorine, of the children's aid society, added his testimony as to the evil effects of the cigarette. He thought the statements of the teacher and the doctor left little to be said. All he knew was what he had read and heard from reliable sources. As custodians of the morals of the city, the council should move in the matter.

Principal Greenlee, of Frontenac public school, had also noticed the prevalence of cigarette smoking during his short stay here. When he proved a boy for smoking a few days ago he stated that fifteen others in his class also smoked. Fourteen boys acknowledged the teacher. The speaker thought that something should be done.

In closing the Rev. Mr. Laird stated that they were not far enough ahead of public opinion to be called fanatics. They felt that something would be done in the premises. The dealers themselves said that public opinion was setting in strongly against cigarette smoking.

HOW IT OCCURRED. The Drowning of Mate Kelly Off Garden Island. It is hardly likely that the body of mate James Kelly, drowned off the steamerbe Clifton, near Garden Island on Monday afternoon, will be recovered for some time. It will probably be carried down the river by the current and washed ashore. The Clifton's yawl had been tied at her starboard with the water-bus pipe was filling it with water. To save the oars from being washed away, mate Kelly got down into the stern of the yawl. As soon as he did so the water rushed aft, and this, together with the sea that swept in, capsized the yawl, which sunk, carrying the mate down with it. The unfortunate man was unable to swim. Thus a life was lost in trying to save a mere trifle.
