COMMERCIAL MATTERS.

What is Going on in the Business World—The Market News.

An annual cyclopedia for 1901 places the total gifts and bequests in the United States last year at \$107,360,000.

There are but 330,000 donkeys in the British Isles. Spain and Portugal have between them over two and a half millions.

The Manitoba potato crop will be only fair this year. The average is smaller than usual, and the weather has not been altogether favorable.

It has been finally decided that the Canadian Woolen Mills company will hereafter be operated by the Royal Trust company, of Montreal.

The G.T.R. company closed the half year with a surplus of \$255,000. This will admit of the payment of the dividends for the half year on the four per cent. guaranteed stock and first and second preference stocks, leaving a balance of about \$2,800 to be carried forward.

The Canadian Northern R.R. crop report for the past week shows that the weather has been favorable, and that excellent progress has been made by the crops. Harvesting will be in full blast before end of this week. Premier Roblin himself, a large farmer at Carman, believes that the wheat will average thirty bushels an acre, which means 60,000,000 bushels in Manitoba.

Important Visit. To-morrow, Friday and Saturday, Dr. M. Mecklenburg, an experienced eye sight specialist from Montreal, will again be at his office in McLeod's drug store, Princess and Montreal streets.

Now is the opportunity of having eyes properly, thoroughly and scientifically examined by a specialist. No use using poor ill-fitted frames and unsuitable glasses, when you can get the very best for so low a price.

SENT UP FOR TWO YEARS CONVICTED AT TORONTO OF PASSING COUNTERFEITS.

Judge Would Aid in Reducing His Sentence if He Would Squabble—Accused of Being a Member of an Unlawful Assemblage.

Toronto, Aug. 20.—Charles Edwards, who was convicted of passing counterfeit \$5 and \$10 Molsan bank bills, was to-day sentenced by Judge Morgan to two years in Kingston penitentiary. He had altogether about sixty of the \$5 and fifteen of the \$10 bills. The judge in pronouncing sentence stated that if Edwards aided the authorities in finding his accomplices he would use his influence to obtain a mitigation of the sentence.

William Cook, formerly a bell boy in a city hotel, appeared before Judge Morgan, to-day, on a charge of being a member of an unlawful assemblage. He was one of the crowd which misbehaved itself in front of the King street car barns, during the street car strike. The boys pleaded guilty and was allowed to go on suspended sentence.

In reply to a remark by Judge Morgan, Cook stated that he saw some respectable people in the crowd throwing stones.

"They were not respectable," said the judge. "As soon as they attempted to throw stones they ceased to be respectable. These unlawful assemblages are a disgrace to a city, and the militia should be called out. A few rounds of ball cartridges would work wonders."

Up to 2 p.m. nearly 1,700 harvesters have left Toronto for the North-West. About twenty carloads have gone in two special trains. The Union station was crowded. The men composing the train loads so far sent have been drawn from east and north of Toronto.

Marion Sarah McLeod, daughter of G. H. McLeod, general manager of the Bank of Nova Scotia, was married at noon, to-day, in St. James' Square Presbyterian church, to Charles Morozoff Manning, manager of the Frederickton, N.B., branch of the Bank of Nova Scotia. The ceremony was performed by Rev. Alfred Gaudier, pastor of the church. The groom was assisted by F. B. Blair, St. John, N. B., and Miss McLeod, sister of the bride, was bridesmaid. The event was a quiet one, only the relatives and personal friends of the parties being present. After a dejeuner at the residence of the bride's parents, Mr. and Mrs. Manning left for a trip up the Saguenay previous to taking up their residence in Frederickton.

WHAT OPERATORS SAY. No Concessions Will Be Made to Miners.

New York, Aug. 20.—The presidents of the anthracite coal miners had their usual weekly conference yesterday. Before going to the meeting Mr. Truesdale, president of the Lackawanna railroad company, said:

"There is no foundation in fact for the rumor that the anthracite coal operators will make concessions in order to end the strike. I think work will be resumed in time to produce plenty of coal for the fall demand. The operators are ready, as they always have been ready, to adjust with their men any grievances that they may have and they have never discriminated against any of their men because they have belonged to the union. What the operators will not do is to discuss their business affairs with outsiders."

MARRIED IN TORONTO. And it Closed a Romance of Much Interest.

Albion, Mich., Aug. 20.—Dr. Treadgold, a prominent physician, and once a Methodist minister, has telegraphed from Toronto, the announcement of his marriage. Behind this fact lies a pretty romance. When Mrs. Treadgold died some time ago, her death became known in Canada, where Mr. and Mrs. Treadgold lived in their early married life. One evening about three months ago a rap was heard at the doctor's office door, and a lady heavily veiled came in calling him by his first name. She appeared astonished at his not knowing her, introduced herself as a sweetheart of his over forty years ago. The old love was re-kindled and the wedding is the sequel.

CUT HIS WIFE'S THROAT. A Murder in Montmagny, Quebec.

Quebec, Aug. 20.—About 2:30 o'clock this morning a brutal murder was committed at Montmagny, Que., a man named Joseph Mathurin, killing his wife, by cutting her throat. The murderer and his victim are both thirty-five years old. Mathurin kept a grocery and plumbing shop in the village of Montmagny, Constable Fortin, of the district of Montmagny, arrested the murderer about three o'clock this morning on the main street of the village. Mathurin confessed to his brother-in-law, immediately after the murder. Jealousy and drunkenness is said to be the motives.

Bullets Fly Thick. Beattyville, Ky., Aug. 20.—News has reached here of a fight near Travlers Rest, One by county in which Jesse Nealy was killed, Robert Allen mortally wounded, James Nealy's arm shot off. Reuben Fox was badly wounded, four others slightly wounded and Mrs. William Peters was shot in the leg.

More Deaths The Result. Melbourne, Aug. 20.—Four more of the troops who returned from the Cape, on the overcrowded transport Drayton Grange, died to-day. Dr. Gillies, the ship's medical officer, when questioned regarding the condition of affairs on board the transport, admitted that the vessel had been badly overcrowded.

It Still In Power. Berlin, Aug. 20.—It is announced here to-day, in a despatch from Tokio, Japan, that incomplete returns of the elections for members of the House of Representatives indicate that there has been no material change in the balance of the parties, and that the Marquis Itô's followers retain pre-dominance in the houses.

The Franco-Canadian company, Paris, intends to apply to the Canadian government for incorporation as the British Columbia Trust and Loan company with headquarters at Winnipeg.

WHAT SHERIFF DAWSON SAYS

In Connection With the County Council's Action.

In view of the action taken by the county council, in asking the Ontario government for his dismissal, Sheriff Dawson was interviewed by a Whig reporter, and asked for his side of the case. He said:

"I have not yet been notified by the government to vacate my office, and I hardly think such action will be taken since there is no ground for complaint on the part of the county council. The fact that their own lawyer advised them I was in the right, disposes completely of one of the council's reasons why I should be dismissed."

"Then there is really only one other ground on which they raise objection to me, and that is my refusal to allow prisoners to work on the court house grounds. The law gives me full control of the premises and all work to be done outside the jail walls. Now if I was convinced that it was necessary and in the best interests of the county that the prisoners should do work on these grounds, I would willingly give orders that they should do so. But when the county council apply to me with a capable man to do the work, and when he has plenty of time to attend to it, I see no reason why I should bring out the poor prisoners to perform the labor. That's the whole explanation in a nutshell, and it is unfair that I should be called disreputable and abusive simply because I refuse to carry out the request of the county property committee."

"Another point I might mention is that the city has as much right to have prison labor as the county."

NOW IN SAFE KEEPING. County Councillors Seek to Keep Table in Possession.

There was a scene enacted in the county court house Tuesday afternoon that would have furnished an excellent topic for a writer of the ability of Dickens to depict. Some time ago a new long table was purchased ostensibly for use in the grand jury room, and the county was billed \$25 for the same. The council learned that the new table had been placed in the office of the sheriff and an old one removed therefrom and placed in the jury room. The council refused to pay the amount until the new table had been deposited in the room for which it had been purchased. This, accordingly, was done and the council passed the account. Tuesday, the councillors, fearing the table might again fall into the hands of the "enemy," set to work and by their own labor removed the new table from the jury room to the office of the county treasurer, who was given orders not to part with the piece of furniture. Warden Spoor acted as master of ceremonies and assisted in the removal by carrying down the table drawers.

HUSBAND LEFT WIFE To Marry Another Girl—His Wife Very Ill.

At noon to-day, Mrs. Deft, a young woman who lives in the upper part of the city, was brought home from Alexandria Bay, on the steamer New York, ill of nervous prostration. At the ferry wharf, the customs officer would not allow the patient to be landed, until a certificate had been secured giving the exact cause of the woman's illness. This he was required to do by law, to avoid the risk of the disease from a foreign port being contagious. Dr. Campbell was summoned, and afterwards the young woman was removed in an ambulance.

Enquiries revealed the fact that Mrs. Deft's illness had a sensational beginning. At Alexandria Bay, her husband, who is a fireman, left her about a week ago. A few days since, she found among her husband's belongings, several letters which showed that he was engaged to another girl, and that he had gone off to marry her. Ever since, Mrs. Deft has been in a critical condition. At the wharf, the sick woman was met by relatives.

Will Be Warmly Welcomed. The fat men's baseball team, of Watertown, N.Y., which visits Kingston to-morrow, is composed mostly of the players who were managed ten years ago by Chico Elmey, the local fire department "barney." Callaghan, the clever Kingston pitcher, was then attached to the Watertown team, and when he died of typhoid fever in that city, his playing comrades played a benefit match which realized \$112, and this amount was devoted to paying the funeral expenses, the Watertown baseballers refusing to allow the dead pitcher's family to lose one cent of the money. The visitors will receive a warm welcome here to-morrow.

Historic Cuff Buttons. This morning, Capt. Allen, of the steamer America, and Capt. Cummings of the steamer Pierrepont, each received a unique gift in the shape of a pair of cuff buttons made out of a piece of wood taken from the wreck of an old British galleon, which sank in the river Thames, near London, Ont., in 1812. The buttons were the gift of James Collop, Chatham, Ont., and are highly prized by the two captains.

Seventy-Five Went West. When the K. & P. train steamed out of the local station at five minutes past eight o'clock this morning there were seventy-five ham-steak hands aboard, bound for the wheat fields in Manitoba and the North-West territories. Between the city and Renfrew the number had increased to 200. Few of those who went from here had ever before made the trip.
