You want Fishing Tackle, Lines, Poles, Spoons. We have some lovely HAMMOCKS, from \$1 up. COAL OIL STOVES and REFRIGERATORS. All the cheapest in town. W. A. MITCHELL'S HARDWARE.

WHAT HE SAID

"Just see the cream on these bottles of milk," was the expression of a man who stopped our wagon on the street a few days ago to arrange for a regular supply of milk. It is a fact that the milk of our dairy carries more cream than milk of any other dairy in Kingston. We intend to have every bottle as good as possible.

THE ODDFELLOWS MEET.

THEY ARE NOW IN CONVENTION IN TORONTO.

Grand Master Lyman Made An Address and Reviewed the Work of the Year—Finances and Membership Considered.

Toronto, Aug. 13.—About 500 members of the I.O.O.F., gathered, to-day, at Victoria Hall for the forty-eighth annual session of the Grand Lodge of Ontario. Grand Master Lyman presided. Grand Master John N. Kellar, of the New York jurisdiction, was introduced, and 300 new representatives were given the grand lodge degree. An invitation was received from Hamilton to meet there next year. Aldermen Ward and Oliver extended a welcome on the part of the city of Toronto.

The grand master reported a creditable increase in membership during the year. There were started five sub-ordinate lodges, and three Rebekah degree lodges. During the term just ended there were initiated 1,195, while the suspensions for non-payment of dues were 519. After deducting losses from withdrawals and deaths it showed a net increase for the six months of 566 and the total membership in the 30th lodge, during 1902, was 26,252. This does not include the membership of the two new lodges instituted during July.

The assets over and above liabilities, on December 31st, 1901, amount to about \$1,091,000. During the year of 1901 there was disposed in financial relief the sum of \$85,414.61. The grand master was of opinion that the transfer of lodges in New Ontario to the Manitoba jurisdiction could not be legally made, owing to the present insurance law in force in Ontario. He had declined to comply with the request of the National Oddfellows' Sanitarium of Florida, for permission to solicit aid in Ontario jurisdictions in view of the efforts to establish an Oddfellows' home and orphanage in Ontario.

Oats being harvested in this district are of unusually fine quality, averaging about thirty-six pounds to the bushel, as against thirty-two pounds last season. The only drawback that they are exceptionally dark. Barrie in his new story, "The Little White Bird," in Scribner's, introduces two curious minor characters, a club-waiter and a nurse-girl. This tale displays what Barrie himself calls the narrator's "whimsical ideas."

Dairying In South Africa.

The bulk of the dairy products required for consumption in South Africa have heretofore been imported from abroad, the farmers of Cape Colony confining themselves to the production of cattle for beef and work. Lately, however, some attention has been given to dairying. In East Griqualand a number of farmers started a co-operative company for the making of cheese, which they were able to sell at twenty to twenty-four cents per pound in the local market. This proved exceedingly profitable, and other farmers in the same district purpose going into the same line. Eventually South Africa may not only supply her own home demands, but become a great exporter as well.

SERG. LAWRENCE IN LUCK

THE KING PINNED ON HIS MEDAL.

The Prince of Wales Concluded the Work—King Edward Reviews Troops on Grounds of Buckingham Palace.

London, Aug. 13.—Two thousand colonial troops here to attend the coronation, including the Canadian contingent, were reviewed by King Edward on the grounds of Buckingham Palace. The Prince of Wales, on behalf of his majesty, distributed coronation medals to those entitled to them.

The king inspected the troops from the terrace where he was accompanied by Queen Alexandra, Prince and Princess Henry of Prussia and other royal personages, Earl Roberts, the commander-in-chief, Gen. Lord Kitchener, Mr. and Mrs. Joseph Chamberlain, several colonial premiers and King Lewarnika of Barotseland, all of whom showed keen interest in the picturesque body of men arrayed in vari-colored uniforms as they marched past in single file.

The king personally fastened the Victoria Cross on the breast of Sergeant Lawrence, the first man in line, after which he retired to the shade of an awning and left the distribution of medals to the Prince of Wales.

The members of the royal family were much amused at the unconventionality of the colonials, who after they had received medals seated themselves comfortably on the grass and smoked as they watched the decoration of their comrades. When all had received their medals, the troops advanced and presented arms, while the massed bands played the National Anthem. The king stepped forward and delivered an animated address, which was greeted with cheers and waving of hats by the troops.

The king said: "It has afforded me great pleasure to see you here and to have the opportunity of expressing my high appreciation of your patriotism and the way you distinguished yourselves in South Africa. The service you have rendered the mother country will never be forgotten by me and they will, I am sure, cement more firmly than ever the union of our distant colonies with the other parts of my great empire. Your stay in England has been longer than originally intended owing to my illness, but I hope you have enjoyed it and derived pleasure from visits to various parts of the land of your ancestors. God bless you all. I wish you a safe and pleasant return to your own countries."

Forfar Facts. Forfar, Aug. 12.—Miss Jennie Berny, Luther, Mich., is the guest of Miss Maude Ackland. A number from here took in the excursion to Thousand Island Park on Thursday. Mr. and Mrs. James Hales, who have been the guests of Mr. and Mrs. W. T. Hales, left for their home in Toronto on Thursday last. W. A. Berney, of the Canada Carriage company, Brockville, and sister, Miss Jennie, and Miss Maude Ackland, spent Sunday with Mr. and Mrs. William G. Berny, Lynhurst. A few took in the 12th at Westport on Tuesday last.

First Load Of Barley. The first load of new barley of the season was delivered in this city this morning by a township of Kingston farmers, who was paid forty-five cents a bushel for the product. The grain is of fine quality, superior to last year's growth from a standpoint of quality, but it is dark in color, which detracts from its value.

Dressmaker's Backache. Women engaged in the arduous work of dressmaking frequently have trouble with their back and kidneys. Running a sewing machine, plying the needle in the never ceasing stitch, stitch, pressing seams—constant bending over—soon tells on the back, makes it ache and pain. No wonder these women often find their health fail. The kidneys get out of order, the back pains, and the whole system gets full of poisons which the sick kidneys are unable to eliminate.

No dressmaker should allow her health to slip away, and backache and kidney troubles keep her in misery, when such ease, comfort, freedom from pain and invigoration of the system can be obtained by using Dr. Pitcher's Backache Kidney Tablets.

ACTED SPLENDIDLY. Miss A. Schwartz, 42 Water Street, Berlin, Ont., states her experience with Dr. Pitcher's Backache Kidney Tablets as follows: "I suffered from backache and kidney trouble for some years, which I think was due to sitting so close and bending over at my work. The trouble at times was quite severe, so I got a bottle of Dr. Pitcher's Backache Kidney Tablets at Ross' drug store. They certainly acted splendidly with me, for I had no finished the first bottle until I got complete relief." Price 50c. a box, at all druggists or by mail, The Dr. ZISA FITCHER CO., Toronto.
