**A Big One.**  
Some People Are Fond of Experimenting.

We know a man who decided to get his coal at another place; the result was a big bill for his house-keeper's good deal better than he had ever held before for the same length of time.

We believe our Coal is the most economical and satisfactory fuel in the city.

**THE RATHBUN CO.**  
REAL ESTATE.  
GEN. CLAPP IS OFFERING GREAT BARGAINS in this line. 114 Beach Street.

**KAPPEL'S CAREER OF CRIME**  
WAS OVERLY FOND OF DAIRY WOMEN FAIR.

Served Several Terms for Bigamy—Was an Inmate of Kingston Penitentiary—Tried in Kingston Police Court Many Years Ago.

Edward S. Kappelle, sentenced at Lockport, N.Y., to five years and six months' imprisonment in Danemora prison for obtaining, under false pretences, \$3,000 from an aged resident of Niagara Falls, N.Y., has had a romantic career. In his plea for clemency Kappelle admitted that in 1892 he was married to Bessie R. Perkins. Previously, and when under twenty years of age, he married Hattie Pressnell at Hamilton. After two years of married life they separated. Kappelle, while on the road, met Fannie Adair, of Beausville, Ont., and the two were married. After a honeymoon for one month, Alfred Pressnell, father of Mrs. Kappelle No. 1, caused Kappelle's arrest. He was convicted of bigamy and sent to Kingston penitentiary for two years. At the expiration of his sentence he lived with wife No. 1 for two years and went to Chicago. He sent for wife No. 1 and his two children, and they lived together for eight years. Then his wife left him. Later, she sent him a letter to the effect that she had secured a divorce. Kappelle, in his travels, met Jennie Spencer, of Des Moines, Iowa. They were married. Afterwards they went to Cincinnati, O., and there Kappelle, again at the instance of wife No. 1, was convicted of bigamy the second time. He served two years in prison at Fort Madison, for his second bigamous offence. Jennie Spencer went to Council Bluffs, and made a home, to which he went straight from prison. They were married, he having obtained a divorce from Jennie Pressnell. In the meantime, on his release from Kingston penitentiary, he was arrested on the charge of obtaining \$25 from a brother of Hattie Pressnell under false pretences. He got nine months in Kingston prison for that.

The man Pressnell mentioned in the last issue was at the time a resident of Kingston, an employee of McGowan's cigar factory.

**CORONATION SERVICE.**  
Being Arranged by the Evangelical Alliance.

A special meeting of the evangelical alliance was held in the Y.M.C.A. parlour on Thursday evening, with Rev. Dr. Philip in the chair. Rev. M. Macmillan reported about the work of the committee which had been appointed to interview the license commission as to reduction of licenses and other matters.

The president, Rev. Dr. Philip, announced that the special work of the meeting was to consider the holding of a public coronation service, and it was arranged that a special patriotic and religious service be held on coronation day at 10.30 a.m., in the Sydenham street Methodist church. The speakers appointed were Revs. D. Lang, M. Macmillan and Mr. Black. Music will be in charge of a special patriotic and religious choir. A collection will be taken up in aid of the general hospital. The arrangement of the programme was left in the hands of the president and the speakers. The president and the secretary were appointed as a committee to draw a letter to the council asking their attendance.

**Soldiers' Wives' League.**  
The proceedings of the council and branches of the Soldiers' wives' league have been published in pamphlet form. Mrs. Cotton, formerly of Kingston, is secretary, and Mrs. Rivers, a member of council, Mrs. Henry Smith and Mrs. Bruce Carruthers, of Kingston, attended the annual meeting. The Kingston branch of which Mrs. Drury is president, reported the furnishing of a room at the general hospital for use of soldiers' wives, who will be treated for a much modified charge. The league has been, when needed, helping the wives of those who joined the war forces in South Africa. The balance on hand is \$325. The Ottawa branch, Mrs. Cotton, president, has 146 members.

**Excursions Arranged.**  
Among the excursions to the Thousand Islands for which arrangements have already been made are: Watertown high school, June 27th; Syracuse Orangeans, July 12th; C.I.O.A.H., July 19th; Fulton, I.O.O.F., July 23rd; Syracuse K. of P., July 27th; Boonville Baptist church, August 7th; Masonic Union Lodge, Central Square and Brewerton, August 9th; New York State Orange day, Thousand Island park, August 10th. There will also be four special Sunday excursions from Rochester. Every Saturday during the summer excursions will be run from Watertown, N.Y., to Kingston.

**A Kindergarten Closing.**  
The kindergarten class in Victoria school closed this morning, and the exercises were in keeping with the occasion. The decorations were very attractive. Each child brought a bunch of pretty flowers, which helped to brighten up the school room. A fine programme of recitations, songs and drills was given by the little ones and had been carefully trained by their teacher, Miss Adams. A number of the parents were in attendance.

**Scotch Curlers Coming.**  
At a meeting of the Kingston curling club held Wednesday night, it was decided to accept the challenge of the Scotch curlers who are to tour Canada next January, and to play a series of matches here. The visitors will be summarily entertained, the members of Rockwood club joining forces with the Kingston club in doing honors to the visitors.

**Died On Howe Island.**  
Daniel La Fleur, a highly respected Wolfe Island farmer, died on Friday, at the age of twenty-nine years. He was unmarried. The deceased had been in failing health for a couple of years. In religion he was a Roman Catholic, and the funeral on Saturday will be conducted by Rev. Fr. Spratt, of the island parish.

**ARRAIGNED FOR THEFT.**  
Stole \$20 From Dan Snyder and Was Arrested.

At the police court this morning Daniel Dougherty, James Devine and Michael Devine were charged with fighting on the streets. James Devine issued for his arrest. The other two defendants pleaded not guilty. J. J. Farrell, coroner, and Dougherty, informed the magistrate that from enquiries made, he understood that James Devine was the cause of the trouble. He would like the case postponed until such time as Devine could be found. The case was, therefore, adjourned until Monday.

The young lad Ewart, charged with making use of T. Ockley's horse without the owner's permission, was again in court. Mr. Ockley said he did not want to be extreme in his demand for compensation, but thought he should be allowed \$10 for loss of the use of the horse for one week.

The lad's father promised to pay this and was allowed two weeks to pay up.

George McKenzie, an imperial army pensioner, well advanced in years, had two charges entered against him, one being drunkenness and the other the theft of \$20 from Daniel Snyder, Odessa. On the charge of drunkenness he was remanded for one week. On the charge of theft, he pleaded guilty, saying he did not take the money with the intention of keeping it; he intended returning it.

Mr. Snyder said he had spoiled McKenzie by being too good to him. He was a good man when sober, but unreliable when intoxicated. Mr. Snyder would not take McKenzie back into his employment.

The magistrate remanded the prisoner for one week to make some enquiries into his career.

The police did not lose much time in getting McKenzie after receiving a tip from Detective of the theft. Constables Bateson and Nayton found him on Barrfield common surrounded by boon companions. They had had a keg of lager and emptied it of its contents. On his person when arrested was found over \$16.

**INCIDENTS OF THE DAY.**  
Newspaper Paragraphs Picked Up By Reporters On Their Rounds.

Lennox two dozen for a quarter Saturday only, at Carnovsky's.

Indications point to doubling tracking the R. W. O. R. R. system at an early date.

The government has seventy tons of binder twine for sale at the Kingston penitentiary.

The grand lodge of the Canadian Order of Oddfellows will meet in Kingston in 1903.

Miss Victoria Reid, Kingston, passed the primary examinations of the Ontario medical council.

Two pounds of black tea to-morrow for 25c, at Mullin's grocery, corner Johnston and Division streets.

Pearls, pearls, pearls. Pearl hats \$2. See our "Barrington" pearls. No one else has them. The H. D. Bibby Co.

Alexandria Bay has a daily paper called the Thousand Island City, which is devoted almost entirely to river news.

The engagement of the Rev. Dyson Hague to Miss Jean Boyles, daughter of Dr. and Mrs. W. H. Boyles, Toronto, has been announced.

Several citizens intend applying to the city council for stalls in the island market, offering good prices for the use of the same.

The civic committee on fire and light was summoned to meet at four o'clock this afternoon and the finance at eight this evening.

Charles Clarke, recommended for the position of second engineer of the water works pumping station, is at present employed as engineer in the shops of McKelvey & Birch.

"In reply to your enquiry, where are you going this summer? let me say that I am going to stay between the blankets and away with my outgoing cash." So writes a correspondent.

Strawberries to-morrow by the crate, dozen or box, at lowest prices, at Mullin's grocery, corner Johnston and Division streets.

Two prominent inland revenue officials to-day celebrated their birthdays, and complimented each other on looking younger than ever before. To find their ages, one would have to resort to the civil service list.

The fabric department has been advised that the experiments for the culture of black hair carried on in the Bay of Quinte district have been very satisfactory. A large quantity of fry is now available, but they will be retained until of a sufficient size to safely distribute.

The induction of Rev. J. A. McConnell to the pastorate of the Morton and Lyndhurst Presbyterian churches took place Thursday evening at Morton. Rev. Dr. Stewart, Prescott, ordained the minister. Rev. Mr. Daly, Lynn; Rev. Mr. Bryan, Westport; Rev. Mr. Frizzell, Athens, took part.

The person who picked up that pocket-book on West street, about 10 o'clock, and during the following night returned the pocket-book by throwing it into the lawn in front of the owner's house, is known. If the cash, or at least the two \$1 bills, is not returned within a reasonable time from this date the person in question will regret not having done so before he is many days older.

**Council Supports Taylor.**  
The trades and labor council held a long meeting last night, president Mooney, in the chair. A committee of five was appointed to interview the alderman relative to the appointment of the night engineer at the water works. The recommendation of the water works committee that Charles Clarke be appointed does not meet with favor from the main men. They claim that Edward Taylor, a union applicant, is the only one qualified for the position, and the trades council upholds this position. The alderman will accordingly be asked to support Taylor for the council meeting on Monday night.

**Bath To Celebrate.**  
Bath will conduct a big celebration on coronation day—the first "blow-out" the little village has had in a long time. All the societies will parade to church in the morning, and in the afternoon there will be horse races, sports, etc., and a fireworks demonstration at night.

**DEMAND OF THE CAR HANDS**  
THE COMPANY REFUSES TO RECOGNIZE UNION.

Toronto Railway Makes Offer to Its Men—Strike is Imminent—The South Bruce Appeal Has Been Dropped.

Toronto, June 20.—The Toronto street railway company has issued a statement which purports to throw the responsibility of a strike upon the men.

The company offers an increase of wages to a minimum of seventeen cents an hour to beginners extending upwards to a maximum of twenty-one cents to be reached after ten years' service. The company will not arbitrate. They will not recognize the union.

The men hold a mass meeting tonight to consider the offer. It is the general impression that the offer will be refused and that there will be a strike.

The appeal from the recount in South Bruce was dropped to-day, and the constituency remains liberal.

Eric Armour, for the conservatives, told justice MacLennan, when the case was called to-day, that it had been decided to drop the appeal. It was based on the fact that several deputy returning officers had numbered ballots on the back. Affidavits had been made to the effect that this was in violation of the law. The case was not pressed. The same point was one of the causes for the East Middlesex appeal, but, as others were involved, it would be gone on with. The Lennox case will be heard to-morrow.

Mrs. S. J. Mighon, wife of a commercial traveller residing at 255 Denison avenue, was found dead in her bedroom this morning, having been suffocated by gas. The case was one of the most curious that has occurred.

Mrs. Mighon, about forty-five years of age, had just returned from visiting her husband at Winnipeg. She was last seen by the neighbors on Monday, and these becoming alarmed, called in the police to-day, who broke into the house. The door of one of the bedrooms was locked and a piece of wood was wedged into it to keep out the air. Mrs. Mighon was found in bed on her face. She had been dead for two or three days. Mrs. Mighon's husband recently wrote to her from Hotel Vendome, Winnipeg.

John Kane, the hotel keeper charged with buying street car tickets known by him to have been stolen by street car conductors, was discharged this morning, no evidence to convict him having been secured. The men frequenting Kane's hotel were alleged to have paid for drinks with tickets.

**ARMED IN WHITE HOUSE.**  
Arrest of a Man With a Revolver.

Washington, June 19.—Cary J. McAllister was arrested at the White House. He was armed with a revolver.

A dispatch from Newark, N. J., states that McAllister lives with his parents at 45 Crawford street, this city. He is a draughtsman, and has been employed in an architect's office in New York. A year ago McAllister was overcome by heat and sustained a partial stroke of paralysis.

Mrs. McAllister, the young man's mother, said that her son believed he had been prevented from securing patent rights to an invention, and had gone to Washington to appeal to the authorities.

**Coastline Labor Demands.**  
Chicago, Ill., June 20.—It is reported to-day that the plans for the formation of an association of merchants for the purpose of protection against unreasonable demands of labor are nearing completion, and within another week it is expected to have every store owner of prominence in the city enlisted in the movement.

The demands made upon merchants in the past, especially in the course of the recent strike of department store wagon drivers, are said to be the chief force that has caused the business men to get together for mutual protection. Organized labor threatens to retaliate with a general boycott of all the stores that may become members of the new organization.

**Society of The War of 1812.**  
Boston, Mass., June 20.—The general society of the war of 1812 began its annual meeting in Boston, to-day, with delegates present from Illinois, Ohio, New York, New Jersey, the district of Columbia, Pennsylvania, Maryland, Massachusetts and Connecticut. The gathering was called to order by the president, general John Cassin, of Philadelphia, and the opening prayer was by bishop Coleman, of Delaware, chaplain-general of the society. The sessions are to continue through to-morrow, the business meetings being interspersed with short trips to places of historic interest in and about Boston.

**Summer Hats!**  
Our crop of straw hats now ready; great values—Boys' at 50c, men's straw hats at 75c, \$1, \$1.50. Not one old hat in stock, at The H. D. Bibby Co.

Sir John Bourne, clerk of the house of commons, Ottawa, is still confined to his residence, through illness. His physicians demand complete rest for his patient.

**Dr. Chase in the Lumber Camp**  
The Exposure and Hardships of Camp Life Bring on Kidney Disease, Backache and Rheumatism—The Lumberman's Favorite Remedy is

**DR. CHASE'S KIDNEY-LIVER PILLS**

It is to the teamsters, farmers, railroaders, lumbermen above all others that Dr. Chase's Kidney-Liver Pills prove their marvelous control over kidney disease, backache and accompanying ills. Exposure to cold, dampness, sudden change of temperature and the strain and jars of active vigorous life, frequently bring on derangements of the kidneys, bowels and bladder, and consequent pains and aches in back and limbs.

John Orr, lumberman, Trenton, Ont., states: "Through exposure to all sorts of weather in the lumber camp and as a result of the strain of my work, I became a sufferer from kidney disease, which in my case took the form of very severe pains across the back, over the kidneys, and down the hips. When in the woods, I would come on me with such force that I would have to give up work and return to camp entirely used up."

"Finding that a number of the boys in camp used Dr. Chase's Kidney-Liver Pills, I decided to try them, and did so with splendid results, as they thoroughly cured me. I feel like my old self again, and can work just as good as the next one. I am grateful for this cure, and honestly believe that Dr. Chase's Kidney-Liver Pills are the greatest medicine there is for kidney disease."

Dr. Chase's Kidney-Liver Pills have by far the largest sale in Canada of any similar preparation. They have proven their right to a place in every home as the most thoroughly reliable medicine that science has devised. They are prompt and natural in action, and regulate and invigorate the kidneys, liver and bowels, as no other medicine was ever known to do. You can scarcely meet a person but can tell you of remarkable cures brought about by this treatment. One pill a dose, 25 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

**Letters in English.**  
Scientific American.  
Two-thirds of all the letters which pass through the post-offices of the world are written by and sent to people who speak English, says Bradstreet's statistics. There are substantially 500,000,000 persons speaking colloquially one or other of the ten or twelve chief modern languages, and of these about 25 per cent., or 125,000,000 persons speak English. About 90,000,000 speak Russian, 75,000,000 German, 55,000,000 French, 45,000,000 Spanish, 35,000,000 Italian, and 12,000,000 Portuguese, and the balance Hungarian, Gaelic, Roumanian, Swedish, Finnish, Danish, and Norwegian. Thus while one-quarter of those who employ the facilities of the postal departments of civilized governments speak as their native tongue English, two-thirds of those who correspond do so in the English language. There are, for instance, more than 20,000 post-offices in India, the business of which in letters and papers aggregates more than 300,000,000 a year, and the business of these offices is done chiefly in English, though of India's total population, which is nearly 300,000,000, fewer than 300,000 persons either speak or understand English.

**More of Pat's Wit.**  
An Englishman having in his possession a gold handled umbrella was travelling in Ireland. He had heard that the Irish in that particular part of the country were light-fingered, so he determined to keep an eye on his umbrella.

When he had been in the country some time, and finding the Irishmen anything but light-fingered, he decided to leave his umbrella at his hotel while he went out for a few minutes, so writing on a slip of paper, "This umbrella is owned by an Englishman; he strikes a blow of 150 pounds, and he'll be back in five minutes," pinned it to the umbrella and went out.

Returning in a short time he found his umbrella and note gone, and an other note in its place, as follows: "Your umbrella was taken by an Irishman; he runs fifteen miles an hour, and he won't be back at all, at all."

**Fanana Hats.**  
All the new styles and best values at Campbell Bros.

What about coronation day? Is Kingston to have any celebration?

**GIVE WAY TO YOUNGER MEN.**  
Department Not Adverse—Would Break Up Stagnation.

Washington, June 19.—Admiral Charles E. Clark, elevated by the senate to the grade of junior rear admiral, has indicated to his friends that he is considering the advisability of applying for voluntary retirement, under the terms of the personnel act, as senior rear admiral. His retired pay would be \$5,625 per annum. It is evident that a number of the senior naval officers will seek to take advantage of this section of the personnel act, and without intending to disavow their abilities in any way, it is believed that the department is not adverse to this action, as the result would be to further the object of the personnel act in breaking up stagnation and bringing into commanding rank in the navy a number of young, vigorous and ambitious officers, who will be peculiarly fitted to carry out the scientific and elaborate schemes of the general board.

**ARMED IN WHITE HOUSE.**  
Arrest of a Man With a Revolver.

Washington, June 19.—Cary J. McAllister was arrested at the White House. He was armed with a revolver.

A dispatch from Newark, N. J., states that McAllister lives with his parents at 45 Crawford street, this city. He is a draughtsman, and has been employed in an architect's office in New York. A year ago McAllister was overcome by heat and sustained a partial stroke of paralysis.
