Engineer Reports On The Temiscamingue Routes.

THE CANADIAN HARD FLOUR

IS SELLING WELL IN AUSTRALIA SAYS MR. LARKE.

Supt. Howe, of the Mounted Police, Dead—Will Construct a Railway in the Kootenay District—General Capital Notes.

Ottawa, Aug. 20.—G. A. Mountain, chief engineer of the Canada Atlantic railway, who was commissioned by the Ontario government to make a report on the feasibility of two routes from North Bay to Temiscamingue, returned to the city yesterday, having completed his work.

Mr. Mountain went over the two proposed lines for forty miles at a distance of five miles apart. Until his report is sent to the government, however, his finding will not be made public.

Mr. Mountain says he was much surprised with the country and does not anticipate any engineering difficulties in the construction of the line, at least in the part of it which he went over.

There is much less elevation, he says, than in the western division of the C. A. R., and not a great deal of bridging work will be necessary. The total length of line to Temiscamingue will be about 110 miles.

The Canadian government agent in Australia, J. S. Larke, writes to the department of trade and commerce that Canadian hard flour is selling well there. He adds that a good trade might be worked up in the inferior qualities, which are not affected by the duty.

South Australia, Victoria, and part of New South Wales have had rain, but the remainder of the island is suffering from drought. Mr. Larke mentions manufacturers against loading up the traveller with too many lines, as he is certain to neglect some of them.

This afternoon the brethren spent in merry-making, taking a jaunt by electric car to Victoria Park, Aylmer. Before going there was a street car parade in the following order of procession: Band of the G.G.F.G.; Ottawa Preceptory, No. 32; Godfrey De Bonillon, No. 3; Hamilton; Richard Coeur De Lion, No. 30; Montreal; Band, Duke of York's Own, Ottawa; Sussex Preceptory, No. 9; Stanstead; Guelph; Guelph Preceptory, No. 16; Brockville; carriages with Sovereign Grand Master D. L. Carley, Hon. John V. Ellis, past grand master, and other great priory officers and Sir Knight John B. Keating, British vice-consul at Portland, Me., etc.

PAYS TO GET DIVORCE.

Suit Reveals Peculiar Contract Between Couple.

St. Paul, Minn., Aug. 19.—Details of the most peculiar contract ever made in Minnesota are divulged in a document filed with the clerk of the district court. Some time ago Mrs. McAllen began suit against Fred A. Hodge and his wife to recover damages for alienation of her husband's affections. The husband sought to enjoin her from prosecuting the suit, and himself began suit to that end. He made affidavit to the existence of a contract which he urged as an estoppel of his wife's action. Mrs. McAllen in turn filed an answer in which she explains the contract. Mrs. McAllen admits that in 1894 she married the man who is now suing her. They were divorced last year. She says that she had threatened to sue for divorce, naming Mrs. Hodge correspondent.

McAllen induced her to refrain, she says, promising to reform. Later he told her he had his property in such shape that she could not collect a cent of alimony. However, says Mrs. McAllen, he was still anxious to keep Mrs. Hodge's name out of the matter, and proposed to his wife that she begin suit on grounds of cruel and inhuman treatment. He agreed to aid her and to pay her \$7,000 for the benefit of their children. This was put into a formal contract and signed. McAllen procured testimony resulting in the divorce being granted, says the defendant's answer in the suit in hand. Seven thousand dollars was paid and, in addition, McAllen, Hodge and a third man gave to Mrs. McAllen a bond for \$3,000, to be paid at the end of two years, provided she did not begin any suit to recover her alienation. However, she has begun the suit, and the bond is now of no effect.

KILLED BY ROBBERS.

Staggered Into Hotel and Fell Dead On Floor.

Rochester, N.Y., Aug. 20.—George Hickey, No. 542 Genesee street, staggered into the South Park hotel, at Plymouth, and Brooks avenues, last night and fell dead on the floor with a deep knife cut in the back of his neck.

It is believed that Hickey was held up by three men who had been buying beer in a saloon and who assaulted him for the purpose of robbing him. As Hickey entered the bar-room by a rear door he cried out, "Oh, Gus!" to the bartender and, falling to the floor, expired almost instantly.

There were no eye-witnesses to the assault, so far as can be learned.

Vienna, Aug. 20.—The correspondent of the Neues Wiener Tagblatt at Sofia, Bulgaria, describes in a despatch the violent conflict which occurred during the recent congress there of the Macedonian committee.

Stone, the American missionary. He was also accused, according to the correspondent, of having \$10,000 to a friend named Deltschoff, who planned the kidnaping.

Salina, Kan., Aug. 20.—Joseph Anderson, a farmer living east of Salina, in a fit of despondency, yesterday, drowned his four children, three girls and a boy, in a cistern, and then shot himself with a revolver.

Anderson is still alive, but probably will die. Financial matters had affected his mind. The crime was committed during the absence of the mother. The oldest child was six years of age and the youngest a baby of four months. Anderson left a note on a table notifying the mother that the children could be found in the cistern.

EARDRUM BROKEN BY KISS.

Injury to Grandmother Follows Child's Caress.

Binghamton, N.Y., Aug. 19.—The kiss of her little grandchild on her ear fractured the eardrum of Mrs. Martha Allen, of New York, and she will be taken to a New York hospital for treatment. At the time of the occurrence she had the child in her arms, and though she said at once experienced strange rumbling sounds that proved very annoying and nearly drove her crazy, she did not entirely lose the use of the ear. An examination of the organ shows a scar on the eardrum that experts say is a puncture about the size of the head of a pin and which was caused by the violent concussion in close proximity to the drum by the child's lips.
