### THE KING'S SOLICITUDE

#### For The Archbishop of Canterbury

#### HAVING A LAST GOOD LOOK

#### STREETS OF LONDON IN HANDS OF MOB.

The King Was Pleased With the Manner in Which the Coronation Was Carried Out—Sent Out Letters of Appreciation.

London, Aug. 12.—Court officials are still employed explaining the hitches and delays in Saturday's ceremonial, and bits of by-play behind the scenes are disclosed. One of the pleasant incidents was the king's solicitude of the Archbishop of Canterbury. When they met in the Confessor's Chapel, after the coronation, the archbishop was seated, and the king would not allow him to rise, but went up to him and enquired anxiously whether he had recovered from his temporary weakness.

The king is very pleased with the manner in which all the arrangements of the pageant and coronation of coronation were carried out. Personal letters of appreciation have been sent from Buckingham Palace to heads of various departments concerned.

The streets were, last night, again in the possession of a mob. Londoners were having a last good look at the coronation illuminations, and the police again wisely stopped all vehicular traffic. The main thoroughfares from Piccadilly to the Bank of England were crowded with eight-sevens, walking in twos and twos streams, but there was no crushing or jostling.

The resignation of Dean Bradley, whose infirmity was particularly evident on Saturday, when he well-nigh dropped the chalice in the coronation service, will offer the new prime minister his first chance for making ecclesiastical appointments, and disclosing his preferences in churchmanship if he has any. A broad churchman, will probably be selected from among the headmasters of great schools, in accordance with recent traditions at Westminster, although the trend of churchmanship at the Abbey has been rising with the increasing influence of Archdeacon Wilberforce and Canon Duckworth.

The imperial conference has virtually closed its work. The results of an informal discussion will be embodied in an official synopsis issued by the colonial secretary as in 1897. There will be scrupulous avoidance of controversial questions and academic declarations on many safe points. More practical work has been accomplished outside than within the conference, and the colonial premiers and ministers have approached one another with broad-minded flexibility in exchanging views on tariff revision, shipping policies and military and naval defence. The utility of the conference has been demonstrated in this way, and probably similar sessions will be recommended at future periods. There is a slow drift in the open sea toward imperial federation, but land is not in sight.

When the naval review and the Indian functions are over there will be leisure for the bye-elections and the agitation over the education bill. South African affairs have already fallen out of sight. Non-conformist hostility to the education bill is steadily increasing in England, and is supported by organized agitation among the official school boards whose existence is threatened by the legislation in favor of church schools.

Preparations have already been made for receiving the Boer leaders, Botha, De Wet and Delarey, who will arrive next Saturday, at Southampton, on board the Saxonia. The distinguished visitors will be met by the colonial office authorities and also by Lord Kitchener, and will be conducted on board a special steamer, which has been chartered for notable guests at the naval review. They will be special spectators of the review, and will in the evening sail onward to the ships to witness the illuminations. They will sleep at night on board the vessel, and on the following day they will be received by the king on board the royal yacht.

The government has decided upon a thorough investigation of the alleged over-crowding scandals on board the transports Drayton, Grange and Britannic.

### Earl's Son To Wed.

Denver, Col., Aug. 12.—Capt. The Hon. Evelyn G. S. Ogilvy, known all over Colorado as "Lord" Ogilvy, announces that he will marry Miss Edith Gertrude, daughter of C. F. Booth, a wealthy farmer at Waterdale, Col., on Aug. 27th.

Capt. Ogilvy is the second son of the Scotch Earl of Airlie. He has lived in America for several years, and left Colorado to serve in the British cavalry during the Boer war, where he acquired the rank of captain. He is now conducting a sheep ranch at Lasalle, Col.

### Quivira Monument Unveiled.

Juniper City, Kan., Aug. 12.—On the site where Coronado turned back to Mexico after his fruitless search for the seven golden cities in the present was unveiled today. The purpose of the monument is to commemorate the discovery of Kansas by Coronado and the re-discovery of the site of Quivira by J. V. Brower, of St. Paul, Minn. The location of the monument is at Logan's Grove, a short distance from the city.

### Jean De Castellane Wins.

Paris, Aug. 12.—Count Jean de Castellane, recently unseated by the chamber of deputies for the use of money in his election, has been re-elected to the chamber from the department of Cantal.

### NOTHING IN IT.

#### About a Combination to Fight a Trust.

Halifax, N.S., Aug. 12.—"There is absolutely nothing to it. The question has never been discussed," said James Ross, president of the Dominion Iron and Steel and Dominion Coal company, at Sydney, yesterday afternoon, when asked if there was any truth in the report that a combination of British and Canadian steel industries, to enter into competition with the United States steel trust, was in contemplation. "I cannot," he added, "even account for the appearance of such a story." President Ross, accompanied by R. B. Angus, Senator Cox, Senator Forget and Wanklyn, general manager of the Montreal street railway, arrived yesterday, at Louisbourg on the yacht Gunaheda and came into Sydney on a special train, inspecting collieries of the Dominion coal on the way.

Speaking on the question of ship-building president Ross, stated that under the present circumstances the establishment of a steel shipbuilding plant at Sydney.

### OUR TRADE RETURNS.

#### Increases in Both Imports and Exports.

#### COUNTRIES WE TRADE WITH

#### GROWTH IN ALL THE BUSINESS RELATIONS.

#### Laurier Will Seek to Overcome the Adverse Treatment Given to Our Goods in the German Empire—News From the Capital.

Ottawa, Aug. 12.—The customs department has completed a compilation showing Canada's trade with her principal customers and sources of supply abroad. The total imports for consumption in the fiscal year up to June 30th, amounted to \$267,714,335, as against \$181,237,988 in the corresponding period of 1901. Following were some of the principal imports for consumption:

1902.	1901.	
United States	\$120,869,256	\$110,488,068
Britain	49,245,233	48,018,164
France	6,670,778	5,398,021
Germany	10,814,029	7,021,405
Italy	224,682	322,361
Belgium	1,700,697	3,288,450
Newfoundland	1,125,426	628,568

Our exports of Canadian produce only amounted to \$196,019,763 in the last fiscal year, as against \$177,433,439 in 1901. Some of the principal items in this total were as follows:

1902.	1901.	
United States	\$71,196,505	\$67,695,726
Britain	109,348,245	92,857,525
France	1,488,848	1,436,028
Germany	2,692,535	1,374,716
Belgium	2,444,490	1,728,484
Newfoundland	2,481,367	1,422,317
Australia	2,574,759	2,297,521
West India	1,967,039	1,898,262

From this it is apparent that the growth in our foreign trade is due to the increase in our dealings with all the principal countries with which we trade abroad. The steady growth of our imports from Britain cannot be noticed. True those from the United States grow also but so they did under the late administration whereas the purchases from Britain before the present tariff came into force were steadily on the decline. Our dealings with Germany prosper in spite of the adverse treatment given our goods in the German empire, a matter which Sir Wilfrid Laurier has promised his good offices to overcome.

The Ottawa branch of the royal mint will be in progress of building a strong room of solid concrete. The chief architect has embraced the best features of similar edifices in Europe, and thinks he has a design, security and endurance itself which can bid defiance alike to the wiles of crime and the onslaughts of the elements. It will be 177 by 165 feet, and elevated above to this branch of the public service.

Canadian government officials estimate the year's output of gold in the Klondyke at not more than \$14,000,000, as against a production of \$21,000,000 last year.

A regulation was issued by the British dairy importers that butter containing more than sixteen per cent. moisture would be considered adulterated and of inferior quality. In order to place Canadian goods on a proper footing it was decided to make a test of butter manufactured at different points. The analyses are being carried on by Prof. Shutt, of the experimental farm, and so far, although samples have been collected from a wide area, none have been found with anything but sixteen per cent. moisture, which speaks well for Canadian butter. The butter tested was manufactured under circumstances which would tend to produce moisture, but it turned out all right.

### Torpedo Boat's Trial.

Washington, D.C., Aug. 12.—The trial of the torpedo boat destroyer Chamney, which was built by Neale & Levy, of Philadelphia, takes place today, at the Cape to-day, and considerable interest is manifested at the navy department in the result of the test. The building of these tiny warships is now regarded as something of a speculation; inasmuch as several of those turned out during last year or two have proved dismal failures, while others, constructed after the same design and apparently alike in every particular, have been fully up to expectations. Naval constructors who have followed the constructors of the Chamney express the opinion that it will come up to all requirements. The vessel is of 420 tons displacement and is designed to have a speed of twenty-nine knots.

### Plans for Vanderbilt Wedding.

New York, Aug. 12.—Following the formal announcement of the engagement of Reginald Vanderbilt and Miss Kathleen Nelson, society is now speculating as to the time and place of the wedding of the popular young couple. The marriage will be a sumptuous affair and will probably take place in this city. An indication that the marriage will be celebrated before next summer is the work now being done upon Sandy Point farm in Portsmouth, recently purchased by Reginald Vanderbilt. An entirely new house is to replace the one now there.

### Dr. Simpson Raised \$45,335.

Old Orchard Beach, Me., Aug. 12.—In his collections for foreign missions, in the Christian Alliance Convention, Rev. Dr. A. B. Simpson, New York, raised \$45,335.75, the highest amount raised at any of the big day meetings of last year's convention, but falls considerably below the record made when all the Christian Alliance contributions in the country were concentrated here.

The London & North-Western companies' Birmingham to London express steamed 115 miles in 113 minutes. This beats all previous English records for a similar distance.

### DE BARRY QUITS.

#### Does Not Fight Dismissal, But Goes Off To Ireland.

Buffalo, Aug. 12.—Former immigration inspector De Barry's house in West Avenue is closed. With his wife he has sailed for his former home in Lisimore, County Waterford, Ireland.

The fact that Mr. De Barry had left the country has been kept a secret. It will be remembered that Mr. De Barry said that he did not intend to let himself be dismissed without making an effort to be reinstated. It was thought that by this time he would have his influential friends at work seeing what they could do to effect his reinstatement.

On the contrary, however, Mr. De Barry has shaken the dust of this country from his feet. How long he will remain away is a matter of conjecture. He sailed from New York last Wednesday. Some of his friends say that he will return to Buffalo on September 10th.

#### THEY GOT REWARDS.

#### From the Royal Canadian Humane Association.

Hamilton, Ont., Aug. 12.—The chairman and board of investigating governors of the Royal Canadian Humane Association have unanimously awarded the association's medal to Michael Walsh, for conspicuous bravery in saving Elizabeth Pretty, from drowning at Montreal, on June 6th, 1902; also parchment certificates to William Edgeley and George Tharrett, for promptly saving Clarence Root, Delmer Root, Charles Root, and H. Hogaboom from drowning in the River St. Lawrence, near Rockport, on April 12th, 1902.

#### MAD WOMAN IN A CAGE.

#### Keeps Her Shut Up For Seventeen Years.

Stockholm, Aug. 12.—In a village in the province of Vermland a woman has been discovered clad in a single garment and shut up in a wooden cage, which she has never left for seventeen years. Having become mad, she was entrusted by her family to the care of some peasants, who undertook to look after her for £12 a year. When released she was dreadfully emaciated, and in an indescribably filthy condition.

#### POLICEMEN SHOT DOWN.

#### They Were Trying To Arrest Burglars.

Chicago, Aug. 12.—Two policemen were shot down in an alley, both dying in a few minutes, shortly before four o'clock this morning. Their assailants were two burglars caught in an attempt to rob the house of Dr. Harry Shaw, at 222 Ashland boulevard. Both escaped. The dead policemen are: Timothy Deane, forty years old and Charles Penell, thirty-five years old.

#### THEY LYONED THEM.

#### A Short Distance From the Jail.

Lexington, Mo., Aug. 12.—At 1:30 o'clock, this morning, a mob numbering 200 or 300 masked men battered down the door of the jail located in the courtyard here, and secured Charles Salyers, white, and Henry Gates, a negro, who one week ago murdered George W. Johnson, and banged them to a tree, a short distance south of the town.

#### Aged 110 And Healthy.

Shearer, Mich., Aug. 12.—Alvona county claims a citizen who has turned down the one hundred and tenth year mark and is still in good health. He is Louis Villeneuve, a native of the province of Quebec, who was born in 1791. He served in the British army in the war of 1812. In 1864 he moved to the United States and his home now is in Shearer.

#### Rather Small Reward.

Chicago, Aug. 12.—Lance Harwood, an eight-year-old boy, from Big Rapids, Mich., has returned to Scott & Co., a package containing \$59,900 of negotiable securities, which had been lost at the stockyards by a messenger boy employed by the firm. Young Harwood found the package while sightseeing at the stockyards. He received a reward of \$25.

#### Plunged Into A River.

Elizabeth, N.J., Aug. 12.—A freight train on Long Branch division of the Central railway of New Jersey, plunged through an open draw bridge into the Elizabeth River to-day. Twelve cars were piled up on top of the locomotive, which lay at the bottom of the river. The body of one of the crew has been recovered. Another man is said to be missing.

#### Weather Fine And Cool.

Winnipeg, Aug. 12.—Reports from Daulton, Gladstone, Fort Qu'Appelle and Edmonston, state that farmers have started cutting grain. It is likely that harvesting will be general within the next ten days. The weather is fine and cool.

#### First White Settler Dead.

Portage La Prairie, Man., Aug. 11.—John McLean, the first white settler of the district, died Saturday. He was 86 years of age, and had lived in this district for the past forty years. He was born in Perthshire, Scotland.

A lively battle occurred last night between deputies and strikers at Throop, Pa. Scores of shots were exchanged, but as far as is known, no one was hit.

A deaf woman of Manstreck recovered her hearing after a pilgrimage to Ste. Anne de Beaupre.
