# The People Of Montenegro Are

VIENNA.

The Little Mountain Princi-

even plunged into the measured excitement of the national dance, the kolo. The cause of these popular rejoicings is to be found on the fact that to morrow prince Mirko, second son of the Montenegrin ruler, will marry Mile. Natalie Constantinovitch. Prince Mirko has inherited the beauty of h routh, but even now, the hand woman in the land. He is a tall yo that the coronation will take place on a day between August 8th and 12th. Rumors to this effect have been current for the past week but it as a large palace near Podessian large palace near man of twenty-four, a typical Petrorent for the past week, but it was fertile valley of the Zeta, of which hardly deemed probable that the king could be well enough to undergo such fatiguing ceremony at such an early slender and blonde. At home she is date. An August coronation will known as Lily. Prince Mirko met her

> Montenegro, and it is to be hoped that the fair bride will not be subas are the rest of her sex in the little ties. There were several casualties of mountain principality. When married, both sides, a woman may not sit at her husband's table when he has guests, but met take her manbs in the kitchen. If he met her in the street, he passes her en of subjection she will kiss twice shove and below the elbow the arm It is true, however, that the position proving, for there is already a co lege, presided over by a Russian lady, in Cettinje, and here the daughters of the rich attend. But they are few, and their privileges without precedent.

Politics In Montenegrin Wedding. Paris, July 12.-Much interest manifested here in the marriage prince Mirko of Montenegro and Mile.

state prevailed and the handsome roung prince was induced to give up the duchess Leitia, who, by the way, was fifteen years his senior. From a political point of view his union with MHe. Constantinovitch is a far better match. In fact, the mar riage to-morrow will mark a definite point in the history of the races of the Ralkan peninsula. There are five states which have in this century been carved out of the Ottoman empire, and Roumania, Greece, and Bul-garia are governed by foreign dynasties closely connected with the great reigning families of Europe. Only Servia and Montenegro are governed by native dynasties, neither of which was related to the imperial families of Europe until the comparatively

cent weddings of the princess Helene of Montenegro with the young king of

Italy, and of the crown prince of Monter egro with the duchess of Meckfaving strengthened his position these alliances the astute prince Nich-olas, ruler of the principality, looked out for a consort for his second son During recent years he has often cast an eye across the barren mountains of ing better than to see his son Mirke strengthened prince Nicholas' ho fers not to leave his quiet m Lucerne to rule over chaotic
