WAS KILLED ON THE WALLS. GEORGE RICHARDS, NAPANEE, MET DEATH TO-DAY.

He Was Employed on Queen's College Buildings—Struck by a Heavy Derrick When it Fell—A Sketch of the Deceased Workman.

A most lamentable accident, which resulted in the loss of one life, occurred at Queen's college buildings about eight o'clock on Thursday morning. The unfortunate victim was George Richards, a mason, of Napanee, and death came to him as he was engaged in his daily toil. During the two years in which the new buildings on the campus have been in course of erection, no accident of any moment has before occurred, and the contractors were congratulating themselves on their good luck.

Richards was employed on the wall of the new physics building, and had been at work but a short time when the fatal accident occurred. Opposite him stood the big derrick. Two of its legs faced the west. Suddenly the legs collapsed and the heavy structure fell toward the man. His comrades shouted a warning, but it was too late. The big timbers struck him in the side and he fell. Kind hands raised him, and ministered to his needs until Ross' ambulance arrived, when he was taken to the general hospital. He was conscious until the hospital was reached, and talked to those who accompanied him, asking them to break the news gently to his family. Ten minutes later, he breathed his last.

The deceased gentleman was well-known to many citizens. F. G. Lockett telephoned to Richard Irving, manager of Haines' shoe store at Napanee, requesting him to break the sad intelligence to the bereaved family. Mr. Lockett himself looked after the remains, and accompanied them west on the G.T.R. train at 3:20 o'clock this afternoon. The deceased was a man of over fifty years of age. For two years he has been engaged as a mason on Queen's college buildings. Last summer he was in the employment of Sullivan & Langdon, contractors, and these gentlemen speak in the highest terms of the deceased's skill and faithfulness. This season he was employed by William McCartney, contractor. The deceased was a member of the masons' union, and an industrious, competent workman.

MARINE INTELLIGENCE.

What is Happening Along the Water Front.

Craig wharf: Steamer Ocean, from Montreal. Crawford's wharf: Schooner Fleeting from Charlotte with coal. The schooner Falconer is unloading a cargo of hard coal at Swift's wharf. Richardson's wharf: Schooner Queen of the Lakes from Sudas, light, to load lespair. The steamer Donnelly on Wednesday took the steamer Caspian's trip up the bay of Quinte.

The steamship Owen brought a cargo of hard coal from Oswego to Crawford & Co., yesterday.

There is no busier boat on the river than the steamer New York, which is kept continually on the go. This week it handles six excursions out of Kingston, besides doing regular river work. Capt. Miller is its popular commander.

A Large Excursion.

The excursion to Kingston and the Thousand Islands, Thursday morning, under the auspices of the Bay of Quinte railway employees, was attended by 500 people, 400 of whom boarded the steamer New York at half past ten o'clock for the river trip. The steamer also had 100 Kingston people aboard, making her passenger list 600. The other hundred people, who came by train, remained here for the animal show. The New York will return at six o'clock this evening.

Night Shirts.

Great large night shirts, sizes as large as 18, only 75c. at The H. D. Bibby Co.

Although the medicine business should, above all, be carried on with the utmost conscientiousness and sense of responsibility, the unfortunate fact is that in no other is there so much humbug and deception. The anxieties of the sick and their relatives are traded upon in the most shameful manner; impossible cures are promised, many preparations are shown to be worthless, and some are positively dangerous to health.

IRON-OX TABLETS

Miller's Headache Powders cure headache in five minutes. In boxes 10c. and 25c. at Wade's drug store. Negligee shirts. Not more left. \$1 shirts for 50c. at The H. D. Bibby Co.

THE LATE DR. HORSEY. His Sad Death Deplored by Many Kingstonsians.

Kingstonsians were shocked by the painful intelligence which flashed over the wires this morning, announcing the sudden death of Dr. Edward H. Horsey, M.P., Owen Sound. The information received was to the effect that late Wednesday afternoon Dr. Horsey visited his new cement works; he was standing a few feet away from a large fly wheel, which suddenly burst, one large section striking him on the upper portion of the body, rendering him unconscious. Medical aid was immediately summoned, but the injured man was beyond medical aid. He did not recover consciousness and died in the course of an hour or so.

The deceased was a native of Ottawa, and was aged about thirty-eight years. He was a graduate of Queen's medical college, of the class of 1888. He located at Owen Sound, but gave up active practice to work in China and the orient in behalf of a life insurance company. He was most successful in his work and amassed a large competence. This year he established a new cement works at Owen Sound, which had just nicely started, when death overtook him.

Mrs. James F. Ferguson, Alfred street, an aunt of the deceased, received a telegram last evening from her son, informing her of the unfortunate accident, and asking that the father and brother of the deceased, camping at Cressey, on the bay of Quinte, be informed. Mr. Ferguson undertook the delicate task, sending out word from Picton, who stricken relatives reached the city at noon to-day and at once left for Owen Sound to attend the funeral.

The deceased was a son of Henry Horsey, architect, Ottawa, and a grandson of the late E. H. Horsey, a former resident of this city, who, as government architect, built the county court house and county jail, besides other public buildings. He was a brother of H. B. Horsey, one of the footballists who helped win the Dominion championship for Queen's in 1893, and a cousin of Dr. George Horsey, dentist, whose family reside on King street west.

The late Dr. Horsey was a member of parliament for North Grey. He was a liberal in politics and a strong admirer and supporter of Sir Wilfrid Laurier. His untimely death is deeply deplored by his many Kingston friends, who extend their sympathy to the bereaved family. Dr. Horsey was a loyal, patriotic Canadian, who believed in making Canada a home for Canadians.

PERSONAL MENTION.

Movements of The People—What They Are Saying And Doing. H. G. Nickle left to-day for Old Orchard Beach. Miss Ruby Donnelly is the guest of her cousin, Miss Ruby Cotton, Gananoque.

Mr. and Mrs. Francis King left this morning for Ottawa, on the steamer Ribban Queen.

James Lesellie, of the American express office, is still confined to his home with illness.

Messrs. Martin and William Costello, Montreal, are guests of Miss Florence McGee, Portmouth.

Mrs. W. J. Saunders, Pembroke, is in the city visiting her parents, Mr. and Mrs. Marsh, Elm street.

Mrs. W. J. Bradley and family have returned to Kingston from Brockville, accompanied by Miss Alathia McGlade.

Mr. and Mrs. Charles J. Warwick, Division street, left this morning for Smith's Falls, where they will visit friends.

Alexander Elliott, Bothwell, is in the city visiting relatives. He is a brother of Elliott Bros., tinmiths and plumbers.

Mrs. Franklin Clow and family, King street, are home after visiting friends for two weeks at Harrowsmith and Hartington.

Miss Lizzie Newman, nurse-in-training in city hospital, Watertown, N. Y., is spending her vacation at her father's residence, King street west.

Mrs. William Baker, of Earl street, is spending a week with her son, R. D. Baker, at his summer residence on Trenton park, opposite Gananoque.

Mr. and Miss C. Whelan, of Toronto, left yesterday on the steamer Kingston for their home, after having spent several days at Kingston and the Thousand Islands.

J. W. Martin, Brock street, has returned after spending a few days with Kingstonsians camping at Rock Point. While there he attempted to learn the ancient art of angling.

Mr. Simpson, Johnston street, is visiting at Lansdowne, the scene of her husband's (the late Rev. Mr. Simpson) last years and the place in which his remains now rest.

WON TEN INNINGS' MATCH. PONIES DEFEATED ANTWERP SIX TO FIVE.

Now Lead the League—Canton Lost at Gananoque—Major Straubenzee Failed to Raise Canadian Cricket Team to Play in United States.

Ponies won a ten innings' match at Antwerp, N.Y., yesterday, defeating the home team by 6 to 5, the same score as was made here last Friday. Ponies now stand first in the league. Good ball is being played in this St. Lawrence International, and the attendance at the matches here will steadily increase. The teams have all been strengthened, and they will be a keen fight for pennant. Ponies have their eyes upon it.

Victory For Gananoque.

Gananoque, July 23.—Gananoque won from Canton, Wednesday, by a score of ten to three. At half past seven o'clock James Sutherland called out "play ball," and the game was on. Up to the last half of the sixth-innings championship ball had been played, the score standing three to nothing in Gananoque's favor. In the sixth-innings Gananoque "hit em up" eight times and scored the same number of runs. Then was witnessed the greatest conglomeration of baseball ever seen, and it can be placed on record, as the most amazing innings ever witnessed. From the annexed summary it can readily be seen that umpire Sutherland had his hands full; several decisions were disputed but "cousin James" was the referee and his word was law.

B. H. E. Capt. ... 0 0 0 0 0 0 3 4 5 Gananoque ... 1 0 1 0 0 8 3 10 11 3

Earned runs, Gananoque, 5; Canton, 1. Two base hits, McCarty, Bennett. Three base hits, Brohan, Cola. Home run, Ross. Sacrifice hit, Corrigan. First base on errors, Gananoque, 2; Canton, 2. Struck out, by Bennett, 4; by Laquette, 2. Wild pitches, by Bennett, 2. Passed balls, Moriarty, 4. Block ball, Bennett to Moriarty, hitting Ross. Hit by pitched ball, Stolten bases, Canton, 1; Gananoque, 3. Umpire, James T. Sutherland. The game was called in the seventh-innings, on account of darkness.

Cola, of Potsdam, played third base for Gananoque, in the absence of O'Hara, who is playing with Montreal. Corrigan, Brohan and Brennan scored on two wild pitches and a passed ball.

Cota accepted two difficult chances on wide foul flies and threw the third man out at first base, retiring the three runners. The best 81 shirt scored on two wild pitches and a passed ball.

"Innocents Abroad."

"Chaucer" Elliott and his Ponies arrived home this morning, and were scheduled to meet Canton at the park diamond this afternoon. On their trip, they broke even, losing a close game to Gouverneur, and winning a still closer one at Antwerp.

When leaving on Tuesday morning at the depot, the roosters had begun to crow. "Pat" Quigley had a request to make of the Congress proprietor, but all that could be made of his sleepy speech was this: "Liptode guprethit mbelexaxu silumoo." By consulting the barometer afterwards the interpretation was found to be: "Me and Bill's hungry."

"Uncle Sam" says that "Jerry" and "Byron" coach by dumb alphabet signals.

"I look forward with hope to a race of women who will make epochs and bread at the same time." (Pitcher Ambrose's conclusion, in reply to the toast to "The Ladies," at Antwerp, N.Y.)

"If the United States' preacher's contention is right, that there are no women in heaven, I don't want to go there." (Extract from right fielder Tilton's speech in proposing "The Ladies," at Gouverneur, N.Y.)

"Silk front honors; quantity now limited, 81, at the H. D. Bibby Co.

If there was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them.

At yesterday's meeting of the city property committee an account for \$25, for repairs to the fair grounds, was passed. This account was for repairing damages to the grounds by reason of the recent visit of the circus there.

Some of the aldermen seem to have a strong liking for the life of a farmer. This week two of them have been busily engaged cutting and hauling hay. Alderman Graham has about twelve tons on hand and alderman Walken has his barn full.

SUMMER ADVICE.

By One Who Knows. Keep cool in hot weather. "How?" By eating Grape-Nuts every day. "Rats?" No, not rats, but a good sound fact that thousands make daily use of.

Grape-Nuts is a predigested food which makes digestion easy. It gives the nourishment without the internal heat caused by heavy carbonaceous foods.

You can feel from ten to twenty degrees cooler than your neighbor when you eat proper food that does not overtax the stomach.

Grape-Nuts is made from certain parts of the grain and by mechanical process the starches are changed into grape sugar in the same manner as the stomach would do in the first act of digestion.

The phosphates of the cereals are retained in Grape-Nuts and these and the grape sugar supply the necessary nourishment to body, brain and nerve centers.

Grape-Nuts is a concentrated food giving strength, vitality and coolness to body, mind and character. It is closest to the brain in place of the heavy, sluggish, draggy feeling caused by meat, potatoes, etc. Another point. It is thoroughly cooked at the factory by food experts and saves you the trouble.

ON HIS FEET, A NICE FIDLER AND AN ACCURATE THROWER. AT THE BAT HE GOT IN ONE SOLID BRICK, AND IT WAS A BEAUTY.

Philadelphia American Cricketer: The unfortunate failure of the Canadian club under the leadership of Straubenzee, of Kingston, to fulfill their schedule was a great disappointment to all who had the pleasure of meeting the genial Canadians on the field last summer. A better set of cricketers never visited Philadelphia. The gallant major was unable to gather a representative team this year, and was forced to give up the trip at the last minute. He would have had a hearty welcome even if he had brought down a poor eleven.

These lines would seem to fitly describe that much-abused individual, the baseball umpire: When the crowd surrounds the diamond, oh, When the umpire says the player on the other side is out! Oh, the anarchistic outbreak when the robber says the same. And a player on the home team when we're fighting for the game, Straubenzee, or the umpire who says, who says, Or the roosters in the grand stand, or the policeman on the line.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters on Their Round-up. Men's short waists, 81, at The H. D. Bibby Co.

Two baseball matches at the Y.I.C. A picnic at Lake Ontario park, Civic holiday.

Lever's V-Z (Wise Head) Disinfectant Soap Powder dented in the bath softens the water at the same time that it disinfects it.

The police magistrate enjoyed a rest this morning from his arduous labors; there was a blank sheet at the police court.

Three applications of Peck's Corn Salve will cure hard or soft corns. In big boxes, 15c., at Wade's drug store.

A machinist states that not more than half a dozen of the strikers would return to the locomotive works if the chance were offered them.

"It has commenced to thaw at last," remarked the Portmouth philosopher, as he wiped the perspiration from the edges of his cranium.

Smith's White Lintiment is the most penetrating liniment known, and a positive cure for sprains, swellings, inflammation, neuralgia, rheumatism, and lumbago. In bottles, 25c., at Wade's drug store.

Mr. Carter, Alfred street, has reported to the police the loss of twenty-five yards of carpet, stolen from the yard in rear of her residence.

Men's shirt waists, New lot now in. Only 81, at The H. D. Bibby Co.

Farmers say that while the hay crop is an abundant one, the quality is very poor; excessive rains caused the grass to grow rank and coarse.

The finest display of fireworks seen in Kingston in many years will be given at the park at Lake Ontario park, Civic holiday.

Anthony Meziere purchased a car load of sheep in Prince Edward county this week. The animals were brought to the city yesterday on the steamer Ribban Queen.

Steamers North King and Caspian leave Kingston, daily (except Monday), at 10:17 a.m., for 1,000 islands, and at 5 p.m., for Rochester, N. Y., commencing 29th June.

Hand concerts in Macdonald park this summer are greatly missed. It has been suggested that the 14th and 17th regimental bands each give a concert in honor of the returned Kingston soldiers from South Africa.

Silk front honors; quantity now limited, 81, at the H. D. Bibby Co.

MARKET TOLLS SOLD WELL. PRICE PAID FOR THEM WAS \$1,795.

E. P. Brannigan Leases a Stall in the Island Market—Contracts Awarded for Painting Roofs of City Buildings.

The members of the city property committee do not believe in allowing the city's business to stand, though the dog days are here and the weather is unfavorable for long sessions and discussion of weighty matters. A special meeting was summoned for Wednesday afternoon, when these members put in an appearance: Ald. White, chairman; Sears, Graham, Hipson and Tait, and the city engineer.

E. P. Brannigan appeared before the committee and asked that a stall in the island market be leased to him at a rental of \$1 a week; he would require only a small space inside and the use of frontage on the verandah. He also would like the use of one of the cellars beneath the market, the same as hucksters have in Montreal, and elsewhere. He would put in an ice box, the city to take it over at a valuation in the event of his leaving. He would fix up a stall at his own expense. An ice box would cost about \$25.

After hearing Mr. Brannigan's offer, the committee adjourned for a few minutes in order to inspect the stalls desired by him. It was found that stall No. 4 would be most suitable; he would put up an ice box in the basement; it would cost about \$20.

Returning to the committee room, it was moved by Ald. Graham that Mr. Brannigan's offer be accepted. Mr. Brannigan to build his own ice box and the city to take it off his hands at the expiration of his lease, at a value not exceeding \$20. Carried.

Mr. Brannigan thanked the committee for its kind consideration and expressed complete satisfaction with the terms.

Ald. Hipson asked what rental Miss Shanahan paid for her stall. Chairman White replied \$20 a year. Ald. Hipson said that if Mr. Brannigan was to pay \$25 a year he would favor raising Miss Shanahan's rental to that amount.

Chairman White reported that at the expiration of Miss Shanahan's lease the matter of increasing her rental could be considered.

George Alexander appeared before the committee with reference to an account of \$120 for levelling refuse at the city's dumping ground.

Ald. McLeod explained that Mr. Alexander had performed the work by order of Ald. Carson. The work had been performed, and if the committee would not pay the account, he would pay it out of his own pocket.

In view of Ald. McLeod's explanation, Ald. Sears moved that the account be paid. Carried.

With reference to painting the roof of the city buildings, the city engineer reported that W. Abernethy, one of the tenderers, from whom further information was desired, had called upon him and had stated that he would give the roofs in question one coat of asphalt, and furnish the guarantee for the same for five years; he would keep the roofs in repair during the period of the guarantee, or if necessary would repaint the roofs; he would assume personal guarantee; his price was seventy cents a square.

W. J. Savage offered to cover the roof with lead paint for ninety cents a square.

The city engineer's opinion was to the effect that lead paint was the best.

After some discussion, it was moved by Ald. Tait, that the contract be given to W. Abernethy, providing he complied with requirements of the specifications and furnished two sureties, the guarantee to be for three years. Carried.

Three tenders were opened for covering the three domes of the buildings with aluminum paint. W. J. Savage, American aluminum, \$74; McMahon & Co., United States aluminum, \$60; T. W. Milo, German aluminum, \$80. On motion of Ald. Graham, the contract was awarded to T. McMahon & Co.

There were only two tenderers for market tolls: Charles H. Powell, No. 1, \$1,175; No. 2, \$620; sureties, Archibald Strachan and Joseph Lemmon. John Daly, No. 1, \$900; No. 2, \$500; sureties, James Daly and Charles Lyons.

On motion of Ald. Sears, the tender of C. H. Powell was accepted. The prices paid last year were \$1,000 for No. 1, and \$610 for No. 2.

Having Rideau Fish Stuffed.

Capt. Noonan, states that the fishing on the Rideau this season is better than ever. He is having stuffed two maskinonge and two black bass taken from the Rideau river. The maskinonge weigh respectively twenty-four and twenty-two pounds, and the black bass seven and one-half and six and one-quarter pounds. These specimens of the finny tribe, the captain is sending to the head office of the New York Central railway company in New York.

Prices Will Remain High.

"There is no hope of the price of meat coming down," said a well-known butcher, last evening. "We are unable to get enough fine meat to supply the demand here in the city. Cattle are very scarce in the country, and what few are sold bring a good price. Cattle are worth too much these days as milk-producers, to warrant their being cut up for beef."

Shattered By a Cannon.

Capt. Daniel Dukeman, of the yacht Nells, of Sherwood island, near Alexandria Bay, had his left hand shattered by the explosion of a small cannon on board the boat. The hand was amputated above the wrist, at the Brockville general hospital.

A Party From Boston.

A party of twenty from Boston arrived here this evening, and leave tomorrow on the steamer Rideau King for a trip through the Rideau to Ottawa. The travel on the Rideau Lakes navigation company's steamers is increasing.

Hole Proof Socks.
