REV. J. W. MUIRHEAD DEAD.

Passed Away at an Early Hour on Thursday.

At two o'clock Thursday morning, death called Rev. John W. Muirhead, B.A., to the church triumphant. After a painful illness of several months, this faithful servant of the Presbyterian church in the west presbytery of Canada, found eternal rest.

Over four months ago, Mr. Muirhead caught a severe cold while attending to his church duties at Whitewood, Man. He was forced to relinquish the work he loved, and undergo medical treatment at Winnipeg, Kildy, disease developed, and in a few weeks the sick minister was brought to his condition at the residence of Mrs. Muirhead's mother, Mrs. Arthur Shown, Clergy street. The best medical attention and nursing could not master the disease, and the sufferer gradually sank into the long sleep.

The late Mr. Muirhead was born in Scotland thirty-eight years ago, and when young, with his parents, came to Canada, settling in Brockville, which is still the family home. In 1891 he graduated at Queen's as Bachelor of Arts, and in 1895 completed his theological course. Then he was appointed to Whitewood, Man., where he labored faithfully and successfully ever since. Mr. Muirhead was a forcible preacher, and a most earnest worker. At Queen's, he was always popular with the student body, and held many positions in the various societies there.

Deceased was twice married. His first wife was Gertrude, eldest daughter of W. J. Mahood, Kingston. His widow was formerly Miss Lizzie Chown, daughter of the late Arthur Chown. One child by each marriage survives. The deceased is also survived by his mother and two sisters.

The funeral will take place on Saturday afternoon at Catawagou cemetery. Rev. M. MacGillivray, M.A., of Chalmers' church will officiate.

An Action For Damages.

George W. Brown, Athens, has been served with a writ for \$3,000 damages for breach of promise of marriage and the abduction of Miss Stone, of Pictou. Thomas Stone, her father, a journeyman baker, who formerly worked at Athens, where Brown became acquainted with plaintiff, Brown is a widower of about sixty years of age while Miss Stone is but a young girl. Brown has for many years held official positions in Athens and the county of Leeds.

Made General Superintendent.

James Daly, former market losses, has been appointed general superintendent of the Kingston district fire department in a position of importance. Mr. Daly's qualifications are eminently fit him for the duties. He has been for years a director and is thoroughly conversant with fire matters and requirements. He began duties today and will be of great assistance to the management.

The county council will meet next week to consider the Sheriff Dawson action, entered by Sheriff Dawson against the county for \$58.50, printing account, which the council refused to pay, on the ground that the sheriff's allowance of \$100 a year for sundries should cover his printing. To Consider His Refusal. Warden Spoor says that the county council will next week, consider the action of the sheriff in refusing to allow jail prisoners to do work around the county house grounds. Refused Them Entry. Yesterday afternoon, United States immigration agent Conway, who does duty at this port, stopped two Hebrews, from the east, from purchasing tickets for Cape Vincent, N.Y. He would not permit them to enter "Uncle Sam's" domain, as they came under the class of "undesirable citizens." The Hebrews suffered from some disease of the eye, and had been refused admittance at Ogdensburg, N.Y.

A Wee Rival Toot. One of the very small steamboat companies on the river, is continually growing mad at its big and enterprising cousin concern, which never heels the ye-e-e-er-like outbursts of its wee rival. FEW LINE INTERVIEWS.

Judge Price—Kingston lost his opportunity of going ahead when, a year or two ago, the offer of some Yankees to build and operate a summer hotel in Macdonald Park was refused. I wonder which citizens consider better for Kingston—a thriving city with a summer hotel or a graveyard with a park?

Parks Caraker Phillips—The parks were never in prettier condition. I think the committee should furnish me with a bicycle, though I would prefer a chariot with a pony in front.

A Delightful Spot. An exceptionally large number of citizens gathered in Macdonald Park last evening to enjoy a half-hour in that popular and beautiful breathing spot. The night was delightful. A full moon shone forth gloriously from a cloudless sky; the air was balmy and the soft zephyrs that swept shoreward from the bosom of the great lake were invigorating. The moon's rays were reflected a thousand fold on the tiny ripples, like shimmering liquid gold. It was a beautiful night for "spooning," but the moon kept both eyes full on this ball of earth, and refused to hide behind a sheltering cloud.

For a moment, the moon gave us an opportunity of meeting lips, so that we could content ourselves with gazing with "eyes that looked love to eyes that spake again." Of course all who occupied seats in the picturesque park were not there out of sentiment.

A Great Success. The dry-goods merchants are delighted with the success of the five o'clock closing movement. It has worked very successfully. Said one of them yesterday: "I am delighted with the success of the early closing movement; it gives us an hour more of rest daily, which we appreciate. The citizens are to be commended for the loyal manner in which they supported the movement. At first there was some complaint on the part of late shoppers who found the store closed after five o'clock, but as soon as the ladies became educated to the scheme, all complaint ceased. We do a good business now up to about half past four, when trade begins to fall off, and by five o'clock we have few, if any, customers in the shop. I consider the early closing movement a great boon and a success."

Rev. Dr. Jackson Injured. Rev. Dr. Jackson, of Montreal, son-in-law of William Bailey, Colborne street, met with a severe accident while driving to his summer camp near Magog, Que. At the station a shunting train frightened his horse until it became unmanageable and he was thrown violently out. In the fall he broke one of his arms and received other bruises. Mr. Jackson was also thrown out, but escaped fortunately with only slight injuries. Medical assistance was called to Dr. and Mrs. Jackson, when the extent of their injuries was ascertained, and they were taken to their camp. Dr. Jackson is resting quietly and bears his shaking up with good courage.

TRYING TO WIN THE CUP

UNITED STATES YACHT CLUBS STILL AFTER IT.

How the Contests For the Seavanhaka Have Gone in Years Past—Cricketers Hope to Have Some Good Games.

Amateur pitches for Ponies this afternoon and Moriarty to-morrow. Cheney was to pitch for the Orientals against Ponies this afternoon. A Chicago offer for the Seavanhaka cup winner, Trident, has been refused.

All the winners from Glencair 11 down have been designed by G. H. Duggan.

The Ottawa Capitals are confident of getting into the finals for the lacrosse championship.

Parkdale cricketers defeated the touring St. Louis eleven by an innings and twenty-eight runs.

Orellia is arranging for a week's cricket with Toronto clubs for the week beginning August 18th.

So successful was the recent bicycle meet in Ottawa that another will likely be held there in September.

Jockey T. Meade was seriously injured by a fall at Chicago, three horses falling in the first race.

With five errors behind him, Sullivan won his match for Providence yesterday, defeating Buffalo, 10 to 1.

The Gloucester Yacht Club has issued a challenge to the Royal St. Lawrence Yacht Club for the Seavanhaka cup.

Roxane, by Perblaise-Ordina, has established a new track record for a mile at Saratoga, running the distance in 1:38.57.

"Mexican" brought a good price at the Mackay stable sale, selling for \$20,000; but \$30,000 had previously been offered and refused.

The Montreal Cricket Club is negotiating with Toronto clubs for a series of games extending over the first week of September.

The annual tournament of the Ontario Bowling Association begins August 19th, on the lawns of the Queen's Royal Hotel, Niagara-on-the-Lake.

"If a man can correctly pronounce the name of that new Pony pitcher," (Moriarty) said a baseball fan, "then he's sober. It's a good test for a wife to try when her husband declares he isn't pie-nic drunk."

It is quite possible that Kingston fans will accept the \$200 challenge of the Canton baseball manager, and back the Ponies against the team across the border. The match would likely be played at Cape Vincent.

The Trident is to be sold to the individual member of the Royal St. Lawrence Yacht Club offering the highest figure. The Trident, when once purchased, cannot be disposed of for at least four years outside the membership of the club.

Hamilton lawyers and doctors played a baseball match this afternoon. So did the Kingston lawyers and doctors many years ago on the old Park street ground, at Johnston street, but the doctors "trimmed" the legal ninso badly that it has not yet come back to life.

"They'll nae get me to play you awfu' game," declared a little Scotch machinist of the locomotive works, as he spoke about a baseball match he had witnessed here. "I wunda min' playing rounders when they lob the ball so at you, but that itter game is nae for me. It frightened me to see a man tossin' the ba' with a his might to another who had a lot o' wire in front o' his face. Why if the ba' hit the one wi' the club on the head, it would be a' over wi' him. Na, I'll nae play that game."

The Seavanhaka cup was put up by the Seavanhaka Corinthian Yacht Club in 1895. Ethevynn, United States, won it against Spruce IV, English, at Oyster Bay. Next year the Glencair, Canadian, swooped down and carried it off from El Heirie, United States, and since then the Royal St. Lawrence Yacht Club, Montreal, Glencair II, vs. Mums, United States; 1898, Glencair III, vs. Constance, United States; 1900, Belmont vs. Minnesota, United States; 1901, Semmivola vs. Greyfriar, English; 1902, Trident vs. Teumseh, United States.
