LOST AT ELEVENTH HOUR.

QUIGLEY'S TWO ERRORS IN EIGHTH DID IT.

Ponies Had an Easy Victory Till That Time—Then Gannaque Scored Four Runs and Won.

Two glaring errors by Quigley, in the eighth innings, snatched a victory from the Ponies yesterday. They had Gannaque beaten up to the eleventh hour, but then there is nothing more uncertain than a cock fight, a political contest and a baseball match.

There was one out, and Cota on first base, when Quigley let McCarthy's drive go through his hands. It was simple a case of being a trifle too sure, "Pat's" object being to make a double by cutting Cota off at first. He started to make the throw to "Jerry" before the ball got fairly planted in his mit, and a thrill of horror went through the crowd when the ball bounded away.

Moriarty then hit Ross with the ball and the bases were full. Randolph's hit to centre scored Cota. Then Hunt cut McCarthy off at the plate on McCarthy's cap. Boucher hit an easy one to Quigley, who let it go through his fingers, and Ross scored, making the score a tie. Finally Duquette put the ball in a safe place in centre field, scoring two runs, which won the match.

Ponies started with a good dash. With two on bases and none out in the first, Duquette struck out Burke and Isin, and Baley flew out to Randolph. Azain in the second, Duquette held two Ponies on bases.

Gannaque's run in the third was a duke. Willis hit for one base to left, but got three, simply because Easton allowed the ball to get away, and then "walked" after it. Willis scored on a passed ball which injured Elliott's finger.

Ponies did hard batting in the third. Burke, Isin and Elliott, each making two base hits, which scored three runs. But for poor base running Ponies would have had two more. Willis made a double on Quigley's fly, cutting Elliott off at second.

In the fifth, after two were out, Elliott hit for three bases, scoring Daley. Then Gannaque opened out in the sixth, after Quigley had made a pretty stop of Cota's line. McCarthy hit past third, scoring Brennan, and Cota scored on Ross' short hit to second.

Again in the seventh, Quigley made a fine double, touching second, and throwing Willis off at first. His play in this and in several previous matches was so sensational that no one dreamed of him making the two costly errors which lost the match, for Gannaque didn't bat out a victory.

They secured it on several misplays. Ponies had a chance of scoring more in the seventh, but Isin risked a run home on a throw to second, and was nailed at the plate. Then came the fateful eighth. Ponies failed to "raise the price," in the ninth, and their supporters filed out of the grand stand with faces a whole minute long.

Duquette pitched a splendid game. He was more so, considering that he was in the box against Antwerp the day previous. He was effective at critical times, as eight Ponies were left on bases. Moriarty was just as effective, and should have won his game. A feature was the easy manner in which he caught several Gannaque players napping at first.

"Jerry" Hunt and Moriarty, alone of the Ponies, failed to make a hit, though the former smashed the old ball every time. Elliott led the whole bunch, with three hits, Daley, Isin, Willis and Cota each made two.

A twenty-five cent pool was formed by twenty fans. Nineteen of them figured on the Ponies. Manager Shields, of Gannaque, declared his team wouldn't win, but decided to take a "check" their way. He won the five dollars.

The attendance was one of the largest of the season. Gannaque—Brennan, 1b.; Cota, 2b.; McCarthy, c.; Ross, c.f.; Randolph, 1.f.; McGuire, 3b.; Boucher, r.f.; Duquette, p.; Willis, s.s.

Ponies—Eaton, 1.f.; Tilton, r.f.; Burke, 3b.; Isin, 2b.; Daley, c.f.; Elliott, c.; Hunt, 1b.; Quigley, s.s.; Moriarty, p.

Baseball On Wednesday. American league—At Boston, 3; Cleveland, 6. At Philadelphia, 4; St. Louis, 1. At Baltimore, 7; Detroit, 6. At Washington, 6; Chicago, 10.

Eastern league—At Newark, 4; Buffalo, 6, first game; Newark, 1; Buffalo, 2, second game. At Worcester, 2; Toronto, 4, first game; Worcester, 3; Toronto, 4, second game. At Providence, 3; Montreal, 2, first game; Providence, 6; Montreal, 1, second game. At Jersey City, 3; Rochester, 1.

National league—At Cincinnati, 10; Brooklyn, 2, first game; Cincinnati, 4; Brooklyn, 1, second game. At St. Louis, 9; Boston, 1, first game; St. Louis, 3; Boston, 2, second game. At Chicago, 2; Philadelphia, 4.

St. Lawrence League. It seems that the league standing, heretofore given, has placed Gouverneur in a higher position than that team was entitled to. Gannaque by winning yesterday's match, lead, but Ponies are only a short distance behind, and as win from Antwerp tomorrow will bring the two leaders close together.

Notes In General. "Alfie" Pierce was appointed umpire of the fat men's baseball match this afternoon.

"Chaquer" Elliott has received several hard foul knocks on the forehead during the past three matches. His hands are very sore.

Ponies can yet win the league pennant. The English will be a hot one. Canton baseball team is now under

INCIDENTS OF THE DAY.

PARAGRAPHS PICKED UP BY OUR BUSY REPORTERS.

The Spice of Every Day Life—What the People are Talking About—Nothing Escapes Attention.

Might makes light if you change one letter. Lever's Y.Z. (Wise Head) Disinfectant Soap Powder is better than other soap powders, as it also acts as a disinfectant.

Rowmanville, Royal Templars have a three days' excursion to Kingston and the islands on August 20th, 31st and September 1st.

T. A. Carson has purchased the brick store and dwelling, corner of Ellice and Division streets, from the Robb estate.

The Kingston furnace has done remarkably quick work on the heating boilers for Rockwood asylum, which will soon be placed.

A garden party and dance was held on the Roman Catholic church grounds, Wolfe Island, last night. A large number of Kingston people went over on the steamer Pierpoint.

While running down the penitentiary hill yesterday afternoon, street car No. 18 collided with car No. 28, which had stopped at the prison gate. No. 28 was slightly damaged.

Two cows were killed by lightning in the wild storm of Thursday morning. One was the farm of John Baxter, Pitsburg; one cow was lost similarly by John Spoor, Wolfe Island.

The police think that they should be provided with a gymnasium, of which they feel the need. There is a room over the station which might be utilized for that purpose at very little cost.

Steamers North King and Caspian leave Kingston, daily (except Monday), at 10:17 a.m., for 1,000 islands, and at 5 p.m., for Rochester, N.Y., commencing 29th June.

Probabilities are only probabilities, so when the meteorological observations of today was to be "fair and higher temperature" they only thought so. Forecasting weather this year is a difficult job.

Smith's White Liniment is the most penetrating liniment known, and a positive cure for sprains, swellings, inflammation, neuralgia, rheumatism, lumbago, etc. In bottles, 25c., at Wado's drug store.

Social life has its fatigues as well as its pleasures. Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, and invigorates.

A British journalist wrote lucidly about the St. Lawrence "rumming" buildings at Ottawa, and vividly described the bewitching scenery of the Thousand Islands as viewed from Toronto.

The well known strengthening properties of Iron, combined with other tonics and a most perfect nerve, are found in Carter's Iron Pills, which strengthen the nerves and body, and improve the blood and complexion.

The foundations are being dug for the nurses' and convalescent home at Rockwood asylum. William Clugston is foreman of the iron work. These plans show a fine building. It will be near the infirmary, on the opposite side of the driveway.

The business of the "Force" Food company has grown so enormously that it has exhausted the visible supply of working girls in Buffalo. The girls are employed in packing "Force" and attaching the labels. Recently the company increased the wages of the wrappers by thirty-three and a third per cent, partly as reward for good work and partly to secure more help.

The increase makes these girls the best paid workers of that class in Buffalo.

MARINE INTELLIGENCE. Notes Regarding the Movements of Vessels. Craig's wharf: Steamers Ocean, from Montreal; Niagara, from Alexandria Bay.

Crawford's wharf: Tug British Lion and barges, with a cargo of slabwood, from Ottawa.

M. T. company elevator: Tug Hall cleared for Montreal with four grain-laden barges.

The steamer Jessie Bain, chartered for use on the Ottawa river for a few weeks, has returned.

The steamer Calyx and consorts arrive at Garden Island with timber from upper lake ports.

Swift's wharf: Steamers Toronto, down and up; Rideau Queen cleared for Ottawa; Caspian, from Charlottetown; Corsican, from Montreal.

"Bibby's" Oak Hall. "Bibby's." Fancy vests for good dressers, who like a little dash to their appearance, \$2, \$2.50, \$3, \$3.50. The H. D. Bibby Co.

A GIRL'S FLUCK. Food That Cut Work In Half. The foolfish that will enable a person to accomplish in one year the work laid out for two years is worth knowing about. Miss Annie Avery, a student in Lanark, Ont., writes: "I know I felt my ill health even more than I had been engaged in any other work, as the confinement of school only increased my sickness and inability to study."

Last year I was on the way to a general breakdown in health. I suffered from severe headaches, was becoming a confirmed dyspeptic, nervous system broken down, and my condition went on from bad to worse until I was unable to study or even go to school.

My parents were very anxious about me. My medicine did not help and Mother hearing about Grape-Nuts obtained some and I commenced to use it at once. I was very much surprised at the quick effect the food had on me. I began to get better and as a result from its continued use I had no longer troubled with sick stomach and headaches, nor was I the nervous girl I was last year. I feel so well and study so well, that I am making an attempt to get my certificate with but one year's work, when at the very least two years are always allowed for it. I have gained weight since using Grape-Nuts and now enjoy good physical and mental health."

FEW LINE INTERVIEWS.

John McIntyre, K.C.—Yes, my baseball enthusiasm of the old days has revived. Few people realize the extraordinary combination of faculties which a baseball player must exercise, and the instantaneous action required of him. Cricket used to be my favorite game, but I doubt if it will ever be revived in Kingston.

Capt. Gaskin—I have offered to run a 100 yards' race with any of the men playing in the baseball match this afternoon, immediately after the contest, and will wager that I can win. Do you think I am not in their class? Well, I guess I am. My weight is over two hundred pounds. Thirty years ago I was a sprinter, and am not too old yet to retire from the ring.

Edward Stacey—I would like to see a "Made in Canada" club organized in Kingston. We could help our country greatly by buying the goods it manufactured, many of which are the equal of any other land, and buying, also, from our own merchants.

A CLEVER ATHLETE. Young Kingstonian Captured the Championship Trophy.

"The Mite," the official publication of Bishop's college school, Lennoxville, for July, contains a lengthy congratulatory notice of the prowess in the annual closing games of a young Kingstonian, George McK. Wilkinson, son of H. J. Wilkinson, who won championship honors and carried home the cup emblematic of his skill. The Mite has this to say:

"The events themselves were productive of excellent results; we offered a full list, and in so doing may say that whilst almost all the results will bear comparison with those of recent years, some of the performances of the Ontario Rag were distinctly above the lot. Wilkinson ran the 100 yards in 25 seconds, the 220 yards in 1:02.25, and the 440 yards in 2:55 seconds. The hurdle race which was won by Wilkinson was a pretty performance.

Master Wilkinson won the 100 yards dash in professional time, the hurdle race in 16 seconds, the 220 yards dash and was second in the mile race in 6:28.25, and second in the 440 yards sprint in 56.25 seconds. His all round showing proves him an athlete of ability.

In the same games, Kenneth Carruthers, second son of J. B. Carruthers, won the high jump, clearing four feet, eleven inches, and got second honors in throwing the cricket ball.

THE OWNERSHIP DISPUTED. Goods and Papers Claimed by the Assignee Obtained.

Some weeks ago the Ontario Rag and Metal company, Ontario street, conducted by Samuel Goldblatt, made an assignment to Isaac Cohen. The stock was advertised for sale and on Wednesday it was purchased by a Toronto man named Meyer, for \$1,500.

Cohen led a number of valuable papers and some goods in the shop of the Ontario Rag and Metal company, and these Meyer refused to surrender after he had secured the key of the premises. Cohen obtained a search warrant and the police visited Meyer's newly acquired property and secured the papers and goods claimed by Cohen. These are now in the police station awaiting a settlement of their disputed ownership.

Want More Accommodation. The Grand Trunk railroad company is about to increase the yard room at the Kingston Junction, so as to afford greater siding accommodation. At present none of the sidings are long enough to accommodate a long freight train. These will be extended so as to hold the longest freight train hauled by this road. Increasing business and the need of saving time compels the company to make the change. An engineer is at present laying out the improvements.

A Wonderful Illumination. Early risers witnessed a grand electrical illumination between three and four o'clock this morning. A main storm from the north-east had broken over the city at that hour, and there was a continuous flashing of lightning for quite a time. Those who witnessed it (including the Whig young man who dreamed he saw it) say it was the most brilliant display of illumination they ever beheld. The rain came down in torrents, fairly flooding the streets.

A Foolish Act. Some person of small intellect last evening tied a tin can to the tail of a horse and set the animal free on lower end of Rideau street. The frightened animal dashed madly through the streets in the neighborhood and several persons narrowly escaped being run down and trampled upon. Finally the can and horse became separated and the animal was secured.

Caught In Time. Last evening a prominent citizen discovered that an Ontario street resident was about to move and leave the city, having his goods packed and ready to leave. As the person about to move owed a matter of \$20 for rent, the citizen secured the services of a lawyer and promptly attached the man's goods.

A Writ For Slander. J. M. Farrell, acting for W. J. Shibley, the defeated reform candidate in the county of Frontenac in the recent provincial elections, has issued a writ against John Martin, merchant, Elizabethtown, for \$2,000. It is charged that Mr. Martin slandered Mr. Shibley in connection with the late election.

To-morrow's Game. Baseline Lake Ontario Park, Friday, August 22nd, 4 p.m., Antwerp vs. Ponies. Admission 15c. Ladies free.

"Bibby's" Oak Hall. "Bibby's." Barrington's English hats, \$2. New shapes. The H. D. Bibby Co.

Three applications of Peck's Corn Salve will cure hard or soft corns. In big boxes, 15c., at Wado's drug store.

KINGSTON DISTRICT FAIR.

THERE WILL BE LARGE ENTERTAINMENT LIST.

The Exhibit of Boer Relics Will be Well Worth Seeing—Horticultural Hall Will be a Bower of Beauty.

Entries for the big Kingston District Fair, August 25th to 29th, are pouring in upon the secretary and his assistants. All departments will be well filled and the palace exhibit will surpass anything yet attempted. The line of a display. All the space has been taken up and exhibitors are putting forth special efforts to make the undertaking a success.

Horticultural hall will be a veritable bower of beauty. The exhibits in this department have increased in number and beauty each successive year, and this season's show promises to eclipse all past efforts. The display of flowers will be large and the choicest plants grown in this section will be on view.

The platform attractions will include the latest vaudeville hits, comprising acrobatic feats, ballet dancing, tumbling and humorous sketches, to enhance illustrated songs for the evening. These performances will be under the direction of a Toronto manager and are guaranteed to be first-class in every particular.

The list of entries for the horse speeding include some of the best known horses in Ontario, and satisfactory races are assured. The track has been placed in excellent condition for the events. A number of entries are to be made by New York state horsemen, so that the meeting will be a representative one of the fastest horses available.

The exhibit of Boer relics promises to be interesting and educative. No pains will be spared to make it complete in every detail, and it will be worth the price of admission alone to see.

For further particulars apply to J. P. Oram, manager, 67 Princess street, whose office will be open every night until ten o'clock for the accommodation of interesting exhibitors.

FACTS OF THE CASE. Russell Britton Saved the Life of Mrs. Parmenter.

"By way of giving credit to whom credit is due," remarked a citizen, last evening, who is conversant with the facts, "you might state that to Russell Britton, a youthful employee of the locomotive works and a nephew of Justice Britton, is due the credit of saving Mrs. Parmenter from death at a point near Gannaque a few days ago. He it was who was filling the tank of a gasoline stove, when an explosion occurred. Mrs. Parmenter was standing close by, and immediately she was encircled by flames. Despite his injuries he picked up Mrs. Parmenter in an attempt to extinguish the fire! The flaming gasoline flouted on the water, increasing the danger, but finally, after a great deal of difficulty, the fire was extinguished and Mrs. Parmenter was assisted ashore. She was badly burned and suffered greatly from the shock. Britton had his hands, arms and face severely burned, but Young Carl Cady had his face burned. Britton's act in jumping into the water with Mrs. Parmenter saved her life."

Wanted. We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia and liver trouble, that has dyspepsia and liver trouble, that has their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of its failing. If so, something more serious is the matter with you. Ask your oldest druggist—G. G. Green, Woodbury, N.J.

Married This Morning. A quiet marriage took place at Syracuse, N.Y., this morning, when Frederick J. A. Ebel, city editor of the Kingston Times, and Miss S. Eugenia Grover, daughter of Frank W. Grover, of the Syracuse Journal, became one. Only immediate friends were present. Mr. and Mrs. Ebel will take a tour through the south before returning to this city, where they will make their home. Mrs. Ebel's many Kingston friends extend him and his bride hearty congratulations for a long, happy and prosperous journey through life.

Mr. Small Reaching Out. London Advertiser. A. J. Small has been for some time in negotiation with Alexander Harry in view of securing control of the London Opera House. Should Mr. Small secure the London, he will follow here the same plan as he already has in operation in Toronto, putting on melodrama, farce, and the cheaper class of attractions at the London, and reserving the Grand for the higher grade productions.

"Bibby's" Oak Hall. "Bibby's." These isn't a swell dresser in town so swell for our new suits, \$8, \$10, \$12, \$15, \$17, and \$18. The H. D. Bibby Co.

DEAFNESS CANNOT BE CURED. Be local application, as they cannot reach the diseased portion of the ear. There is one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. It is not that deafness is caused by catarrh, which is not a thing, but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

J. J. Cheney & Co., Toledo, O. Sold by druggists. 725.

Hall's Family Pills are the best.

No! No! No! No!

This word is used four times by Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, in reporting the result of his analyses of Sunlight Soap.

"No unsaponified fat"; that means no waste. "No free alkali"; that means no damage to clothes or hands. "No loading mixture"; that means every atom is pure soap. "No adulteration whatever"; that means pure ingredients.

Try Sunlight Soap—Otago Bar—and you will see Prof. Ellis is right. He should know. 202

Market Square Drug Store

Having purchased the Drug business lately carried on by E. C. Mitchell on the Market Square, formerly the Roche Drug Store, I will endeavor to merit a fair share of your patronage, by polite service and personal attention, by keeping a full stock of everything usually sold in a drug store, and by giving my patrons just what they ask for. I have had a long experience as a druggist, most of which was spent in Hooper's, of Toronto, and Hubert's, of New York. Soliciting your patronage.

E. L. EBBELS, Market Square Drug Store, Kingston.
