CELEBRATING DERRY DAY.

SEVERAL BRIEF ADDRESSES IN MACDONALD PARK.

Special Prizes Awarded Various Lodges—An Afternoon of Sport—A Most Orderly Demonstration.

A large crowd assembled with the "Patriotic Boys and Orangemen in Macdonald Park Tuesday afternoon to hear addresses delivered from the pavilion. This portion of the programme was much abbreviated, because of the field sports. Acting Mayor White extended a hearty welcome to the visiting lodges, on behalf of the city. He stated that he had been identified with the Orange order for forty-four years, having become a member in the county of Peterboro.

Ex-Mayor Gaskin, County Master of the Orange Order, also welcomed the visitors to the city. He reiterated what he had said a month ago—that the Roman Catholics were more true to themselves and to the almighty dollar than were the Orangemen. The speaker never went back on Orangeism—he was an Orangeman first, and a party politician afterwards, in proof of which he instanced his opposing the conservative party in 1896. You don't now hear the question asked, who the Orange order is going to support, said he, the captain. It is, how is the Roman Catholic vote going. Capt. Gaskin remarked that there was a dispute as to who was the oldest "Prentice Boy in Kingston." He himself claimed that honor. In conclusion, the speaker announced that on next July 12th, the Kingston Orangemen would have a monster demonstration here and bring the people of Ontario that they were alive as of yore. A few remarks were also made by Ivo L. A. Colet.

Judges White, Gaskin, and Elliott awarded the special prizes this evening. Brockville, No. 8, P.B., \$15, for bringing the largest excursion to the city. Belleville, No. 2, P.B., \$10, for the largest and best dressed lodge in line. President of Kingston Ladies' True Blues, pair of gold cuff links, for the largest ladies lodge in the procession. Brockville P.B., box of cigars, for the largest lodge of "Prentice" Boys in line.

The races were held in the City Park under the direction of Mr. Collet and Mr. Tuttle, chairman and secretary respectively of the sports committee. The results were:

Ladies, eighteen years and over—Miss Stansbury, Miss Ada Waine, Miss Lizzie Perryman.

Girls, eighteen years and under—Miss Leah Frank, Miss Louisa Foden, Miss Leah Brown—Mrs. Spooner, Mrs. Charles Sullivan, Mrs. Robert Campbell, Portsmouth.

Tug-of-war—No. 1, Prentice Boys, Kingston; No. 316, L.O.L., Kingston. The demonstration was one of the most orderly held in Kingston. Every lodge seemed to be composed of a fine lot of men, young and old. Such demonstrations are welcomed by Roman Catholics as well as Protestants, as they're good for trade.

There's a body of loyal Orangemen at Stella. The Steamer Caspian did not call there on Tuesday morning, and the uniformed Orangemen were disappointed. They were not to be beaten, however, and eight or ten of them secured a sew and came down to join in the celebration.

The immense crowd on the cricket field to witness the baseball match brought to mind bygone days when that old Park Nine used to play on that popular ground. The people enjoyed the field day arranged by the Kingston "Prentice Boys."

CONSIDERS IT NONSENSICAL. Princess Street Merchant Discusses Customs Law.

"A certain amount of protection is a good thing, but too much of it is an evil," remarked a leading Princess street merchant last evening. He referred to the new plan adopted by the local customs officials in sending two customs officials to Oceanography on excursions, in order to prevent smuggling of goods from that port to this. "I consider that a piece of nonsense, because the amount of stuff smuggled, if any, is so trifling that it is not worth while bothering about. And, besides, this surveillance is a two-edged sword that cuts both ways, and in the long run it will be Canadians who will be wounded the deepest. If the United States customs officials retaliate, it will mean the loss of much money to Kingston merchants. United States visitors to Canada spend dollars, where Canadian visitors to the United States do not spend cents, because the visitors here are mostly wealthy people. That is why I say the new order of things on the part of Canadian customs officials is nonsensical, because it will result in loss of money to those protected."

Has a Fatality Occurred? While Mr. and Mrs. D. Massey, Grantham Island, were fishing opposite North Island, they discovered a small naphtha lamp turned bottom side up. It was painted a shell color but there was nothing by which the craft could be identified. Mr. Massey towed the lamp to his home where it awaits identification. He says, "The boat appears to have been absent at least a couple of days. The ports of the engine were open, indicating that some awful calamity befell the craft when under full headway. The gasoline had all leaked out."

Scavenger's Duties Defined. Said an ex-alderman this morning: "For the benefit of the market clerk, market scavenger and others, who should know, permit me to say that the market scavenger is under the control of the city engineer, not the city property committee, as stated by law by-law, and he may see as defined by any time by calling upon the city engineer. SUSPICION Leads To The Real Cause. The question of coffee disease, or Postum health becomes of the greatest importance when we are thrown upon our own resources. Many a woman who suddenly left without means of support, can make a comfortable living if health remains.

A brave little woman out in Barnes, Kansas, says: "I feel that I owe you an abler for the good Postum Coffee has done me. For years I was a great sufferer with nervousness without ever suspecting the cause. Two years ago I came down with nervous prostration. My work was light but I could not do it, I could not even sew or read. My sleep was broken and unrefreshing. I suffered intensely and it seemed only a matter of time till I must lose my reason."

My mental distress was as great as my physical, when one day a friend brought me a trial of Postum Coffee and urged me to use it instead of coffee for a few days, saying that Postum had cured her of liver trouble and sick headaches. I replied that I had already used it but to my surprise I had always used it as a stimulant. However the Postum Food Coffee proved to be pleasing to the taste and I used it and was surprised to see that I was resting and getting better. My husband bought several packages and insisted on me using it also. Gradually, but not too surely, I fully recovered. I never used coffee afterwards and when I was left a widow a year later I was able to open a dress-making shop and support myself and little girls."

GANOQUE IN THE LEAD

WINS HARD FOUGHT MATCH WITH CANTON.

Winning Team Continues at Head of the League Standing—Tuesday's Match Was a Close and Interesting One—Notes of Sport.

Gananoque, Aug. 13.—After O'Hara cut out on a fast-driven fly well caught at deep centre, McCarthy made his second two-bagger of the game, and Ross, never to bat, made a sacrifice, scoring McCarthy and winning the game for Gananoque in the tenth innings of what proved to be the hardest fought battle on the home grounds this season. Gananoque made choice of the number of hits that Canton did and then surely lost the game through carelessness in several innings on one single, two sacrifice hits, two two-baggers and a base on balls; the last man out was caught at the plate, taking what looked like a safe chance, but the ball was there first. They tallied again in the second by a base on balls, two singles and a sacrifice hit. In the third they got another on Moriarty's errors at second, and the two runs added in the fourth were earned by heavy batting, making the score at the end of the fourth innings six to nothing in Gananoque's favor.

Canton went out in one, two, three order in the first four innings, by short flies, strikes and snappy assisting on the part of the Gananoques, and not a hit was made until the sixth inning, a peculiar thing happened in the fifth innings when Canton tallied four runs without a hit being made. It was at this stage of the game that he broad smiles worn a few minutes before by those in the grand stands passed away altogether. Gananoque, dropping to breathe in this inning, made the break for long. Four errors passed the plate on errors by Brennan and Cota, a run forced in on bases on balls, the umpire cutting out the infield fly rule, and a hit by pitched ball, Canton felt encouraged and went at it, in their part of the sixth, hammer-and-tongs, and tied the score on two singles, one two-base hit and a throw from the field.

Gananoque cut to be on the field on short bunts, long drives and clever base stealing. Then it was up to Canton to make the game interesting which they did by again tying the score, on two runs let in on O'Hara's high throw, another two-base hit and a sacrifice. There was no change until the tenth inning, when Moriarty, whose smiles turned to frowns and vice versa at Gananoque turns to bat. In the tenth Canton went out on two foul flies and an easy assist. When Gananoque took their turn, McCarthy scored the winning run, the records showing a score of nine to eight in Gananoque's favor.

Bases on balls of Drohan, 3; Gehm, 5. Hit by pitcher, Lovely, Moriarty. Passed ball, Henderson, 1.

Randolph, five times at bat, made three singles, one two-bagger and made first base on his other chance on an attempted sacrifice.

Corrigan made the most sensational catch of the season. With two men out for Canton, he accepted a hard driven fly over his head with his glove hand. This saved the game for Gananoque, as the two men on bases would have scored. Frank is not dropping them now.

Gananoque will play exhibition games at Carleton on Wednesday, Belleville on Thursday, and Philadelphia on Friday, and return home Saturday morning to meet Gouverneur in a league game.

Cota, who replaces Burke at second, is in the game for all he is worth, both at the bat and on the base.

Sporting Paragraphs. Providence has again worked into fourth place in the Eastern.

There are only twenty-five batsmen in the National league in the 300 class.

Mullish, who played with the Ponies for the past three weeks, left for his home in Toronto this morning.

Coxill, the Australian swimmer, won the half-mile championship of England and established a new record of 11:30 2/5.

On Friday the Ponies will meet for the second time here, the veteran Ontario veteran baseball team at Lake Ontario Park.

Ponies have only three more matches away from home in the St. Lawrence league. They have six more home games.

Some of the Ponies evidently had a masquerade turnout last night. An obese appeared as a sumner girl, with a white bouquet trimmed with green chiffon.
