FOR POSITION OF ENGINEER OF PUMPING STATION.

Meeting of Water Works Committee-Wants a Ten Inch Main-Board of Works Cleans Off a Long Slate of Business.

At yesterday's regular meeting these members answered the roll call Alds. King, chairman; Sears, Graham, Mallen, Tait, Abbott.

Hon. William Harty was present company asked that a ten-inch water main be placed in Untario street, Mr. tion. Harty did not consider that he was asking a favor; he was merely asking the city to give sufficient fire protection to a manufacturing industry. A ten-inch main was needed to give the locomotive works that fire protection which they should have; if the works were destroyed by fire it would be the city only that would suffer; the company was fully protected by insurance. If it cost more per service from a teninch main than from a six-inch one. the company would be willing to pay

the difference in the cost. Ald. Abbott supported Mr. Harty's shelved. It was the duty of the city when the committee finally agreed to to fully protect a manufacturing in allow the petitioner \$25 for the work. dustry of the importance of the locomotive works.

It was decided to allow the matter to stand until such time as Mr. Harty could communicate with the commit tee through the proper channel; the matter has first to come before the

Ald. Graham thought the committee

should take immediate action make a recommendation to the coun-

The pay list, amounting to \$65.60, a number of accounts, were presented and passed.

The next question taken up was th appointment of an assistant engineer for the water works pumping station. According to pre-arrangement, Ald. Tait moved that the committee recommend to council that Charles Clarke receive the appointment.

At this stage Ald. Abbott asked the chairman what had become of the reorganization scheme of the last mentioned. The chairman replied that i was maturing; that information was being awaited from outside cities. it had not been for the action of Ma Rice in leaving the department, the appointment of a second engineer would have been delayed until such time as the reorganization of the de partment had been effected.

Ald. Tait's motion was carried by vote of three to two, Alds. Abbot and Graham voting negatively. S. Anglin & Co. informed the de partment that owing to an advance in the price of soft coal, the firm would be unable to supply the depart ment with all the coal required at the price contracted for. The firm would however, supply the department with 250 tons at the contract price.

Board Of Works.

When chairman McLeod, of board of works, took his seat at yes terday's session of that civic commit tee, these members were in their seats about the oblong table : Alds, Craig Porch Pillows and Porch Rugs Walkem, McCammon, Harkness, Dunlop and McFarlane. The city engineer was also present.

A number of accounts and the pay list, totalling about \$1,600, were presented, approved and passed on the finance committee.

The petition of residents of the lower portion of Albert street; protesting against the narrowing of the street to twenty-six feet, and asking that he north end, abutting Union street be straightened so as to bring it line with the street continuation the north side of Union street, was

thirty-four feet. A narrower road would not look well and would be un safe, inasmuch as it would not possible for an average oriver turn around a rig without backing The aldermen promised to bear mind the protest of the residents is

The application of Miss Gildersleeve, for permission to have a private drain enter a public sewer in Sydenham street, was granted, on motion of Ald. Walkem, and upon the favorable report of the city engineer. R.
