MENACE GOVERNMENT Industries Should Be Controlled By Individuals

RUSSELL SAGE'S PREDICTION IF THE CREATION OF COMBINES CONTINUES.

If Morgan's Prophecy of Gigantic Trusts is Fulfilled People Will Revolt and Unprecedented Disaster Will Follow.

New York, Aug. 23.—Russell Sage, in an interview, referred to a published statement, quoting J. Pierpont Morgan as saying that the era of great trusts had just begun and that more gigantic corporations are stored in the near future, some of which may overshadow the steel trust. Mr. Sage said:

"Whether Mr. Morgan said that or not, combinations of all industries are a menace to true government. Not only so, but they are the oppressors of the people."

"What will be the result of such an era?" asked a reporter.

"In such an event the American people will revolt against them, and there will be financial ruin the like of which this country has never seen, or any other."

It was suggested to Mr. Sage that combinations at certain times were good things for the country.

"Yes," Mr. Sage replied, "when several industries are starting out in business it is well for individuals to combine for mutual protection until the business is firmly established. When the business is so established the combination should be disrupted and conducted on individual lines. Then if one individual became embarrassed it would not mean the wrecking of the industry."

"I believe it is best to have such industries divided among several individuals than combined into one great combination, the embarrassment of which would mean the ruin of all."

There May Be Favorable Tariffs Arranged. Paris, Aug. 23.—Sir Wilfrid Laurier, is visiting this city, with the object of securing an increase of commerce between France and Canada. His negotiations have as their basis a proposal to reduce the Canadian tariff, fifteen per cent, in favor of French products, in return for the application of the French minimum tariff to Canadian goods. The Dominion government also subsidizing a steamship between Canada and France. It is stated that Sir Wilfrid will see M. Delcasse with regard to his proposals.

LUMBER INDUSTRY. Activity Predicted For the Coming Season. Toronto, Aug. 23.—There will be immense activity in the lumber woods this season, according to John Scully, contractors' agent. A single lumbering firm operating in the Nipissing district placed with Mr. Scully a request for one thousand men, and this is but an instance typical of the activity in all the camps. A number of firms have their total cut sold for three years to come, and consequently are anxious to take off as much as possible during that period.

ON MORN OF HONEYMOON. Cape Breton Man Held on Breach of Promise.

Boston, Aug. 23.—Donald F. Cameron, who is said to be a prominent mining engineer from Cape Breton, Nova Scotia, spent the first day of his honeymoon as a prisoner at the sheriff's office yesterday, and failing to obtain bail, passed a lonely night in the Charles street jail.

Mr. Cameron was married on Tuesday evening to Miss Kennedy, of 11 Union Park, and the new married couple had their trunks packed and all preparations made to leave for a trip through the provinces early yesterday morning.

Their plans were rudely interrupted, however, when a deputy from the sheriff's office appeared just as the couple were leaving for the train, and served on Cameron a warrant of arrest in a civil suit for \$10,000 damages, brought by Miss Alexie A. Morrison, of Boston, for alleged breach of promise of marriage.

Cameron was taken to the sheriff's office and sent for Lawyer Norman M. Nye, of 23 Court street.

All of the parties interested in the case came originally from Cape Breton, and it was there that Cameron met the lady who is now his wife and also Miss Morrison. Cameron, it is said, first fell a victim to the charms of Miss Kennedy, to whom he had become attached, but later transferred his affections to Miss Morrison, who alleges in her complaint that they have been engaged for about a year, during which time Cameron has written her many letters, which are now in the possession of her counsel.

For some time both Cameron's wife and Miss Morrison have been living in Boston, Cameron came here recently on a visit, and when Miss Morrison learned that he was to be married, she at once brought suit in the supreme court.

Cameron took his arrest very coolly, as did also his wife, who remained loyally at his side nearly all day yesterday, while he was at the sheriff's office.

Postponed The Funeral. Brussels, Aug. 23.—There is the best authority for stating that owing to representations made by the Belgian government to Madame Lucas Meyer, it has been decided to postpone the funeral of the late Gen. Lucas Meyer, to have been held here, and remove the body to Holland. The government feared that the ceremony would lead to Boer demonstrations.

Belgian sympathizers with the Boers are indignant, but the government will not be moved from its decision. The body will be placed in a vault for two months and will eventually be removed to South Africa for interment.

MARRIED AT COBOURG.

The Bride Was Miss Vivian Sartoris. Cobourg, Ont., Aug. 23.—A number of distinguished United States visitors witnessed the marriage, to-day, of Miss Vivian Sartoris, eldest daughter of Mrs. Nellie Grant Sartoris and granddaughter of Gen. U. S. Grant, and Frederick Roosevelt. The ceremony was performed in St. Peter's church, which was prettily decorated with palms and white roses.

A wedding reception followed the ceremony at the home of the bride's grandmother, Mrs. U. S. Grant, Mr. and Mrs. Scovel left for a honeymoon trip.

The ceremony was performed by Rev. Canon Sprague.

The bride was gowned in a most gorgeous dress of white silk and wearing a veil. She entered the church, supported by her mother, Mrs. Nellie Grant Sartoris, who gave her daughter away. Mrs. Sartoris' gown was of white silk trimmed with white lace.

The maid of honor was Rose Mary Sartoris, sister of the bride, who was handsomely gowned in a dress of white silk. The bride's bouquet was of white roses. The groom was supported by his uncle, Richardo Diaz Albertini, of Havana, Cuba. The usher was George Phelps Symmer, roommate of the groom at Yale; John Mason Browne, Louisville; A. P. Knapp, Baltimore; T. H. Chew, Geneva, N.Y.; Capt. J. W. Wright, of the United States army and Oliver Pringle, of Roseland, B.C.

Mrs. (Gen.) U. S. Grant wore a very handsome gown of black lace over black silk, and attending the wedding at the church. After the wedding the reception was held at "Claremont," the residence of Mrs. Sartoris, which was very largely attended. The bride was the recipient of many magnificent presents, which were displayed. On Monday the bride and groom leave for New York, and sail on the oceanic for an extended trip to England and to see Mr. Scovel's mother, who resides in Italy. They will reside in Washington during the coming winter.

Surprise At Washington. Washington, D.C., Aug. 23.—The announcement, last week, of the engagement of Miss Vivian Sartoris, whose marriage to Frederick Roosevelt Scovel took place to-day, at Cobourg, Ont., was received with considerable surprise by her many friends in this city. She was reported engaged twice before, once to Archibald Balfour, a cousin of the English premier, and again to Timothy Nichols, a rich New York clubman.

The bride of to-day was born in London, twenty-two years ago, and made her social debut in 1880, at a large reception given at Mrs. Grant's home in this city. She is a pretty brunette, with chestnut hair and a rich olive complexion. She is of medium height with a tendency to plumpness. She was educated abroad under the personal supervision of her mother.

Mr. Scovel is a son of Chevalier and Mme. Edmond Scovel, cousin of President Roosevelt, and nephew of Frederick Roosevelt, New York, and Mme. Richard Dion Albertini, Cobourg.

DR. PARKIN'S IDEA Regarding Rhodes' Scholarships—Royal Is Dying. Montreal, Aug. 24.—Dr. George R. Parkin, of Toronto, arrived in the city this morning, and is in consultation with Principal Peterson, of McGill and other educationalists, regarding the Rhodes' scholarships. He stated that some people urge in favor of waiting for a perfect plan before starting the scheme, but he was personally in favor of starting on a rather imperfect scheme, and begin the studies with the scholastic year of 1903, rather than wait for the formation of a perfect plan, which could not possibly be evolved until 1904.

The condition of Hon. Joseph Royal, ex-governor of the Northwest territory, was unchanged at noon to-day. It is hardly expected, however, that he can live throughout the day. The last rites of the church were administered yesterday.

KING'S SCHEME For a Successor to the Serbian Throne. Vienna, Aug. 23.—A sensational story about the succession to the Serbian throne comes from Belgrade. It is said that King Alexander, recognizing the fact that Queen Draga can never bear an heir, has been considering how to find a candidate so as to prevent his enemies from seizing the throne, and that he has decided to adopt a healthy peasant boy and educate him so as to be his successor.

The newspaper Morgen Zeitung says the king mentioned the project at a recent reception at the Royal palace at Belgrade, saying "The Obrenovitch dynasty sprang from among the people. Why should not a child of the throne, and that he is thought that it is doubtful if the Serbians will accept the idea, despite the fact that the founder of the present dynasty was a swineherd."

SHADOW OF THE EARTH. Seen Clearly From a French Observatory. Cobourg, Ont., Aug. 23.—On Coronation day, after the services in St. Peter's church, Col. Vance Graylock, late of the 10th Northumberland county regiment, offered to the rector and churchwardens of St. Peter's church, the old colors many years ago given to the Cobourg volunteers. Arrangements are being made to have the formal services of presentation held on Sunday, September 7th, in St. Peter's church. The ritual to be observed on such occasions is very impressive.
