

THE BOYS

Are apt to be "Indians" but unless they are the wooden kind they are hard on shoes. You could always find good boys' shoes here, but now we have a more than good one for boys and girls. They are made in shapes to fit the growing feet and are full of style, yet strong and serviceable and cost no more than the inferior kinds.

McDermott's SHOE STORE

Our Coal is as Clean as Though It Were Washed and Brushed.

EACH LUMP STANDS BY ITSELF. GOOD solid coal—so much solid fire. After one reaches the surface of the earth from the mines, impurities are picked out by hand. Therefore it is screened several times before it reaches you, and dirt, slate, etc., really have no chance, if the dealers are careful. We are very careful.

Foot of Queen St.—Phone 9.

Some Have Taken Advantage of Our Camera Sale

But we have still some bargains to offer you. We are not going out of this branch of our business but are cleaning it out at the end of the season.

H. B. TAYLOR, CHEMIST AND OPTICIAN, 124 Princess St. Phone 39.

Market Square Drug Store

Under the New Proprietorship of E. L. EBBEY. Now carries all Fancy Egg Drinks, so well-known in New York.

Also the finest lines of Toilet Articles, Perfumery, Soaps, Cosmetics, Cerates and Creams. Prescriptions and Family Recipes receive utmost attention. Call and be satisfied, King and Market Streets.

Auction Sales.

Save Money by Employing ALLEN & BROWN, Auctioneers.

MONEY AND BUSINESS. TWO HUNDRED THOUSAND DOLLARS IN sums from one thousand to ten thousand dollars. For particulars apply to GODWIN'S INSURANCE EMPORIUM over Express Office, Market Square.

MONEY TO LOAN IN LARGE OR SMALL sums, at low rates of interest on city and farm property. Loans granted on city and county debentures. Apply to S. C. McNeill, manager of Frontenac Loan and Investment Society. Office opposite the Post Office.

LIVERPOOL, LONDON AND GLOBE FIRE Insurance Company. Available assets, \$61,187,215. In addition to which the policy holders have for security the unlimited liability of all the stockholders. Earn and City Property insured at lowest possible rates. Before renewing old or giving new business, call on STRANGE & STRANGE, Agents.

UNDERTAKERS. J. S. CORBETT, FUNERAL DIRECTOR, 281 Princess Street, Kingston, Successor to W. M. Driscoll.

T. F. HARRISON & CO., UNDERTAKERS, 203-205 Princess Street. Quality and efficiency the best. Prices the lowest. Phone—Warriors, 90. Night Call—T. F. Harrison, 51.

NEED MORE MEN. WANT FIVE HUNDRED MORE THRESHERS

New Railway Commodity Tariff Creates Unfavorable Comment—Chancellor Burwash Thrown From Steamboat Berth.

Winnipeg, Sept. 3.—The weather this morning is again reported clear and warm, throughout the province. Threshing is in full swing and the yields are good. At several of the farms around Emerson the yield goes thirty-five bushels to the acre. The threshers are in need of assistance still, and could provide work for another five hundred men.

The new commodity tariff, which has recently gone into effect on the Canadian Pacific Canadian Northern railways, is causing much unfavorable comment from business men, who say the new freight rate increases the price of implements ten to twelve dollars a car on short hauls.

The electric line to Selkirk has been all surveyed and some portion of it graded. Fish companies and others at Selkirk say they will be able to throw enough business in its way to make the line a paying venture from the start.

Game is plentiful in the west this fall, and many Winnipeggers who have gone out have got big bags. Chickens are made in shapes to fit the growing feet and are full of style, yet strong and serviceable and cost no more than the inferior kinds.

ISLAND INCIDENTS.

Kingstonians Return Home—Crops Badly Damaged.

Wolfe Island, Sept. 3.—Fawcett McLeod, a former resident of the island, died at Grindstone Island last week. Mrs. Michael Flynn went over to the city last week to visit her daughter, Mrs. Frank Therault. While there she suffered a stroke of paralysis. Her life is despaired of. Mrs. Henderson, St. E., is on the sick list. Mr. McReady is under the doctor's care. Charles Docteur, recovering from an attack of typhoid fever, has suffered a relapse. Miss Kate Furlong, although not yet out of danger, is slightly improved. Mrs. Andrew McTear, is also improving slowly. Mrs. John Bain has returned home fully recuperated from her former illness.

Mrs. Hobart Hyde and Mrs. James Henderson have returned to the city after summering at Halliday's Point. Senator Fuller, New York, who spent the summer here, returned to his home last week. Prof. John Marshall has returned to the city after a pleasant outing on the island. Hon. William Barry and family are again at their summer home, Simcoe Island. Miss Priestland, Buffalo, the guest of Mrs. Edward Brieland, for the past ten days, has returned to her home. Mr. O'Hara and wife, Kingston, spent Sunday at W. Brieland's. Miss Theresa Griffin's sister has returned to Buffalo after a two weeks' pleasant visit with friends. Mrs. James McDonough, Perth, is visiting her mother, Mrs. Terence Murphy. Miss Nolan, Kingston, has opened the school formerly taught by Miss Crowley, who is taking a course in the Normal school at Ottawa.

The new store opened by Mrs. Thomas Crawford, is receiving a fair share of patronage. James Dawson, nephew of Sheriff Dawson, has obtained a lucrative position in New York City. Buildings at the fair grounds are being put in order for the coming fair, which promises to out rival all former ones. Reeve Fawcett's crop, it is estimated, suffered to the extent of \$1,000 from the recent storm. Quite a number from here attended the Watertown fair and witnessed the unveiling of the Flower monument. Threshing has begun, although the majority have not finished harvesting, and fields of hay are yet uncut.

CARNEGIE'S LONDON HOUSE.

Will Build a \$5,000,000 Home in Exclusive District.

London, Sept. 3.—Andrew Carnegie is to become one of the nabobs of Park lane, the most fashionable and high priced street in London. He has this week completed the purchase from the young Duke of Westminster of a plot of ground in South street, leading into Park lane, just beyond the handsome home of J. P. Morgan, Jr.,—"Jack" Morgan as he is called here.

It is said the house will be as much like Mr. Carnegie's great mansion in Fifth avenue, in New York as it is possible for a London house to be; and that the cost will be something like \$5,000,000. It is reported building operations will be begun early next year and the architects already have the contract in hand.

Mr. Carnegie will have for his immediate neighbors Lord Brassey, the baronet Countess of Rosslyn, Lady Henry Somerset, Alfred Beit, the richest man in England, and Mr. Eckstein and J. B. Robinson, two other South African millionaires. Mr. Carnegie is planning to leave here for America early in September and expects to return to England in November.

King Ben's Observations.

"I have observed during the past month or so, that the number of parcels of boots and shoes going out on the K & P. trains have not been as large as heretofore," remarked B. W. Polger to-day. "Upon enquiry, I was told by those who use these trains, that Kingston's shoe merchants will scarcely allow customers to try on boots. These people now do their gawling at country stores, where they can buy goods on credit, if they want to."

Sues State For Millions. Albany, N.Y., Sept. 3.—Byron M. Shultz, of Meadville, Pa., has filed a claim for ten million dollars against the State of New York for damages which he claims he and some relatives suffered through the putting of the Buffalo Stone and Cement company through receivership proceedings in 1883.

The steamer New York will be brought to Kingston for the winter.

Y.M.C.A. DIRECTORS.

An Important Meeting—Concerning the Boys.

The largest meeting of Y.M.C.A. directors since the present secretary's arrival gathered at eight o'clock last evening to hold their usual monthly meeting. President Chown presided, and O. H. Koller, recording-secretary, was in his place.

The secretary's report was called for and showed some interesting facts. No less than 100 strangers had visited the association rooms during August, one young man registering from Dawson City. Then came new business, the first item being "Shall boys be admitted to the building evenings?" All present favored giving boys every possible privilege, the thought being "help the boy and you will make the man." Yet many parents had complained that while our evening boy privileges lasted they were oftentimes misled by thinking their lad safe at the Y.M.C.A., while he ran the streets. Again, it was urged that every boy who had a home ought to be there evenings or else school duties must be neglected, and that any institution which drew boys of twelve to fifteen years away from home at night was doing a positive harm. Finally it was decided that hereafter no boy would be admitted to the building after six o'clock.

"Shall we have a new hardwood floor for the gymnasium?" was a question next placed before the assembly. The venture involved an outlay of \$150, and was largely discussed. The following decision was ultimately reached: If by September 20th, \$50 can be raised, the board is willing to endorse the move, but all gymnasium receipts for the winter must go toward the new floor fund.

The meeting closed with a discussion of how to secure five new directors, largely to fill the places of men who had removed from the city.

Some Y.M.C.A. Items.

The Canadian Locomotive Works is co-operating with the association in opening up a mechanical drawing class. Hon. William Hartly has been seen; he will do all he can to push the thing along.

Neatly framed notices concerning Y.M.C.A. evening school, which opens October 1st, are being placed about the city.

Physical Director Bews believes that more young men than ever before will join the Y.M.C.A. this fall. Two fellows each secured five new ones, and came in to tell the secretary of it last week.

DREAD MATERIALISM.

English Methodists Behold Sign of the Times.

London, Sept. 3.—In the religious world the most important event last week was the publication of the Wesleyan Methodist pastoral. The pastoral says that the closeness of intercourse, the immense powers now possessed for the production and distribution of wealth, and the almost world-wide co-operation and competition for these ends, bid fair to revolutionize the conditions of industrial and commercial life.

This state of things, it is added, points to the danger of a period of practical materialism when the interests of brotherliness and human progress may be sacrificed to considerations both of greed and fear, and the weaker classes and races may be exploited for the benefit of the stronger, when multitudes may live under such conditions of hurry and mental absorption as to endanger not only religion, but all the higher qualities of spiritual character.

SLAIN BY MASKED MEN.

Surprises Them While Robbing a Railway Barn.

Kansas City, Mo., Sept. 3.—An attempt was made by two masked men to rob the Metropolitan Street-Railway car barn in Armourdale, Kan., early yesterday. Watchman Minkser was ordered to hold up his hands and taken inside the office, but before the robbers secured any booty Palmer Morris entered through the back door. Morris dealt one of the robbers a heavy blow on his head with his club, and was shot through the heart and instantly killed by the second robber.

Watchman Minkser was also shot and slightly injured. Both robbers made their escape.

They Flock To Victoria.

Inspector Kidd was busily engaged to-day in regulating the various classes in the public schools. In one room in Victoria school there were gathered this morning eighty-one pupils. The room can accommodate fifty.

From the way the children are flocking to Victoria school, it would not appear that it was unsanitary, as has been alleged.

Taking Over New Duties.

Frederick Ayleworth yesterday assumed his new duties as principal of Frontenac public school, having been released from his engagement at Gananoque. Miss Edith Knapp, daughter of Alderman Knapp, Johnston street, succeeds Mr. Ayleworth as teacher of the entrance class and model school assistant at Gananoque.

Monteagle Damaged.

Sault Ste. Marie, Sept. 3.—The steamer Monteagle had several frames and stanchions broken on the starboard side by collision with the Cambria and whaleback 202 while leaving the canal. The Monteagle proceeded on her way without repairs. The Monteagle is commanded by Captain William Griffin, Oswego.

Declined Peerage. Ottawa, Sept. 3.—The Free Press says that Sir Wilfrid Laurier was offered a peerage by his majority on the occasion of the coronation, but that it was declined for many reasons.

Queen's Trustees. A special meeting of Queen's trustees has been called for the 17th, to consider the appointment of a successor to the late Principal Grant.

Premier Laurier was confined to his bed in Paris for two days.

THE WEATHER

HOW IT WILL BE IN SEPTEMBER

Rev. Mr. Hicks' Prophetic Spirit is Stirred Again—Vulcan Period Culminates on the 4th—Followed by Storms and Frost.

Rev. I. Hicks gives the following forecasts of the weather for September:

From the 1st to the 4th falls the culmination of a regular Vulcan period, intensified by Mercury, Earth and Mars, with new moon on the 1st and moon on the celestial equator on the 3rd. Warm weather generally will most likely prevail at the opening of the month.

On and touching the 2nd to 4th no one should be surprised by energetic storms of rain, wind and thunder. If very low barometer and West India hurricane reach our south coasts at this time they will either reach interior sections, and travel thence to the lakes and St. Lawrence, causing high temperature and heavy storms of rain, wind and thunder over most of the country, or they will move up the Atlantic coasts, causing danger in those regions and bringing high barometer, northerly winds and quite cool weather over all northern and central parts of the country.

The chances are that frosts will occur northward about the 4th to the 7th.

The centre of the Mars period falls on the 11th, and on and about this date, it must be remembered, our globe reaches a crisis or maximum of magnetic and electric excitation, as a rule, causing many curious phenomena in earth and air.

The regular storm period central on the 13th will almost certainly bring out a state of stormy and unsettled weather that will continue in a general way into the reactionary storm days centring about the 17th and 18th.

One of the danger periods of September, especially in localities exposed to equinoctial storms, will be about the 17th, 18th and 19th. Watch all indications at this time, and do not be surprised by very cool nights and frosts.

The last regular storm period for September is central on the 21st, extending over the 22nd to 27th. This period is at the centre of the Earth's autumnal equinox, with moon at greatest declination north, perigee and last quarter.

Another series of very decided equinoctial storms is both possible and probable at this time. The month closes in a reactionary storm disturbance, excited by the passage of the moon over the equator on the 30th. On that date and into October 1st, autumnal thunder storms will touch many localities.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters On Their Rounds.

Pure drugs—H. B. Taylor. The Frontenac Round Island, will remain open until September 25th, and possibly until October 1st.

L. Spriggs, Watertown, N.Y., is visiting his parents on Arch street. Miss Lila Macdonald, Rochester, N.Y., is the guest of Mrs. Joseph Anderson, Bagot street.

Henry Spooner and mother, from Cleveland, Ohio, are visiting Capt. J. M. G. Moorehouse, Port Byron, N.Y., who for the past eight seasons has been a purser of the Thousand Island Steamboat company, has about completed a new text book in geometry for the use of high school and normal school students.

A distinguished party. Senator Spooner, democratic leader of the United States senate; Mr. Winter, Frederick Flower, Mr. and Mrs. John George, Hugh Murray, Mrs. Robinson, Miss Clark and Miss Rhodes; were entertained by Hon. Cameron English, Dufferin, was not looking for work while in the North West. He could have secured it at \$1-75 per day, had he wished, but he was only in the west to visit friends.

Prof. A. C. Moorehouse, Port Byron, N.Y., who for the past eight seasons has been a purser of the Thousand Island Steamboat company, has about completed a new text book in geometry for the use of high school and normal school students.

CONSTITIPATION!

The Most Frequent Cause of Suffering and Serious Bodily Derangement is Cured by Dr. Chase's Kidney-Liver Pills.

Irregularity of the bowels and sluggish action of the kidneys and liver are the most frequent causes of the painful and fatal diseases known to mankind. Bright's disease, appendicitis, dropsy and various forms of kidney disease, for example, Dr. Chase's Kidney-Liver Pills begin by setting the bowels right. Their combined action on the filtering and excretory organs enables them to cure when other medicines fail.

James H. Harvey, baker, 641 George street, Peterboro', Ont., states: "I was troubled very much with constipation and pains in the back. At times the pains were sharp like a stab with a knife and caused me great suffering. I heard of many being cured by using Dr. Chase's Kidney-Liver Pills and decided to try them. I am pleased to say that they soon helped me, and I used them right along until cured. I never have pains in my back now and only occasionally take a pill in order to keep my bowels regular."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmuntson, Bates & Co., Toronto.

Off To Toronto.

The following Kingstonians left for Toronto yesterday by steamer Toronto: The Misses Fenwick, Mrs. J. A. and Miss Henderson; Mrs. J. Galtway, the Misses Daly, Col. Twitchell, Walter R. Kerr, and the Misses Keen. The majority went up to attend the fair.

Lord Russell at Toronto. In the stallion trot at Toronto yesterday Alcyonius Boy won first place. Time 2:25. G. W. Bell's trotter, Lord Russell, Jr., won fifth place.

CRONJE IS BACK.

Says Briton and Boer Will Work Together.

Pretoria, Sept. 2.—Gen. Cronje, whose surrender at Paardeberg, Orange Free State, was due to the Canadians, has returned to the Transvaal with his wife from St. Helena. He is now in Klerksdorp. He told the correspondent that he was contented with the terms of peace, and was confident that Boer and Briton would soon be working hand in hand. He was glad to return and assist in this work and to advise his own people.

Judgment that has been rendered in a test case declares that the commanding by the late government of the Transvaal of property for the purposes of war was legal. An English refugee sought to recover the value of a horse commandeered by the Boers, which was afterwards killed in battle. The judgment is of great value as settling the question of property that changed hands by commandeering.

Campers Return Home.

Point Road, Sept. 2.—Harvest is over, and threshing is being gone. The campers have nearly all returned to their homes in the city, after a couple of months' outing on our picturesque shores. J. Quinn is preparing to move into his new home. Miss Ryan, visiting her brother, Judge Ryan, Portage La Prairie, for the past two years, has returned home to attend her mother, who is very ill. Miss Ryan is a professional nurse. Mrs. Patterson, Toronto, visiting friends here for some time, returned home to-day. The Misses Dinahan, Montreal, returned home after spending their vacation with their aunt, Miss Mullin.

Horseshoers To Organize.

The master horseshoers of Ontario will meet in Toronto on the 5th inst. for the purpose of organizing a branch of the Master Horseshoers' Association, which in the United States has a membership of 25,000. The meeting will be held in Richmond hall, where prominent Canadian and United States speakers will address the gathering.

The Belgian Royal Society for the Protection of Animals has decided to prosecute the organizers of the recent international cavalry race from Brussels to Ostend, in consequence of the terrible ill-treatment of the horses, many of which died.

On Saturday, Judge Sutherland and John R. Schenck, Rochester, N.Y., guests of the Evergreen house, West Lake, caught three maskinonge—the largest weighing twenty-eight and a half pounds, and the smallest eight pounds.

Pure drugs—H. B. Taylor.

COMMERCIAL.

MONTREAL PRODUCE MARKETS. Montreal, Sept. 2.—Flour receipts, 900 bushels. Patent winter, \$3.80 to \$4.00; patent spring, \$4.00 to \$4.10; straight roller, \$3.50 to \$3.60; strong bakers, \$3.50 to \$3.70; Ontario bags, \$1.00 to \$1.10; wheat, No. 2, \$1.00 to \$1.10; corn, 65c. to 70c.; peas, 85c. to 85c.; oats, 44c. to 45c.; barley, 51c. to 53c.; rye, 55c. to 58c.; buckwheat, 62c. to 64c.; oatmeal, \$2.30 to \$2.40; cornmeal, \$1.50 to \$1.60; pork, \$24 to \$25; lard, 9c. to 10c.; bacon, 14c. to 15c.; hams, 18c. to 19c.; butter, 18c. to 19c.; western, 15c. to 16c.; eggs, 14c. to 15c.

MONTREAL STOCKS.

BARGAIN SHOES? "NIT" WE DON'T KEEP THEM!

Bargain Shoes—and Shoes at Bargain prices are two different propositions. We don't keep a Bargain Shoe Store—but you'll find Bargains in Shoes all through our stock; We do not come in competition with the cheap Bargain shoes now flooding the market and represented to be worth double the price they are sold for. Baits of this kind are common now-a-days, and to avoid deception and misrepresentations buy our reliable Footwear, which we guarantee to be the best to be had at the price we name and sold at just what they are worth. We can fit and suit you when others fail.

SUTHERLAND'S POPULAR SHOE STORE.

The Ideal Beverage JOHN LABATT'S London Porter

Full of the Virtue of Malt and Hops. Perfectly Agreeable to the Most Delicate Palate.
